BILLION DOLLAR CHRISTMAS FOR U. S. INVESTORS

Interest, Dividend Checks Set Record.

New York, Dec. 1.—(AP)—Golden harbingers today of a rich Christmas in the United States were the Dec. 1 dividend checks and interest payments of nearly $400,000,000.

This yellow stream will be further swollen when record breaking payments are made of interest and dividends on Jan. 1. Half a billion dollars may be the measure of the January disbursements that will go to the security holders of the nation, now said to number 15,000,000.

This distribution goes to practically every town and city in the country, showing how widely stocks and bonds are owned throughout the country.

Billion in 30 Days.

Wall street expects that a round billion dollars will be paid out within the next thirty days, for there are also large payments to be made on Dec. 15, as well as Jan. 1. Over 200 corporations made payments today, an increase of about sixty compared with last year.

Bankers were unable to estimate today what proportion of this interest and dividend disbursement would go for Christmas buying. It would run into many millions, it was said. Reinvestment demand would take a large part, while the remainder would go for living expenses.

One of the heaviest payments today was that of the Pennsylvania railroad, which distributed to more than 138,000 stockholders checks aggregating [illegible]. Another large distribution in a few days will be that of the Standard Oil Company of New Jersey, which has 20,000,000 shares outstanding. John D. Rockefeller Jr. will cut a heavy slice of this coming Standard melon.

Lehigh Cuts Melon.

The Lehigh Valley cut an extra melon of $2,400,000 to its 16,000,000 shares of common stock in addition to the regular quarterly dividend of 87½ cents a share, bringing the total up to $5 for the year, or at the rate of 10 per cent on the $50 par value of the stock.

How the far western railroads have improved during the last year is shown by the action of the Colorado and Southern railway in declaring a $3 dividend on the common stock. This amounts to about a million dollars and is the first returns common stock holders of the road have received since 1922.

That the banks of Chicago, New York, and other large cities will soon be adding to the general holiday cheer was indicated by the action of the Chemical National of New York in voting a $500,000 stock dividend.

Big Sums in Bonuses.

New York, Dec. 1.—[Special.]—Wall street's usual Christmas bonus distribution by which workers in the financial district will be enriched to the extent of possibly $50,000,000, will begin next week. Banks, stock exchange firms and various other organizations will make gifts which will be the most generous ever known except during some of the flush years of the world war. Estimates of the total bonuses to be paid in Wall street this year vary considerably and range from $25,000,000 to more than $50,000,000.

With dividend checks ready for the mails, rumors of bonuses and profit splits in the immediate offing, bankers showing up holiday savings checks expected to total between $25,000,000 and [illegible] for the Chicago metropolitan district, and the eager shoppers getting thicker every day along State street.

These were some of the signs pointed to by the experts last night as indication that Chicago and the midwest generally will experience the most prosperous Christmas in history this year.

POLICEMAN SAYS HE WAS HIT BY RITCHIE'S AUTO

Lincoln Park Policeman W. A. Henry, stationed at Lake Shore drive and Division street, was struck and slightly injured by the automobile in which Gov. Ritchie of Maryland was following the Army-Navy football game last Saturday, it was learned yesterday.

According to Henry he was keeping the street clear for three official Army-Navy cars that were moving along Lake Shore drive. The first two passed, and the third struck him, knocking him twenty-five feet along the slippery pavement, Henry says.

The chauffeur of Gov. Ritchie's car stopped, but instead of assisting him, according to Henry, bawled him out and drove away.

WIN 80 SEATS IN LEGISLATURE TO 32 FOR FOES

Only Small Portion of Canada Not Wet.

Wet Gains

Ontario went wet yesterday, the fourth Canadian province to vote down prohibition since 1923.

In June, 1923, Manitoba voted down prohibition by a majority of more than 30,000, inaugurating government controlled liquor sales, after having been dry seven years.

In November, 1923, Alberta voted for government sale of liquor instead of prohibition, which it had had for eight years.

Saskatchewan voted for government sale of liquor in July, 1924, after having been dry for several years.

British Columbia has had government controlled sales of liquor since June 15, 1921.

Quebec never went dry, maintaining government controlled sales.

Only the maritime provinces, Prince Edward island, Nova Scotia and New Brunswick, still have prohibition, liquor being sold there only on prescription.

[Chicago Tribune Press Service.]

Toronto, Ont., Dec. 1.—Ontario tonight abandoned its prohibition law. After nine years of valiant but vain effort to make a dry law work it has overwhelmingly decided in favor of a system of government control of liquor sales. So decisively did the Ontario electorate smash prohibition that the prediction here is that not within half a century will any government dare attempt to revert to a dry era.

Out of a legislature of 112 approximately eighty of the newly elected legislators are committed to the support of liquor sales under government control and the repeal of prohibition. The Conservative government of Premier G. Howard Ferguson, which everybody thought had a hard fight on its hands when it opened the campaign for repeal of prohibition, already has seventy-five supporters elected from its own party and is assured larger support than it had in the last legislature.

Supported in Opposition Ranks.

Of the thirty-four men elected who will form the official opposition party at least five of them are pledged to support the government in repealing the dry legislation passed in 1916 as a war measure.

The sweep to Premier Ferguson surprised even the Conservatives themselves. Constituencies which in the last plebiscite voted overwhelmingly dry supported his candidates. Even the rural districts lined up strongly with the Conservatives. It was the last stage in the gradual workings of a decade, during which prohibition majorities have dwindled from first 400,000, then to 100,000, then to 33,000 in favor of liquor sale.

One Cabinet Man Beaten.

One cabinet minister, Dr. David Jamieson, was defeated in a dry district. Premier Ferguson himself, after a bad early start, came through with a 1,300 majority in the district of Grenville. William Sinclair, Liberal dry leader, won in South Ontario by a few hundred. William Raney, dry Progressive leader, won by the narrow margin of forty-four votes in a district that in the last election voted dry by 5,000.

Most sensational of all was the defeat of William Nickle, until recently Premier Ferguson's attorney general, who left the government to support the drys. He was beaten in Kingston by a majority of more than 2,000. His downfall was a demoralizing defeat for the drys.

Ontario's dry law will be repealed at the next session of the legislature in February. A government control bill will be introduced providing for a system of individual permits for those desiring to purchase liquor. Supplies purchased will be marked on the card. There will be no open sale of liquor. Ontario hopes that the system will smash the chain of bootleggers in the larger centers.

Soldier Seized as "Snooper."

No act of rowdyism, vandalism or pugnacity was reported up to the time of the closing of the polls, despite the intensity of feeling all over the province. One incident, however, which may have an election aftermath, was the arrest of a uniformed soldier in the Kingston district, who, it is said, was authorized to act as "snooper" for William Nickle. He was later released.

Board Refuses Vote Inquiry; Contests Loom

Admitting that it had heard evidence strongly suggestive of fraud in the Nov. 2 election, the board of election commissioners, nevertheless, decided yesterday that it has power only to accept the returns made by the judges of election. Irregularities in the vote can only be considered by a court of competent jurisdiction after an election contest is started, the board members declared.

As a result George F. Harding, Republican, will receive a certificate of election to the office of county treasurer and will be sworn into office next Monday. It was admitted by both sides that the canvass shows him to have been elected by a majority of between 3,300 and 4,000 votes over Martin J. O'Brien, Democrat.

Plans to Ask Recount.

Attorney Henry A. Berger, representing O'Brien, immediately made plans to ask for a recount of the ballots. He asserted that approximately 6,400 votes were stolen by Harding in the election.

Attorney Charles Weinfeld, representing Harding, declared he welcomed a recount. He asserted that Harding will win by a majority of 10,000 votes instead of less than 4,000 if the ballots are counted again.

Meanwhile clerks in the election board offices worked steadily computing the official totals cast for the candidates in the election. The public as yet has been given only the police returns. The results may be made known late today or tomorrow.

Refuse Arnold's Petition.

The board, consisting of County Judge Edmund K. Jarecki, Fred V. Maguire, Frank W. Barber, Harry A. Lipsky and Corporation Counsel Francis X. Busch, also refused to consider the petition of George B. Arnold, defeated for sheriff by the late Patrick J. Carr. Arnold contended he should be given the office inasmuch as Mr. Carr had died, but the board held that the results must be proclaimed as of 4 p. m. election day, at which time Mr. Carr was alive.

FORD PLANTS ARE CLOSED; RUMOR WAR WITH G. M. C.

Detroit, Mich., Dec. 1.—(AP)—A temporary shutdown of many departments of the Ford Motor company plants here became effective today. Officials of the company made no statement as to the probable length of the layoff, which affects several thousand workers. The company customarily shuts down in December for inventory, it was pointed out.

May Mean New Car.

New York, Dec. 1.—(AP)—The New York American says that Wall street observers interpret the closing of the Highland Park and River Rouge plants of the Ford Motor company as a step on the part of Henry Ford to enter the middle priced car field.

Reports have been current in the street for some time that Ford, on account of the decrease in sales of Ford cars during the last two years, intended to manufacture a medium priced car.

Leaders in the automobile trade, according to the American, are willing to admit that a "showdown" is impending between Ford and the General Motors corporation.

Hint Chicago Wins Point in Canal Fight

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 1.—[Special.]—Attempts on the part of eastern lake states in the lake levels controversy to introduce hypothetical testimony of the damage which threatens eastern power development as a result of continued Chicago water diversion probably will be thwarted.

It was indicated today at the hearing in progress before Charles Evans Hughes, special master for the Supreme court, that speculative evidence will not be accepted.

Will Restrict Evidence.

Following the introduction of testimony by Hugh L. Cooper, civil engineer and builder of Muscle Shoals, in which it was stated that the Chicago diversion caused a potential capitalized loss of $14,000,000 to eastern power interests, Mr. Hughes intimated that he will restrict testimony regarding power damages to actual present injuries.

The inference drawn was that the only testimony Mr. Hughes will receive will be restricted to damages to water power interests in the states of Minnesota, Pennsylvania, Michigan, Ohio, and Wisconsin, or to damages suffered by users of power in these districts.

Attorney Edmund D. Adcock, acting for the Chicago sanitary district, the state of Illinois, and the allied Mississippi valley states, objected to all of Cooper's testimony, asserting that it dealt principally with potential power possibilities and not to injuries actually suffered.

Reserves His Decision.

Master Hughes reserved his decision until this morning when the defendant states will make a new motion. He said however, that he wished to prevent witnesses from wandering into the broad field of speculative power estimates and speculative future damages.

Young Bride Won't Go Back She Declares

(Picture on back page.)

[Chicago Tribune Press Service.]

Los Angeles, Cal., Dec. 1.—[Special.]—Mrs. Charlie Chaplin today left the home of the moving picture actor and announced that she will not return to her husband. Her grandfather, William E. Curry of Beverly Hills made the announcement for the former Lita Grey.

"Mrs. Chaplin today left the home of her husband," Mr. Curry said. "She took her two children with her and has brought them to my home, where they will remain. As to the legal steps which will follow I am not prepared at this time to make an announcement."

Chaplin Admits Separation.

When Chaplin was reached he admitted the separation.

"It is true," he said, "that my wife has left our home with our two children. I have insisted that she and they return."

Mrs. Chaplin said that the break had occurred last Monday night when she was entertaining a party of friends, including the Baron and Baroness Mille de Precourt, who she met on a return voyage from Honolulu last week.

May Ask $1,000,000.

Persons in the confidence of Mrs. Chaplin state that the break has been impending for months, and the information is given unofficially that Attorney George Beebe, whom she has retained, has been instructed to seek a settlement of $1,000,000.

Mrs. Chaplin made the following brief statement:

"I am home to stay. I had to leave Charlie because I could not stand his treatment any longer."

Mrs. Chaplin was accompanied by her mother, Mrs. Lillian Spicer, when she left the film comedian's home. They brought both children of the couple, Charles Spencer Chaplin Jr. and Sidney Earle, who are 2 and 1 year old.

Romance of Studio.

The former Lita Grey become Chaplin's leading woman in pictures at the age of 16. She was still taking lessons at the Chaplin studio when the actor and his schoolgirl sweetheart eloped to Guaymas, Mexico, on Nov. 26, 1924, and were married.

Attorneys Beebe and Edwin T. McMurray of San Francisco, the latter Mrs. Chaplin's uncle, took initial steps toward a legal separation in January, 1925, but the Chaplins continued to live under the same roof and a reconciliation was effected.

Hints of the impending separation attended Mrs. Chaplin's departure for Honolulu on Nov. 3. The trip was announced as a six weeks' rest, but the actress returned from Hawaii three weeks ago and was met at the dock by her grandparents and her mother, while her husband did not show up.

Wife Is Determined.

"Mrs. Chaplin discussed her case with me today," Attorney Beebe said tonight. "Mrs. Chaplin is determined on a permanent separation. We talked over a course of action tentatively."

The name of 17-year-old Berna Kennedy, present leading woman for Chaplin, and a former school girl friend of Mrs. Chaplin, entered the discussion of the actor's most recent domestic disaster.

Miss Kennedy tonight received news of the separation between her employer and her ex-girl friend, with the following statement:

"I am not at all surprised."

Chaplin's first wife was Mildred Harris, who married him on Oct. 23, 1918, when she was 17 years old and who won a divorce in Los Angeles on Nov. 12, 1920. She received a money settlement amounting approximately to $200,000.

HALL ACQUITTAL LOOMS; ANOTHER TRIAL IN VIEW

Prosecutor to Ask "Foreign Jury."

BULLETIN.

Jersey City, N. J., Dec. 1.—(AP)—Senator Alexander Simpson tonight said that he would ask for a foreign jury to try for the murder of the Rev. Edward Wheeler Hall the three defendants now on trial for the murder of Mrs. Eleanor R. Mills at Somerville.

Senator Simpson said he would go before a Supreme court justice in Trenton and ask for a jury other than in Somerset county to try Mrs. Hall, Henry Stevens and William Stevens, as he felt that there would be an acquittal in the present case.

Besides the indictments for the killing of Mrs. Mills, the defendants have been indicted for the killing of the minister.

(Picture on back page.)

Somerville, N. J., Dec. 1.—[Special.]—The defense started summing up in the Hall-Mills murder trial today after the court had denied the motion for a mistrial made by Assistant Attorney General Alexander Simpson. Further arguments by the defense and the state will occupy tomorrow, and it is likely the verdict will not rest with the jury until Friday.

Discouraged by the failure of his motion, Senator Simpson telephoned tonight to Gov. A. Harry Moore and asked that the state investigate the administration of justice in Somerset county. Gov. Moore said he would take the suggestion under advisement, but that he would make no move until the trial was over.

May End Prosecution.

It was said on the highest authority that an acquittal would end all further prosecution of Mrs. Frances Stevens Hall; her brothers, Willie Stevens and Henry Stevens, and her cousin, Henry De La Bruyere Carpender, for the murder of the Rev. Edward W. Hall and Mrs. Eleanor R. Mills. Mr. Carpender is a prisoner in the jail at Somerville, awaiting separate trial.

Summing up by the defense was started by Robert H. McCarter, who spoke for two hours and fifteen minutes and is to continue for an hour or two tomorrow morning. He is to be followed by State Senator Clarence E. Case, attorney for Henry Stevens. Senator Simpson may require two hours to offer the state's summarization of the testimony. Supreme Court Justice Charles W. Parker's charge will not take more than an hour, it was said.

Mr. McCarter centered most of his fire on the finger printed calling card which the state offered as bearing the finger mark of Willie Stevens. He plans tomorrow to dispute the testimony of Mrs. Jane Gibson, alleged eyewitness to the killing.

Calls Card a Fraud.

Mr. McCarter called the finger print on the card "a fraud," and charged that it had been forged after the genuine finger print of Stevens had been obtained when he was arrested in August.

The defense attorney was vitriolic in denunciation of Edward H. Schwartz, Newark police official, who turned the card over to the state. Mr. McCarter called Schwartz a "rascal and a fraud" and suggested that he had turned the card over to a tabloid newspaper in New York City for money.

Opening his summary, Mr. McCarter pictured his clients as "refined, genteel. law abiding persons, church goers," whose every tradition prohibited them from doing the acts charged against them.

Turns Suspicion on Mills.

Pursuing that line, he turned suspicion once again toward James Mills, the mild mannered husband of the slain woman He suggested that Mills, in his work as sexton of the slain rector's church, had discovered the love letters, later found between the bodies.

He emphasized his covert charges by declaring that Mills, on the night before the death of his wife, had quarreled with her, citing testimony to the effect that he had said his wife "made a hell of a house for him."

Dealing with Mills, the lawyer recalled the telephone conversation between Mrs. Mills and Mr. Hall, a talk which led to the rendezvous where they met death. He recounted that conversation and the words of the rector—"that's too bad, that's too bad"—words which a former maid in the Hall home has drawn out, reflectively it seemed, as with dramatic quality she had retold the conversation.

Was Letter Found?

Stressing these words, Mr. McCarter asked the jury to consider whether Mrs. Mills had told the rector that one of their letters had not been found by her husband in the church study. He then took a snatch from the conversation between Mrs. Hall and Mills the morning after the couple had disappeared—"maybe they have eloped." He said that he regarded this remark by Mills as "highly significant."

Point by point the state's case went under the fire of the defense attorney, some being treated with fierce scorn and others being put under a barrage of ridicule. The latter was the method which Mr. McCarter chose to deal with the testimony of Mrs. Marie DeMarest, who swore that she had recognized Henry Stevens in New Brunswick early on the morning after the crime. This testimony struck directly at Stevens' alibi that he was fishing at Lavalette, N. J., his home, on the night of the murder and on the morning after.

Mrs. DeMarest had also charged that Felix DeMartini, who was chief of the private detectives hired four years ago by Mrs. Hall to investigate the crime—to intimidate witnesses, according to the state's view—had attempted to pay her $2,500 as a bribe. Mr. McCarter poked fun at Mrs. DeMarest and suggested that she had entered the case only because she wanted to see "her picture in the papers."

Former Trooper Denounced.

The story of Henry L. Dickman, former New Jersey state trooper, came in for denunciation by Mr. McCarter. Dickman, who is serving a term in jail for desertion from the army, testified for the state, saying that he had been paid $2,500 by the late Azariah Beekman, who was prosecutor for Somerset county at the time of the murder, to drop his effort to clear up the crime. Mr. McCarter defended the memory of the dead prosecutor.

Dickman also had sworn that he had interviewed Henry Stevens at Lavalette. Mr. McCarter directed the attention of the jury to the fact that witnesses had shown that Dickman had gone to Lavalette "on a train that doesn't run" and that he had had his alleged interview "on a fishing pier that doesn't exist."

Defends Hall's Widow.

Mr. McCarter denied the state's contentions that Mrs. Hall had not taken steps to clear up her husband's death. He also contradicted testimony tending to show that she had not displayed the proper emotion when Mr. Hall disappeared or when his murder became known.

Nowhere in his exhaustive summing up did Mr. McCarter attempt to controvert the story which Mrs. Gibson told from a bed in the courtroom. But as he closed his discussion of the allegations he promised to take up as the first item of tomorrow's summing up the story of "Mrs. Jane Gibson, alias Mrs. Jane Easton, alias the 'pig woman.'"

Throughout the long summary Mrs. Hall sat without emotion. Ever since her ordeal of cross-examination last Saturday, an experience through which she passed with seeming placidity, Mrs. Hall has appeared ill. Her face has been whiter than at any time since the trial and she has not displayed the sharp interest which characterized her earlier in the case. She seemed to have exhausted her reserve of strength.

She had seemed almost listless at the opening of the session when Senator Simpson made his motion for mistrial.

Reads Affidavit.

The prosecutor informed the court that Gilbert A. Van Doren, the 78 year old proprietor of the Colonial hotel, whose letter to Judge Cleary on Monday precipitated the motion for a mistrial, was in attendance at the courthouse but was ill. Justice Parker directed that an affidavit be obtained from Van Doren, and when this was done Senator Simpson read it. The document charged the jury with prejudging the case before all the evidence was in.

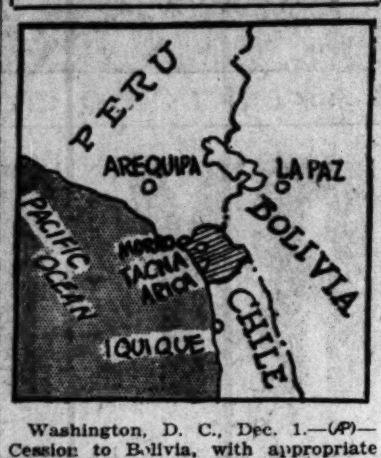
Senator Simpson presented thirteen affidavits in support of his motion for a mistrial. They recited conversations by jurors showing alleged bias toward Mrs. Gibson and toward Simpson personally and told how jurors had been stopped on the streets and engaged in conversation. The court took the affidavits and after the defense had opposed the motion retired for deliberation during the luncheon recess.

"The court, gentlemen," said Justice Parker when the session was resumed, "has considered these affidavits and concluded to deny the motion without calling upon the defense to rebut them."

ROB HABERDASHER OF $50.

Two men entered the haberdashery of John F. Carron, 2440 West 63d street, last evening and smoked cigarets while waiting for several customers to leave. Then the pair drew revolvers and forced Carron to hand over the $59 in the cash register.

ARICA TO BOLIVIA?



Washington, D. C., Dec. 1.—(AP)—Cession to Bolivia, with appropriate guarantees, of the provinces of Tacna-Arica has been formally proposed to Chile and Peru by Secretary Kellogg as the only remaining avenue of escape from their 40 year old dispute. Every other road to a solution has been blocked because the question "turns upon a point of national honor," Mr. Kellogg said in communicating his plan to the two governments.

"We may as well face the issue squarely and recognize that division of this territory between Chile and Peru on any basis of agreement presents almost insuperable difficulties so long as each applies to every arrangement suggested the test of whether it may conceivably enable the other to claim a moral victory," the note said.

Transfer of sovereignty to Bolivia, under Mr. Kellogg's formula, would be conditioned on perpetual demilitarization of the two provinces "in the fullest sense of that term." It would involve also payment by Bolivia to Chile and Peru of compensation for public works constructed by each in Tacna and Arica; erection of the city of Arica "forever a free port"; prompt resumption of diplomatic relations between Chile and Peru and the establishment of the Morro Promontory of Arica, under international control, as a memorial "to the valor of both Chile and Peru," the headland to be crowned with a lighthouse or other suitable monument commemorating "the friendly settlement of the Tacna-Arica question."

EVANSTON HIGH SCHOOL ELOPERS OBTAIN LICENSE

Romance of two members of the senior class at Evanston High school was revealed last night in a dispatch from St. Louis, Mo., saying Miss Lura Elaine Youngs, 18, 2738 Lawndale avenue, Evanston, and Hubbard K. Hinde III., 822 Colfax avenue, Evanston, had procured a marriage license.

Issuance of the license, incidentally cleared up the mystery as to Miss Youngs' disappearance recently reported to the Evanston police by her father, Herbert Youngs. At that time there was a rumor that she and young Hinde, son of Hubbard K. Hinde II., a zinc products manufacturer, had eloped.

No word concerning the marriage of the couple had been received at the home of either last night. At the Hinde home it was said Mr. Hinde is in St. Louis with his son.

HEIRESS WEDS BARON DESPITE PARENTAL BAN

New York, Dec. 1.—[Special.]—Miss Florence Marjorie Clendennin, daughter of Joseph Clendennin, vice president of the American Smelting and Refining company, and Baron George Tornow, former colonel in the Russian imperial army, were married this evening in the Episcopal Church of the Transfiguration. The ceremony was carried out against the expressed disapproval of the bride's father.

This afternoon the baron went to the office of Mr. Clendennin and asked permission to marry his daughter. Mr. Clendennin replied that he would not give his consent either then or at any other time. Baron Tornow rejoined his fiancée, who was outside in a taxicab.

Secure Marriage License.

They waited until almost closing time at the marriage license bureau, and hurried into that office. The license was obtained. Miss Clendennin gave her age as 27 and said she was born in Baltimore, Md. The baron said he was 38 years old and was born in Russia, the son of the Baron Alexander and the Baroness Nathalia Kiriakoff Tornow. He gave his occupation as stock broker and address as 20 Christopher street.

They attempted to be married at once but were told that it was impossible, because Deputy Clerk Joseph McCormick, the only person who could have performed the ceremony, had left for home. Next, they tried to find Magistrate Earl A. Smith, but failed to locate him.

Then it was decided to hold the wedding at the church commonly known as the Little Church Around the Corner.

Mrs. Clendennin, mother of the bride, was prostrated by news of the wedding. Mr. Clendennin declared that he would disinherit his daughter if she insisted on making a marriage which he regarded as "a blow to the prestige of the family."

Claim Daughter Was Prisoner.

There were many reports tonight that Miss Clendennin had been a prisoner in her father's country home at Ardsley, New York, for several weeks to prevent the wedding. She is said to have slipped away to New York secretly this morning.

Miss Clendennin is descended from a prominent American family. Her father is vice president in charge of sales of the American Smelting and Refining company.

Baron Tornow was graduated from the famous Pavlosky officers' school in Petrograd. Later he served in the czar's escort and became colonel of the Preoperasensky regiment. He came to America when the Reds conquered Russia.

CHICAGO HEIGHTS BAILIFF SHOT BY AUTO GANGSTERS

Herman Carcelli, bailiff of the City court of Chicago Heights, became the victim of a mystery attack last night. He was fired on by three men who were in a large touring car at 22d street and Wentworth avenue, Chicago Heights, while driving to his home at 211 East 24th street.

Three of the tweny-five or more shotgun slugs fired by the attackers took effect, one striking Carcelli in the cheek and two in the left shoulder. The assailants escaped.

Carcelli, who insisted to Chicago Heights police that he was unable to recognize his assailants and had no idea of the motive for the attack, was taken to the St. James hospital where it was said his condition is not serious.

ADVERTISE IN THE TRIBUNE

MARIE RUSHES HOME TO SOLVE ROYAL RIDDLE

Quits Paris After Brief Talk with Carol.

BY JAY ALLEN.

[Chicago Tribune Press Service.]

[Copyright: 1926: By The Chicago Tribune.]

PARIS, Dec. 1.—Queen Marie before leaving for Bucharest tonight held a secret meeting with former Crown Prince Carol. They held a long agitated discussion on personal and political matters.

They met at the home of an acquaintance. Mother and son were closeted together for an hour and one-half. No other person was present.

The queen's statement to friends as she leaned through the window of her private car before the train pulled out was looked on as showing that the queen did not succeed in wringing from the prince, who renounced a throne for the love of a red haired beauty, a promise not to engage in any move to regain his heritage.

Calls Situation Difficult.

"Roumania's situation is extremely difficult," the queen told friends. "But we have passed through difficult times before and always emerged successfully, and I am convinced we will again this time."

The queen's sudden decision to abandon plans for a two days' shopping in Paris, following comforting news received from Gen. Angelescu regarding King Ferdinand's condition was caused by the receipt of a pathetic note from the king himself, in which he made a touching reference to what his physicians pronounced his possibly fatal illness, saying:

"I am anxious to see you because I have not been very well."

Written in Trembling Hand.

The missive was written with a slightly trembling hand, though clearly legible, and brought tears to the queen's eyes. She immediately announced that her shopping plans were canceled and the royal suite would leave on the first train available, which was the express, leaving at 8:35.

"I think it might be well to cancel your stay in Paris," the king's letter read. "We have missed you here and I am anxious to see you, and besides I have not been very well."

The queen exclaimed to a lady in waiting: "I have had bad news—I am going home."

Leaving a majority of her immense quantity of baggage to be shipped on later, the queen proceeded with a strenuous day of shopping and visiting friends, not permitting the tidings to affect her alert demeanor.

The queen's train reaches Bucharest Saturday morning. It will be constantly supplied with mail and telegraphed news regarding the king's condition.

Carol tonight flatly refused to make a statement. He declined to confirm or deny his meeting with the queen.

MAY SHAKE UP ARMY

BY HENRY WALES.

[Chicago Tribune Press Service.]

[Copyright: 1926: By The Chicago Tribune.]

BUCHAREST, Roumania, Dec. 1.—Leaders of the minority parties declined today to comment on King Ferdinand's edict warning former Crown Prince Carol against any coup d'etat to seize the throne. Followers of former Premier Bratiano, generally recognized as Roumania's dictator, and Premier Averescue are reported to have agreed on a coalition cabinet.

Despite the royal appeal, the unity of the elements hostile to the Bratiano influences continues. Gen. Mircescu, war minister, is taking a long leave of absence and Premier Averescue has assumed the war department portfolio. This is reported to be due to the fact that King Ferdinand conferred with Gen. Mircescu on the eve of his visit to Paris to purchase airplanes and other equipment, and the king entrusted to the war minister a message to former Crown Prince Carol, saying he would like to see his son.

Gen. Mircescu, who, it is rumored, entertains friendly relations with Carol, thereupon was shelved. The newspapers hint that an important shakeup of the high command and commandants of the various army corps is imminent as a safeguard to prevent treachery or a sudden shift in support of the interloper.

Call Another French Doctor.

Despite an optimistic utterance concerning the improved health of the king, it was admitted today that Dr. Harman, French X-ray and radium expert, was leaving Paris today to examine Ferdinand, who is dissatisfied with the former diagnosis of his case.

Intimate friends of the king who lunched at the palace with the stricken monarch said Ferdinand seemed in good spirits. He wore a uniform and dressing gown and atè chicken soup, salad, calves' brains, fruit and coffee, drank wine and smoked cigarettes incessantly.

King Ferdinand announced his intention of meeting Queen Marie at the railway station and ordered the court chamberlain to prepare an imposing reception for the queen.

Sleeps on Leopard Skins.

LONDON, Dec. 1.—[U. N.]—Intimate gossip of London court circles pictures Queen Marie of Roumania breathing a sigh of relief as she sets out for Bucharest, and her palace home, tonight.

The downy beds acquired at great cost and offered with apologies at American hotels, seem to have been more or less wasted on the queen. For when she arrives at the palace she will retire to a marble couch, with leopard skins for mattress and blankets. It all has the Elinor Glyn tinge, perhaps, but is hardly luxurious.

As for the spats that were part of the uniforms at most of the queen's receptions it is said that King Ferdinand, when he is about, never wears them. It is said that when he saw former Crown Prince Carol wearing a pair he asked him where he had picked up the cold. The surprised prince said that he didn't have one.

"Then why are you wearing those blankets on your feet?" asked the king.

FRANCE RUSHES THROUGH BUDGET OF $1,400,000,000

PARIS, Dec. 1.—(AP)—France's largest budget, totaling 40,000,000,000 francs [$1,400,000,000], is being passed by parliament in the shortest time in history.

Premier Poincare three weeks ago set Dec. 3 as the date for adoption of the appropriations, and he is driving through on schedule so that the income side can be approved and the budget became law on New Year's, which has not been done before since pre-war days.

It is also the only time that the budget has been reported to parliament by the budget commission at a lower figure than the government submitted.

COLD SPELL WILL MODERATE TODAY FORECASTER SAYS

Relief from the cold wave today was in prospect last night, according to the weather bureau. Although temperatures will remain around the freezing point, the city, with its lake protection, will escape the near zero weather that had threatened to reach as far south as Chicago, and which yesterday sent the mercury tumbling to 20 degrees below zero in many northwestern areas and handicapped lake navigation.

Temperatures here will begin to rise this afternoon, the forecast declares, and by tomorrow, normal conditions will again be in force. A slight rise had been noticed early last evening. The lowest reading yesterday was 22 at 10 a. m.

Another cold spell is in the making, however, for the weather bureau reports that temperatures may again drop tomorrow.

The first death from the cold wave in the Chicago area was reported yesterday when the body of Andres Korjack was found on the Illinois Central railroad tracks near Richton. He had been frozen to death, it was believed. His body was thinly clad and evidence showed he had been tramping, apparently lying down to sleep.

ZIZI TO APPEAL PLEA FOR CAROL'S NAME FOR SON

PARIS, Dec. 1.—(AP)—Zizi Lambrino, once the morganatic wife of former Crown Prince Carol of Roumania, will appeal the decision of the French court which today ruled it had no jurisdiction in her suit against Carol for 10,000,000 francs damages and to establish the name of Hohenzollern for her six year old son Mircea. The court held Carol and Zizi were Roumanians and ought to settle their domestic affairs at home.

Zizi, through her attorney, in announcing her intention to continue the fight, maintained the case could not be tried in Roumania because Carol had been banished from that country.

COAL CO. OFFICIAL SUED BY GIRL FOR $250,000 DAMAGES

Suit for $250,000 damages for breach of promise was filed in the Superior court yesterday by Miss Alice Gamble against Clifford Mears, official of the Roger Croker Coal company, who lives at 854 Hinman avenue, Evanston.

Mears was out of town last night but his wife declared Miss Gamble had visited the Mears home several times, displaying letters she said had been written to her by Mears, and threatened court action. Mears is but slightly acquainted with Miss Gamble, she said.

Attorney Leo A. Weisskopf, who filed the præcipe, said Mears proposed marriage to Miss Gamble after an acquaintance of eight months. Miss Gamble did not known Mears was a married man, the lawyer said. Miss Gamble is said to be living in the Hotel Morrison.

Gen. Burnside's Niece, Who Sued Over Whiskers, Weds

Mrs. Ella C. Patterson, niece of the late Gen. Ambrose Burnside, was married in Chicago yesterday to Frank W. Bond, a retired lumberman of Oshkosh, Wis. She gave her age as 54, and Mr. Bond's as 65.

Mrs. Patterson recently gained attention with her suit for $150,000 against a soap company, she contending that the company had injured his name by using the celebrated whiskers of Gen. Burnside as a humorous sales argument. The suit was dismissed last May by the New York state Supreme court.

$415,000 U. OF C. GIFT TO PROMOTE CHEMISTRY WORK

$20,000,000 Program in Medicine Is Aided.

(Pictures on back page.)

The University of Chicago has received from George Herbert Jones, director of the Inland Steel company, a gift of $415,000 for chemistry equipment and endowment. Plans are already being formed by the university for the construction of the George Herbert Jones chemical research laboratory, devoted to fundamental investigations in chemistry and its relation to medicine and industry. Additional units will be added as funds are contributed.

New Facilities Required.

Because it provides maintenance for one of the basic sciences upon which the university's new $20,000,000 medical program has been planned, university officials regard the gift as extremely important, both to the Midway institution and to Chicago as a medical center.

Modern chemistry, bringing new discoveries of drugs, serums, and the like, demands a new and efficient type of laboratory, they say.

"Therefore," said Prof. Julius Stieglitz, head of the chemistry department, yesterday, "the staff and graduate student body are happy for this release from the handicaps resulting from the fact that the present chemical laboratory could not anticipate the revolutionary progress in chemistry during the last thirty years.

Buildings for Graduate Work.

"When the full building program has been completed, the Kent chemical laboratory will be used wholly for undergraduate work and all of the graduate work will be housed in the new buildings. These proposed extensions will also provide opportunity for research in such fields as photosynthesis (the formation of food products in plants with the aid of sunlight), metallurgy, colloid chemistry, and synthetic organic chemistry, which are of great importance to progress in medicine."

The donor was one of the founders of the Inland Steel company. He is president and treasurer of the Hillside Fluor Spar Mines, an Illinois corporation organized in 1921.

Industrial art also was given a boost yesterday when it was announced that the Carnegie corporation had given the university $7,000 and an art collection valued at $5,000. The collection includes 1,800 reproductions in architecture, sculpture, and painting.

CHAMPION STEER (LIVE) IS GUEST OF HONOR AT LOOP BANQUET

(Picture on back page.)

Youth's Pride the Fifth, champion 1,020 pound Hereford steer, probably wondered to himself what "all the shootin' was about" as he ambled down the carpeted aisles of the Gold room at the Congress hotel last night amid the wild applause of 1,250 farm boys and girls from forty-one states.

And he probably was more bewildered than ever when George F. Ferrell, leader of the Boys' and Girls' club work of the United States department of agriculture, placed a crown on his head and pronounced him king of the fifth National Boys' and Girls' club congress.

For Youth's Pride, though he didn't know it, was a symbol. He stood for the year's achievements the 1,250 farm youngsters were celebrating at this banquet of their congress. The congress is held each year in connection with the international Live Stock show.

The steer, awarded the blue ribbon in the boys' and girls' competition, was hand raised by 15 year old Harry Naffziger of Deer Creek, Ill.

Bomb in Plumbing Works Arouses Near North Side

The near north side was jarred early this morning by the explosion of a powder bomb at the Illinois Plumbing works, 514 North La Salle street. The damage was estimated at $500. All windows were blown out of the three story establishment and windows in other nearby structures were shattered. The place is said to have been conducting a plumbers' school.

COLD WEATHER MENUS

Important suggestion to women

As winter comes on, breakfasts grow more and more important. People need good, solid nourishment to fight the bitter winds and harsh rains and snows.

The Kellogg Company has developed a new cereal that meets every need for a hot, nourishing breakfast. It is New Oata—a delicious new blend of oats and whole wheat, including the bran.

New Oata contains all the wholesome qualities of the finest oatmeal—and more. It has the added elements of ripe, golden whole wheat. These grains combine the strengthening, sturdy, health-giving qualities that a perfectly balanced hot cereal ought to have these cool days.

And flavor! You never tasted anything so delicious. New Oata is easy to prepare, too! No long cooking! Just boil it three minutes and serve. New Oata is cooked thoroughly at the Kellogg plant in Battle Creek. The new process makes it light and fluffy—never soggy, mushy or gluey like ordinary oatmeal. Ask your grocer.

WALSH TO CLOSE OIL PLOT STORY FOR U. S. TODAY

Fall and Doheny Confident of Acquittal.

BY PHILIP KINSLEY.

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 1.—[Special.]—Evidence for the prosecution in the greatest of the scandals of the Harding administration, the alleged looting of the navy reserve oil lands by private interests, was practically closed today.

COL. THEODORE ROOSEVELT.
[U. & U. Photo.]

Edward L. Doheny sighed with relief tonight as his Rolls-Royce carried him away from the little court room, where his plan to make a hundred million dollars had come down to a criminal trial and a charge of sordid motives.

Albert B. Fall, former secretary of the interior, smiled and chatted cheerfully. The worst was over. With nine lawyers standing between them and the jury, and their case yet to be disclosed, these two defendants in the great conspiracy case have no fear of prison bars.

Walsh to Close Prosecution.

Senator Thomas J. Walsh of Montana, who started all this trouble two years ago, will quite fittingly close it tomorrow as the last witness for the government. He will show how Fall deceived him regarding the $100,000 loan from Doheny, made while the negotiations for the lease of oil lands were being started.

Col. Theodore Roosevelt, former assistant secretary of the navy, was a witness for the government this afternoon. He testified that while the Pearl Harbor fuel oil depot was a project that originated in the navy war board and was a part of war plans calling for the expenditure of from $86,000,000 to $103,000,000, that the leasing of oil lands in the navy reserve was not part of such war plans and that he had not been consulted regarding this change of policy, nor in regard to the leases and contracts.

Both Sides See a Point.

The government will emphasize the latter part of this testimony, showing that it was not necessary, as the defense has argued, to keep the Doheny leases secret. The defense will claim that the fact that the plan of storing 4,200,000 barrels of fuel oil for the navy in Hawaii was originated in the navy department absolves Fall from this feature of the alleged conspiracy and takes a prop from under the government case.

Senator J. W. Harreld of Oklahoma was put on the stand to show how Fall protected the Doheny interests. On Dec. 11, 1922, Harreld wrote a letter to Fall asking him if the department contemplated making any leases in the California naval reserve oil lands. He had heard of such rumors and if these lands were to be thrown open he wanted to submit the names of capable and reputable men as bidders.

Fall Denied Policy Change.

Although this was the day when Fall was making the contract with the Doheny companies for large leases in these reserves, Fall wrote to Harreld denying any change of policy and suggesting that applications for leases be sent to the chief of the army and navy, presumably the President.

At that time Fall had a great influence at the White House. How he used it when the shadow of senate investigation began to hover over him was shown today in cross-examination of E. C. Finney by Attorney Frank Hogan for the defense. It was shown to the jury that on June 7, 1922, when the rumors of scandal in oil and tainted money were flying around Capitol hill, President Harding came to the aid of his old pal with a letter. Finney said he helped prepare it. This letter was not read today, but probably will be later.

Harding Gave His Approval.

"I think it only fair to say," the letter states, "that the policy which has been adopted by the secretary of the navy and the secretary of the interior in dealing with these matters [naval reserves] was submitted to me prior to adoption thereof and the policy decided upon and subsequent acts have at all times had my approval."

In a work of fiction dealing with Harding and his friends, which is now exciting interest in Washington, the background of a similar letter is put in the little green house known as the "Crow's Nest," where the gang, finding one of their members in trouble, wrote a letter for "the chief" to sign. But before he signed it, it is related, he called in the accused secretary and had his personal assurance that he had taken no tainted money and could account for the purchase price of his western ranch.

Agreed Not to Drill Line.

Paul Shoup, president of the Pacific Oil company and a director in Associated, testified that he would have been glad to bid on the larger leases in the naval reserve which were awarded to Doheny, but that he did not know such a lease was contemplated.

In his testimony and in that of Standard Oil and other oil men, the government dealt a hard blow at the theory that the Doheny leases were necessary to protect the government oil, for the Associated, Standard, and other companies in the field, it was shown, in the fall of 1922 made an agreement with Fall to stop drilling on the line next the reserve, and that they actually shut down their wells for months.

In letters, telegrams, and verbal testimony the government showed that during the leasing period with Doheny Fall warded off all other applications for leases, filed them for reference, and informed the applicants that there was nothing for them.

Finney Pleases Defense.

Cross-examination of Finney developed that Fall was absent when the Doheny bids were accepted and that this action was taken at the instigation of Admiral J. K. Robison, Finney, then acting secretary, and technical advisers, who considered the bids advantageous to the government.

Whether Doheny or Fall will be called to the witness stand has not been decided by the defense.

ST. PAUL ROAD'S SHOP DEMANDS RESTORATION OF 1920 WAGE SCALE

Milwaukee, Wis., Dec. 1.—(AP)—Eight hundred employés of the Chicago, Milwaukee and St. Paul railroad today demanded that their wages be restored to the level of 1920, when they were receiving 13 cents an hour more than at the present time.

The request for an immediate increase was made at a meeting here today called by the federated shop crafts and followed a session Tuesday of the machinists and helpers, who took similar action.

A rate of 72 cents an hour has prevailed since settlement of the federated shop crafts strike of 1922.

The wage demand involved between 1,200 and 1,500 shop employés elsewhere in the system.

Loyola Debaters Decide for Dry Law Modification

Modification of the Volstead act would be a welcome first step toward repeal of the eighteenth amendment, members of the Loyola university debating society resolved yesterday. Robert Hartnett, senior, president of the society, presided at a round table discussion of the subject.

SCOUR MEXICAN GULF FOR DRYS KIDNAPED ON SHIP

New Orleans, La., Dec. 1.—(AP)—The three masted schooner Arsone J., believed to be carrying two kidnaped prohibition men, tonight was the object of an extended search into the Gulf of Mexico, with all available revenue cutters and patrol boats called into service.

The schooner, an alleged rum runner, disappeared from anchorage off the Mississippi coast today after it had been captured by a patrol boat, and J. B. Matthews, assistant prohibition administrator of New Orleans, and a machinist's mate had been stationed as guards while the patrol boat returned to port to refuel.

When the patrol boat returned the ship was gone. Believing that it had been recaptured by the rum runners, other cutters and patrol boats were called from Biloxi, Miss., and Galveston, Tex., to aid in the search. All shipping in the Gulf of Mexico was asked to watch for the ship and take the kidnaped men off, if possible.

O. J. Jackson, prohibition administrator at New Orleans, said that he received a report through coast guard sources that the vessel had been recaptured by the Tallapoosa and taken in tow.

Later he said he received a second report that the vessel had broken tow and again was at liberty.

Radio messages received from the revenue cutter Tallapoosa by the Tropical Radio company's Mobile station said that the Tallapoosa had not sighted the schooner since.

Mr. Jackson was inclined to discount reports that the vessel had been retaken by the alleged rum runners and escaped, expressing the belief that the ship had been forced to change its anchorage because of the tide.

GUEST STRUCK BY HOTEL DETECTIVE AWARDED $10,000

Harry Buckley, wealthy young Philadelphian, was awarded $10,000 damages yesterday by a jury in Judge Harry M. Fisher's court after hearing Buckley's suit for $50,000 against the Edgewater Beach hotel. Buckley charged he was slugged by a house detective in September, 1924, while he was a guest at the hotel. He testified he had spent the evening dancing, had gone out for a midnight lunch at a restaurant near by, and, upon his return, was greeted by James McAlvany, the detective, who made several slurring remarks to him. An argument followed, and Buckley was knocked unconscious, he said.

WOMAN SHOOTS VISITOR IN HOME; BOTH ARRESTED

Sam Jacobson, 1409 South Avers avenue, whose identity was confused by the police for a short time yesterday with that of "Sammy the Greener" Jacobson, a gangster, when he was shot by a woman acquaintance, will be arraigned in Des Plaines court this morning for disorderly conduct. After several drinks Jacobson is said to have visited the home of Mrs. Annette Shaw, at 829 South Marshfield avenue, where he became threatening. Mrs. Shaw picked up a convenient revolver and shot him in the groin. She also was held for assault.

A REMARKABLY STRONG SILK
made into
LOVELIER UNDERWEAR!

The Difference Between Princess Royal and Other Silk Underwear

[1]—It is made of Spindrift 100% pure silk—no "weighting" or "loading"—it is as soft as chiffon yet 35% stronger than equal weight glove silk.

[2]—It is guaranteed not to shrink!

[3]—Each garment is individually cut by hand.

[4]—Each garment is full-fashioned to fit exactly all the curves of the figure without bulk or wrinkles.

[5]—Human hands cannot tear it—and unless it is torn, it cannot "run."

[6]—Embroidered silk bads at crotches and all other seam junctures doubly reinforce these points.

[7]—Shoulder straps are locked into the top silk band, so that they will not tear off.

[8]—Reinforced buttonholes on the inside of waist bands and leg bands allow elastics to be withdrawn or inserted without cutting the silk.

[9]—Straps, ruffles, etc., are finished by a picot edge that always keeps its shape and gives a dainty, lace-like appearance.

[10]—Every seam is stitched with pure thread silk.

Exclusive with Leschin in Chicago

"GOOD NEWS, EDNA! I've found something that's not only better than any other silk underwear you've ever seen, but really different and ever so much better."

"How?" queried Edna.

"First place, it's the loveliest silk you've ever seen—as soft as chiffon. Yet it wears ever so much better than the heaviest silk underwear I've ever had."

"How wonderful! What is it?"

"It's called 'PRINCESS ROYAL'—and the exquisite, pure silk it's made of is called 'Spindrift'. And there are ever so many other wonderful things about it, too. I'm never going to wear any old-fashioned silk underwear again!"

PRINCESS ROYAL Underthings are sold exclusively at this store—in beautiful, soft shades of flesh, rose, maize, Nile green, and orchid. Also black or white.

SOFT JOBS BREAK POLICE MORALE, SAY PLAIN COPS

Kunz Asserts Situation Is Worst in History.

CRIMINAL COURT.

Joseph Deering, larceny; sentenced to 1 to 10 years in Pontiac reformatory, by Judge John J. Sullivan.

George Schweda, robbery, sentenced to 10 years to life in the penitentiary, by Judge Jacob Hopkins.

Casimir Postacz and Felix Sebastian, larceny, sentenced to 1 to 10 years each in Pontiac reformatory; Marion Taylor, larceny, sentenced to 1 to 10 years in the penitentiary by Judge William J. Lindsay.

BY ARTHUR EVANS.

Students of criminality in Chicago, seeking an answer to the old question, "What's the matter with the police?" say some of the main troubles are: ineffective administration and scattered efforts, too many bosses, and too few workers; the switching of police emphasis from high crime to vice control, and, perhaps worst of all, the disruptive influence of the bootleg and moonshine industry. Some two years ago the charge was made by crime experts that a breakdown of morale had taken place in the police force, and since then, they say, there have been no perceptible signs of an upbuilding.

Inside the police force itself, the inquirer finds the spirit of criticism running deep. Policemen of an analytical turn of mind declare the stations are being loaded down with officers in soft berths, that the department is, now as ever, subject to control, political or otherwise. They are critical of the "Piperizers" who "report a man for smoking a pipe in a switch shanty."

Politicians Accuse Police.

Politicians in privilege wards, who have lost control of rackets, say the shakedown is far from a lost art, but it now emanates more from police than from politics. Politicians in nonracket wards say too few men are out on beat and too many are snuggled up close to the station radiator these cold nights, while many of those actually on the street are more interested in sniffing the air for a moon joint than in chasing evildoers.

Chief Collins boasts that one thousand joints have been padlocked by injunctions in a year. But drinking is still a well patronized pastime. When one joint is tipped over another springs up, and $1.25 is still the union bootleg rate for a bottle of moon in the neighborhood of the city hall, delivered at the purchaser's desk, C. O. D., observers point out.

Only yesterday Congressman Stanley H. Kunz of the eighth district called at the mayor's office with a roar about conditions out in his bailliwick, and threatened to ask congress next week to make an investigation of the Chicago police department in its relations to the Volstead act. And nobody would accuse Congressman Kunz of being a dry. "Conditions were never so rotten in Chicago's history," said Mr. Kunz.

Govier Has His Say.

In the Pullman district, Ald. Sheldon W. Govier of the Ninth ward reflected the utterances of a group of other aldermen in the council ante chamber when he said:

"The trouble out my way is too many coppers are out looking for a drink or a piece of change. The main trouble is prohibition and the disrespect it has brought for laws, city, state and national. It's playing into the hands of the alien element, who can buy their way out of trouble. The people want to see the police out on the streets, but how often do you see a policeman in a residential section? The emphasis is wrong. They jump on a citizen for running past the yellow light, but how often do you hear of them beating up a bootleg gang?

"The main trouble is the lack of a strong, forcible head, a real boss, who doesn't have to ask the administration what to do. And at that I am strong for the mayor and Chief Collins, who I think is a fine, honest chief."

Progress in Some Lines.

Critics point out that the police have made great advances in certain directions, such as the handling of traffic, as witness the policing of the Eucharistic congress and the Army and Navy game. But in the main task of protecting society from gunmen, stickups, burglars, thugs, and highwaymen they say the last three or four years have shown retrogression.

"A copper friend of mine," said one alderman, "asked to be sent from a prominent station to the sticks, a most unusual request. I asked him why. He answered: 'Captains to right of us, captains to left of us, lieutenants all around us; we're nagged to death by a bunch of little soft snap bosses.'"

"That's nothing," said another alderman. "A copper friend of mine, a good, upright guy who wanted to make a record, went to a new station. The first night he bumped off a string of joints and got three wagon loads. As he was bring the third wagon load in he met the first two loads walking out of the station; the captain had refused to book them. The copper got hell, and the next day they sent him to the sticks."

Too Many Chair Warmers.

"Yeh," said another alderman. "I walked into my station the other night. It was all cluttered up with chair warmers. Only a couple of men traveling beat that night. It's a wonder the thieves don't steal the whole city."

The placing of lieutenants on the desks is a fruitful cause of criticism. The official explanation is that they supplanted desk sergeants, but in some stations, it is charged, the lieutenant in doing his desk work retains the services of the desk sergeant to help him, and the change simply multiplies the volume of inside workers.

PAY RAISE IN PERIL

Growing rumors that the city council is going to turn down the demands of policemen and firemen for $300 a year more pay and pass the buck to the board of review were given impetus yesterday by Alderman R. A. Woodhull, chairman of the finance committee.

"The city council is on record in favor of an increase," Alderman Woodhull told a committee of policemen which called on him, "but you men are wasting time coming here. You must get busy at the other end—the source of the money—if you want the increases."

In other words, the alderman explained, the policemen ought not to expect the council to economize further on its expenditures but should join the Chicago Teachers' federation and city firemen in trying to induce the board of review to hoist tax valuations, alleged to be too low.

Anne Caldwell, Actress, Asks for Half Million in Jilt Suit

(Picture on back page.)

Pittsburgh, Pa., Dec. 1.—(AP)—Miss Anne Caldwell, New York musical revue actress, testifying today in federal court in her $500,000 suit for breach of promise against John W. Hubbard, wealthy Pittsburgh manufacturer, said Hubbard told her she was "a girl in a thousand" and asked her to become his wife while they sat "in a large, dreamy room filled with palms, flowers and potted plants."

The proposal, which Miss Caldwell charged Hubbard later repudiated, was made in an Atlantic City hotel in January, 1922, she said, and added that he told her then they would not be married immediately, explaining that he had a young daughter who would be married soon. Hubbard told her, Miss Caldwell said, that their wedding would follow that of his daughter.

Before testimony in the case was started, a supplemental statement of claim was admitted in which Miss Caldwell charged Hubbard with seduction. The statement was filed after Judge W. H. S. Thomson had ruled the evidence on that charge could be admitted in the trial.

A number of love letters which Miss Caldwell identified as having received from Hubbard were read to the jury. The letters, which were signed "Jack," contained endearing terms and made numerous references to "good times" and "parties." One of them closed with "be good, my dear, for your papa will know if you are not."

Mrs. W. S. Caldwell of Chester county Pa., mother of the plaintiff, testified her daughter had not lived at home for the last ten years, and in 1921, when she became acquainted with Hubbard, was making her home with a married sister in Atlantic City.

ILEANA ROMANCE IN U.S.; YES, 'TWAS A WEST POINTER

Princess Twice Met Her Prince Charming.

New York, Dec. 1.—[Special.]—Ileana, princess of Roumania, met a Prince Charming on the first days of her arrival on the shores of this democratic land.

It is a modern fairy tale with all its whimsical, romantic settings, only in this case the tale is true.

The story begins soon after the arrival of Ileana with her mother, Queen Marie of Roumania, and her brother, Prince Nikolas. It will be remembered that one of the first of the series of social receptions was a dance at West Point. Here is where the first chapter begins and ends, to be followed by two more.

Two Cadet Escorts Selected.

Brig. Gen. M. B. Stewart, superintendent of West Point, looked about for proper escorts for the princess. He selected two cadets, both honor men in the class. One was Cadet Lieutenant William J. Glasgow of Washington, D. C., the other Cadet Captain Henry G. Douglas of Bel Air, Md. Glasgow is the manager of the army soccer team, while Douglas is the regimental supply officer.

Both are handsome. Glasgow is considered the Adonis of the academy.

It was evident it did not take the princess long to make her choice. And the first one to notice it was Douglas. He danced with her once or twice tactfully, then retired gracefully to the background, leaving his classmate and friend a clear field.

Farewell, but Not Good-by.

After several dances with Cadet Glasgow, the princess herself suggested a retreat for fresh air and a view of the moon and the great palisades. The evening, as in all fairy tales, came to an end all too soon, but when the princess shook hands warmly in farewell it did not mean good-by.

Through all the 10,000 mile cross-country tour Ileana did not forget. Two days before sailing she sufficiently overcame her timidity to ask Paul D. Cravath, who represented the queen in some threatened lawsuit for alleged breach of contract, to arrange for young Glasgow to come to New York to take luncheon with her.

A Princess Thwarted—Almost.

Mr. Cravath at once got in touch with Gen. Stewart. Probably for the first time Ileana's wish was thwarted.

The commandant said "No!" but, true to fairy tale fashion, Ileana found a way. Could she come to West Point and have Mr. Glasgow take luncheon with her there? "Yes," said Gen. Stewart, for even cadets favored by princesses must be allowed to eat some time.

And so the metaphorical "mountain" went to Mohammed. In ordinary prose, the meeting took place at the Thayer hotel, West Point. There were others present to satisfy convention, so young Douglas was invited also, but they merely lent a background to the winding up of a charming episode in the life of a beautiful princess.

WISCONSIN HUNT WITHOUT LICENSE COSTS HIM $3,150

Mellen, Wis., Dec. 1.—[Special.]—It cost Otto Steinworth of Chicago $3,000 worth of Christmas trees and fines amounting to $150 and costs, when he attempted to beat the Wisconsin game laws.

Steinworth's first bitter experience with the law was when Game Warden John Long found him with four rabbits, but no hunting license. He paid the fine of $50 and costs and took the first train for Chicago.

Meanwhile Warden Long was inspecting a carload of 1,900 Christmas trees which Steinworth had loaded and billed at Cayuga. He found the carcass of a two year old buck deer concealed beneath the shipment. Steinworth was taken from the Chicago bound train at Marshfield, returned to this city, and fined $100 and costs.

Justice R. D. Levitts confiscated the Christmas trees on the grounds that they were being used to conceal venison killed during the closed season, for the purpose of smuggling it out of the state.

BRITISH FLEET OF WORLD WAR RENOWN JUNKED

[Chicago Tribune Press Service.]

LONDON, Dec. 1.—With the exception of four battleships of the Iron Duke class, Great Britain's wartime navy has disappeared. For the first time in more than two centuries the British navy is without a reserve line fleet.

In the last few weeks four of Great Britain's most costly seahounds, which formed the backbone of the grand fleet in the famous Jutland engagements, commanded by Viscount Jellicoe, and which cost more than £8,000,000 ($40,000,000), have been sent to the scrap heap.

The scrapped ships are the Centurion, King George V., Thunderer, and Ajax. The passing of these monsters is in accordance with the Washington naval treaty.

Replacing these ships, the Nelson and Rodney, two of the most powerful fighting machines in the world, carrying nine sixteen inch guns in three turrets, will join the fleet next week. They are the first British ships to have guns disposed and elevated in this way.

1,000 VETS JOIN HUNT FOR BODY OF OLSON GIRL

Legion to Direct Combing of Countryside Today.

BULLETIN.

Dwight, Ill., Dec. 2.—[Special.]—A young man was taken into custody here early this morning suspected of being Erdman Olson, sought to explain the disappearance of Clara Olson at Prairie du Chien, Wis., Sept. 9.

The arrest was made by State Highway Patrolman H. R. Davis, who noticed his resemblance to photographs of Olson. Davis was questioning the man early this morning. He said he was Walter Christensen of Austin, Minn.

Davis said descriptions of Olson given him by Prairie du Chien police tallied in some ways with the appearance of the youth he is holding.

BY ORVILLE DWYER.

(Pictures on back page.)

[Chicago Tribune Press Service.]

Gays Mills, Wis., Dec. 1.—[Special.]—This hamlet of 652 persons, placed in a pleasant valley among the high, rockbound hills, tomorrow will become the center of the first concentrated hunt for the body of Clara Olson.

The search is to be made under the leadership of McCormick-Rose post of the American Legion, with headquarters in Gays Mills. Legionnaires, one thousand strong, from thirteen towns in Vernon and Crawford counties, will start out at sunrise.

Will Search Countryside.

They promise to search every foot of the territory roundabout here, the deep woods, the cliffs, the caves, and the bayous and marshes of the Winnishiek for miles about the home of Miss Olson and of that of Erdman Olson, 18 year old son of a well-to-do tobacco grower, charged with her murder after his disappearance.

The searching details will be led by men experienced in covering the rough country of western Wisconsin. The legionnaires say that if the young girl was murdered and her body hidden in the hills it will be found by night.

The girl, 22 years old, left her home in the early morning of Sept. 10. There is no proof that she was murdered. For more than two months after she disappeared from home it was not generally believed she was. But now with young Olson—there is no relationship between the families—also missing for more than eight weeks there is some belief that she might have been slain.

Fathers Tell Different Stories.

Young Olson and the girl, four years his senior, were sweethearts. They "went together" for a year and a half. The girl's father says the boy drove up within "two rods" of her home on the night she left and that he took her away. The boy's father says he was at home that morning at 1:15 and by 2 o'clock was fast asleep.

"He came home from the dance at 1:15, tuned in the radio, and read the mail order catalog," Albert Olson, the father, says. "By 2 o'clock he was sleeping. All the next day he helped us on the farm, picked tobacco right beside us. And the next day, and the next. And then he went back to school.

"Are these the acts of an 18 year old boy guilty of a murder? It's ridiculous. I haven't any idea where my boy is, but he isn't guilty of any crime. One of these days that girl will turn up."

Disappeared from College.

Young Olson went back to Gale college at Galesville, Wis., the third day after he came home on the early morning of the girl's disappearance from her home, some six miles away from his home. He remained at the school for two weeks, and Christ Olson, the girl's father, went down to see him. He disappeared the next day.

The father is convinced his girl is dead.

"If she were alive she would have written me before this," he says. "She was not afraid of me—no matter what was wrong. She knew she didn't have to be afraid. I told her and I told the boy. I said to him, 'If there is anything wrong between you and Clara get married and come home to my house. I have lots of room there.'"

Late in August, he says, his daughter received a letter from Erdman, that her sister found in her room. In it he told her he was going away in September, and he wanted her to go with him. Then, on the afternoon of Sept. 9, she got another long letter from Erdman. She read it, and later her sister found her looking at a map.

Clara bought a new hat, a dress and new shoes just a few days before she went away. Her father got the impression she was preparing to be married to young Olson.

Publicity of the last few days appears to have aroused divided sentiment in this territory. Many believe young Olson killed Clara. As many others are skeptical.

All sorts of stories are flying around about Erdman Olson. You'll meet people who'll tell you that he killed Fred Habren's boy with a shot gun, when he was only 9 years old. "Supposed to be an accident, but—."

There are many other rumors but Albert Olson laughs at them all.

Expect an Estimate Soon of Interest Small Owes State

Springfield, Ill., Dec. 1.—[Special.]—Early determination of the amount due Illinois from Gov. Len Small for interest collected by him on state funds when he was state treasurer was indicated in proceedings before Master in Chancery Charles Briggle today.

The reports of only twenty banks which handled state funds during his stewardship are to be checked up before the figures can be made. These include the Grant Park private bank, the deposits in which represent the major item in the accounting, and the Dunlap-Russel private bank of Jacksonville, records of which were destroyed when the bank was reorganized under the general banking laws.

The other nonreporting banks are institutions which have either gone out of business or have been merged, or whose records are not readily available. Subpoenaes for officials, by which it is expected to make proof of deposits and interest payments, have been issued. When this testimony has been taken the issue will have narrowed down to what is coming on money loaned to the Chicago packers through the Curtis institution at Grant Park and the Jacksonville bank.

Twenty reports, in addition to those previously reported, were submitted to the master today. The hearing was then continued until Dec. 16, when it is expected reports or testimony from almost all of the other banks will be ready for submission. Then will come the main issue on the packers' notes. It is the contention of the state that all of the interest paid by the packers is due to the state, on the ground that the Grant Park bank was not legally authorized to receive deposits and make loans.

CANADA CRIPPLES RUM RUNNING ON PACIFIC COAST

Victoria, B. C., Dec. 1.—(AP)—The Canadian government is dealing a death blow to at least one British Columbia liquor exporting firm, testimony before the royal commission, investigating rum smuggling to the United States revealed here today.

The steamer Chris Moeller, with 20,000 cases of liquor billed for Mexico, has been held in port by customs authorities and the ship's master has testified that previous cargoes destined for Mexico were discharged to small boats off the coasts of Oregon and California.

The commission announced it was considering cancellation of the license of Alfred Andrew, customs broker, who cleared the Chris Moeller from Vancouver. Andrew testified that he had cleared six or seven rum runners during the last two years.

Three Bandits Rob Postal Station of Cash and Stamps

Three men entered the drug store and subpostal station of Joseph Schart, 5200 Washington boulevard, late last night and while one of the bandits guarded him and his clerk, Jacob Rosen, the others rifled the cash register of $140, postal money totaling $160, and $100 worth of one, two, and three cent stamps.

1,000 Chinese Killed in Fight at Foochow.

BY JOHN POWELL.

[Chicago Tribune Press Service.]

[Copyright: 1926: By The Chicago Tribune.]

SHANGHAI, Dec. 1.—Owing to an outbreak of fighting between Cantonese and northern troops within the city of Foochow, Fukien province, endangering more than 200 American missionaries, American Consul E. B. Price cabled to Shanghai this afternoon requesting assistance. The destroyer Hart was dispatched to Foochow tonight.

The Americans in Foochow are connected with the Congregational, Methodist, Adventist, and Y. M. C. A. missions and the Christian university, constituting one of the largest American communities in China.

Chinese destroyers also were sent to protect Japanese residents.

1,000 Slain in Battle.

Foochow reports say the fighting started in the environs of the city yesterday between Cantonese troops and northern forces when troops were landed from the northern section of the Chinese navy. A thousand soldiers were killed. Although most of Fukien province has gone over to the Cantonese side, the Fengtien faction is trying to land sufficient forces in Foochow to prevent the southerners from advancing on Shanghai.

The new British minister here, Miles Lampson, today held a conference with the retiring minister, Mr. Macleay, and heads of the British financial and commercial interests regarding the British policy toward China and the increasing anti-British agitation.

The British press here is featuring Silas Strawn's report on extraterritoriality, declaring the time has arrived for the powers to step in and set China's house in order and that the Cantonese arrogance is based upon the belief that the powers are frightened. The Chinese press also is featuring the Strawn report, a local Cantonese organ saying that nothing better was expected from an American corporation attorney; that Mr. Strawn "merely made a good defense for the powers." It says Mr. Strawn's official duties prevented him from making contacts with the Chinese people.

Britain Opposes Intervention.

[Chicago Tribune Press Service.]

LONDON, Dec. 1.—Sir Austen Chamberlain, foreign secretary, said in the house of commons today that Great Britain opposed armed intervention in China. He said the government had taken all the steps it deemed necessary to protect British nationals in the war zone and that it considered the present naval forces in Chinese waters adequate.

The foreign secretary reported that naval forces had landed in the British foreign concession at Hankow on Monday and turned away a procession of Chinese demonstrators. There was no further trouble. He said that he believed foreigners were in no physical danger.

Theater Irish Boo Healy, but They Are Thrown Out

DUBLIN, Dec. 1.—(AP)—Gov. Gen. Timothy M. Healy withdrew from the royal box of the Gaiety theater last night when hooted by disturbers in the audience. The governor general was in the royal box and the performance was in progress when a man in the audience rose and shouted: "Three boohs for Healy, the British king's representative." There was a vigorous response to the call and the governor general left the box. When he returned, the disturbance was repeated, but this time the police were called and the booers hurriedly left the theater.

KITCHENETTE OF TODAY REMOLDS BEEF INDUSTRY

Changes to Be Seen at Live Stock Show.

BY JAMES O'DONNELL BENNETT.

Your kitchenette in Chicago is making new history on cattle ranges two thousand miles away. It is revolutionizing an industry.

The vast and instructive International Live Stock exposition current at Union stockyards is the proof.

Grandmother with her spacious kitchen, her cheap fuel, her numerous help, and her large family could load a twelve pound roast of beef into the oven, keep the wood fire roaring for three hours, and wind up her hot morning an economic winner.

The small family and the small apartment have changed all that.

The cattle men on a thousand hills were slow to see the point. Remote from kitchenettes, they failed to take account of granddaughter.

To keep their market and make their profit they now are compelled to.

Yearling Comes to Front.

Granddaughter in her little white tiled kitchenette, across which she can almost reach, granddaughter with her gas or electric range, is eliminating the five and six year old steer from the cattle market. The yearling of from 14 to 18 months is taking his place.

That is why this autumn's greatest cattle show in the world—the 27th in the history of Chicagoland—is emphatically different from its predecessors. The ranches have surrendered to the kitchenettes and the exhibits show it.

Granddaughter pops five lamb chops into a broiler and allows them fifteen minutes of fire—ten minutes on one side and five on the other; or she slides a three pound roast of beef into the oven. She allows it fifteen minutes to the pound. In forty-five minutes dinner is ready. Proportionate reduction of time, heat, and effort with the small steak. Twenty minutes for it after the broiler is hot.

Making 20th Century History.

Small family, small home, small steak, all are making twentieth century American history—industrial, domestic, cultural.

The writer on a nation's affairs who leaves them out of his history is no historian. He misses the essentials of things.

Those tidily built, trimly larded Aberdeen Angus yearlings that stand alertly in hundreds of square rods of stalls at the current cattle show are historic essentials. They represent the arrival of a new era in the history of mankind's eating. The kitchenette forced the era.

Visioned stock raisers view with approval the little black Aberdeen yearlings and the red Hereford yearlings with the white faces. They call them "the baby beeves" and "the pioneers of the baby beef age of the industry." They view them with approval because yearlings mean quick returns. The visioned meat market proprietor views them with approval because he knows that what granddaughter—whether or not she could tell a yearling from a 6 year old, which she could not—wants is a cut off a yearling. She wants "a kitchenette steak." The term is coming into general use.

Kitchenette vs. Kitchen.

Consider the practicalities of the matter and you will get its highly important historical and cultural aspects.

The apartment's kitchenette versus the homestead's kitchen means the difference in time and money between feeding a beast to a weight of 1,000 pounds and a weight of 1,350 pounds. The present ideal is 1,050 pounds. Let your cattle go today over 1,200 pounds and you are getting into the unmarketable class.

Are those facts and figures only technical details of interest to none but experts? Quite the contrary.

They affect a colossal industry, and anything that affects a colossal industry affects you and your wife.

How colossal is that industry?

A Clock Tells the Story.

Among the hundreds of vivid and ingenious exhibits at the show there is a clock in a scenic setting, and above the clock are these words:

"Every time the clock ticks off a minute 47 cattle, 29 sheep, and 130 hogs have gone to market in the United States."

Figures so spectacular ought to rouse your interest in matters so vast.

Go through the halls and aisles of this important show with seeing eyes. There are hundreds of crisp-speaking stockmen and learned university agronomists on the scene who will be glad to open your eyes. They will point out to you that the "pioneers of the baby beef age" are running to small heads and necks because now the great aim of breeders is to breed off the neck and the brisket, where the cheap cuts are. They will make you take an interest in every line of the beasts—showing you, among other things, why pones of fat on top of the hind quarters are not good. They bid you note luster of hair as an indication of health, and smoothness of contour as a proof not of mere prettiness but of a maximum of properly marbled meat.

Brings Reforms in Diet.

All that you will be told about the new baby beeves and the more delicate cuts, at which the industry now aims, leads up to something more important than a savory meal—highly important though that be. It all leads up to the fact that mankind, by eating lighter cuts, is eating more rationally, and hence keeping itself fit to work more alertly and think more accurately. That is why I used the word cultural as well as the words industrial and domestic in defining the importance of this show as history.

Stock Show Notes

E. M. Bailey of Pittsburgh, Pa., was reëlected president of the American Dairy federation at the close of its two day convention in the Auditorium hotel yesterday.

E. L. Richardson of Calgary, Alta., was elected president of the International Association of Fairs and Expositions at the close of the annual meeting in the Auditorium hotel.

A. W. Palm, Watertown, S. D., was elected president of the National Association of County Agricultural Agents at the opening of the association's convention in the Hotel Sherman.

Unless eradicated soon, the European corn borer will eat its way into the heart of the great American corn belt and make successful corn growing impossible. L. H. Worthley, administrator of corn borer control for the federal department of agriculture, declared last night before the National Association of Secretaries of departments of agriculture.

Cattle valued at more than $3,936,000 are lost every year because of ticks, Dr. J. H. Bux, state veterinarian of Arkansas, told members of the United States Live Stock Sanitary association at their meeting in the Hotel La Salle yesterday.

MILLION DOLLARS WORTH OF HORSES PARADE AT SHOW

BY FRANK RIDGWAY.

A million dollars worth of draft horses paraded under the lights of the International amphitheater at the stockyards last night as the feature of the horse show program at the International Live Stock exposition. Many of the animals were newly crowned champions of the various heavy horse breeds, having won their laurels in judging rings this week.

Once in the oval, they lumbered and pranced in a living reproduction of Rosa Bonheur's famous painting, "Horse Fair." More thrills for the 18,000 spectators followed when the six horse teams plunged into the arena and their drivers wove them into moving tapestry designs.

West Virginia Governor There.

Gov. Howard Gore of West Virginia, former secretary of agriculture, was among the boxholders last night. In the directors' box were twenty-five members of the agriculture committee, the American Bankers' association, who were guests of Melvin A. Traylor, president of the organization.

Mrs. Christine Weber of Van Nuys, Cal., triumphed over entries from the middle west with her brown gelding, San Marcos, in the class for three gaited saddle horses. Only Son, the entry of Mrs. A. C. Thompson of Chicago, placed second. Mrs. William Miller of Flossmoor took third with Masterpiece, and Walter P. Saunders of La Grange won fourth with Mah Jongg.

Other winners of the night's events in the judging ring were:

PONIES IN HARNESS [over 13 hands 2 inches and under 14 hands 2 inches]—First, Axholme Venus, owned by John R. Thompson; second, Buckley Fame, Mrs. Doris Mae Taubel; third, Little Minister, George A. Strom; fourth, Mitzi, Mr. Strom.

PAIRS OF HEAVY HARNESS HORSES [under 15 hands 2 inches]—First, Sunset and Sunbeam, owned by George A. Heyl & Son; second, Model Gem and Model Lady, Mrs. A. C. Thompson; third, Seaton Winsome and Seaton Bumblebee, George J. Peak & Sons; fourth, Seaton Buster and Seaton Priscilla, William E. Dee.

FIVE GAITED SADDLE HORSES—First, Gladys Lee Rose, owned by Brentwood Hall farm; second, Silver Gale, Mrs. A. C. Thompson; third, Whooperray, Emil Denemark; fourth, Auto B. Prince, W. D. Alexander.

SADDLE HORSES [14 hands 2 inches and under 15 hands]—First, Miss Chicago, owned by L. M. Newgass; second, Colleen, Mrs. A. C. Thompson; third, Miss Kentucky, Mrs. Glen P. Dipmore; fourth, Wonder Miss, Miss Gertrude B. Hardt.

STOCK HONORS DIVIDED

The United States and Canada divided honors in the draft horse judging arena during the afternoon, each capturing a premier award.

Everet King's Waynedale King won the grand championship of Belgian stallions after the horse had been named junior champion of his breed. Mr. King is a Chicagoan.

Canada, a consistent winner in various departments of the International this year, came in for its share of the draft horse honors when Forest Favorite, owned by Haggerty & Black of Belle Plaine, Sask., was given the grand championship Clydesdale stallion award.

Notre Dame university of South Bend, Ind., won the champion carload lot award with its exhibit of Hampshires.

Rupert B, the grand champion beef steer of the 1926 show, will be sold at public auction at 9 o'clock this morning in the stockyards near the exposition grounds. He will be knocked down to the highest bidder and will be slaughtered, according to custom, following the close of the International.

The highest price ever paid for the premier animal of the show was $3 a pound on the hoof for Mah Jongg, the 1925 titleholder.

NO FARM RELIEF BILL FOR A YEAR; ISSUE FOR 1928

South Not Ready to Join Cause with Corn Belt.

BY ARTHUR SEARS HENNING.
[Chicago Tribune Press Service.]

Washington, D. C., Dec. 1.—[Special.]—Early hopes that it would be possible to enact farm legislation at the approaching session of congress are vanishing, it was learned today.

It now seems probable that the whole question will go over to the next congress, which, unless called in extraordinary session, will not assemble until December, 1927. Then, unless disposed of speedily in the next congress, farm relief would become a leading issue in the 1928 presidential election and particularly in the contest over the Republican nomination for President.

The corn and wheat belt leaders find after canvassing the situation that the prospects are not favorable to passage at the coming session of the McNary-Haugen bill to boost the domestic price of farm products. Again the southern Democrats have failed to come through in sufficient number to assure passage of the measure.

Experience of Last Session.

That was the cause of the failure in the last session. George Peek and other leaders in the corn belt organization worked out a bipartisan alliance between western Republicans and southern Democrats to put over the surplus control measure.

The cotton coöperatives favored the proposed legislation and it was thought that their views would be reflected by the cotton states senators and representatives, but most of the southern Democrats voted against the bill and supported alternative plans sponsored by Democrats.

When a few months ago the bottom dropped out of the cotton market, and the planters found themselves the victims of a surplus and in the same boat with the corn and wheat growers, the promoters of the McNary-Haugen bill thought this experience would be reflected in an accession of support for surplus control legislation from south of Mason and Dixon's line.

South Fails to Save Bill.

They began sounding senators and representatives from the cotton states on the proposition of renewing the effort to put through the McNary-Haugen bill at the coming session. To their surprise they received little, if any, encouragement.

Some of the legislators from the cotton states said they were in favor of the bill, but would be unable to vote for it because the Democratic leadership opposed the measure. The Democratic party, it was explained, will never support the McNary-Haugen or any similar plans of surplus control for the reason that the underlying principle of this proposed legislation is a scheme for making the protective tariff on farm products effective.

The object of the measure is to remove the surplus from the domestic market, thereby causing the domestic price to rise to the world price plus the tariff.

The negotiations between the western Republicans and the southern Democrats terminated apparently with some feeling on each side. The Democratic leaders, according to the corn belt statesmen, are bent upon killing any farm relief legislation before the 1928 election on the theory that the failure of such legislation will prove extremely damaging to the Republicans in the presidential contest.

Unable to muster a sufficient number of southern votes, the corn belt leaders, in conference with Senator McNary [Rep., Ore.], decided to proceed cautiously.

In revising his bill, Senator McNary has adopted one of the important provisions of the Fess bill, which was favored last session by President Coolidge. The Fess bill provided for government loans to coöperatives for handling the surplus. The new McNary bill will make it optional with the farm marketing board to buy the surplus outright or to advance funds for this purpose to the coöperatives. None of the basic commodities, corn, wheat, cotton, swine, and rice, is exempted from assessment of the equalization fee designed to cover losses on disposal of the surplus.

U. S. DEPORTED 10,904 ALIENS LAST YEAR, SECRETARY REPORTS

SECRETARY DAVIS.

Washington, D. C., Dec. 1.—[Special.]—All records for the deportation of unwanted aliens from the United States were broken by immigration authorities this year, Secretary of Labor Davis stated today in his annual report. A total of 10,904 aliens were deported, an increase of 1,409 over the preceding year.

Secretary Davis also disclosed that the alien population of the United States was increased by 268,351 during the fiscal year ended June 30.

The labor department figures note that 496,106 aliens were admitted, while 227,755 departed during the fiscal year. Of these, 157,432 came in as immigrants charged to the quota under the 1924 immigration law, 150,299 entered as natives of nonquota countries, principally Canada and Mexico, and 83,754 as home-coming residents of America.

JOSEPH SALTIS WINS DELAY AS CARRIER OF GUN

Joe Saltis, gangster-bootlegger, won a continuance until Dec. 8 yesterday when arraigned before Municipal Judge George A. Curran in Night court on a charge of carrying concealed weapons. Attorney W. Saltis was found to be carrying a .45 caliber pistol when arrested in a South Side saloon on Monday.

He said the maintenance of a naval base there was essential to the protection of the Panama canal. As a commercial asset, he pointed to the large amount of pineapple and sugar cane imported from Hawaii.

"The Child Who Reads is the Child Who Leads"

Benjamin Franklin, Abraham Lincoln, Daniel Webster—the list of those who have attributed their success to the influence of books that they read in childhood, would read like a roll of the world's greatest names.

But what books? They may have been few, but they were always great. They inspired in each youth the highest ideals, fired his ambition and stimulated his imagination. They laid the foundation for that broad human understanding that distinguishes truly great men and women.

Give your child the advantage of reading. Stimulate in him the desire to read. For Christmas this year give your child

My BOOKHOUSE

My BOOKHOUSE is *different* from other children's books. Its purpose is to present, attractively, reading of a high literary standard which children will enjoy and which will strengthen and build character. It gives children the very best stories and poems obtainable, selected from a wide range of sources by one who is "a writer, an educator and herself a mother," and so graded that every child will find just what he needs at each step of his progress.

The Three Tests of Right Reading

In making her selection, Olive Beaupre Miller, the editor, subjected every story and poem to these three tests:

1. Has it literary merit?
2. Will it interest the child?
3. Will what it adds to the child's life be for his good? Does it present sound standards, is its spirit fine, its atmosphere healthful?

As a result, My BOOKHOUSE presents, in the most attractive form, the fundamental reading for children, the literature that every child ought to have. Within a few years it has been welcomed in a hundred thousand homes, placing before thousands of children, in their most impressionable age, that which will give real ideas, and ideals, enlarge their interests, their understanding of human nature and their perception of beauty. It comprises six of the most handsome and durable volumes ever published for children's use—a total of 2560 pages, most of them illustrated in colors. One of its unique features is the Latch Key volume, containing indexes—one of them an ethical theme index, most helpful to parents in finding stories bearing upon traits of character.

The Ideal Christmas Gift

"The most useful, the most enjoyable gift," writes a grateful mother; and this expresses the feeling of thousands of parents concerning the value of the BOOKHOUSE Group as a holiday or birthday gift. Its use is limited to no season, to no single year, but extends throughout childhood. Its enjoyment is not confined to children, but binds together the whole family. Its influence will be felt for a lifetime.

"Treasures of literature of all ages"
"I have never seen anything like my BOOKHOUSE for hitherto nothing like it has been published. One without little children looking at the books is almost inclined to adopt some to have the joy of sharing with them these treasures of literature for all ages from nursery rhyme all the way through to wholesomely thrilling adventure stories for boys and girls . . . Fortunate the parents and happy the children privileged to live day by day and week by week in My BOOKHOUSE."
FRANKLIN K. MATHEWS,
Director of Library Department, Boy Scouts of America.

"A remarkably fine series"
"It is a remarkably fine series of stories and verse for children, admirably graded and beautifully illustrated, having wondrous good paper and fine large print. I take pleasure in commending it to those who still read with growing boys and girls."
DAVID STARR JORDAN.

"Beautifully done"
"One of the finest collections of stories for children I have ever seen . . . It contains the stories I have loved and which all boys and girls perpetually enjoy. The books are beautifully done and I am happy to congratulate both the editor and the publishers on their accomplishment."
EDGAR A. GUEST.

"Contents without price"
"The children feel that the greatest treasure they have ever had has been given them in MY BOOKHOUSE . . . The books are wonderful and contents without price." MRS. W. A. LACKE.

MEDICINE AND PROHIBITION.

Will the Supreme court's decision on medicinal alcohol prove to be the Dred Scott case of prohibition?

It might well be. Certainly no conscientious physician in charge of a serious case will waive his judgment of the need of his patient because of the dictate of a legislature or the opinion of a bench of judges. The prescribing for the needs of the sick is not a proper function either of a legislature or a court, and the law which attempts to put limits on the judgment of the physician is of a piece with the fanaticism which would determine any other scientific judgment by act of law. If a legislature directs that no public school shall teach that the earth is a sphere, if it directs that it shall teach that the earth is the center of the universe and that the sun moves above it from east to west, it would be no more out of its legitimate field than it is when it forbids a physician to prescribe more than an amount of alcohol which it fixes in its own wisdom.

The 18th amendment was in plain language directed at and limited to prohibiting the use of alcoholic intoxicants as beverages. The decision of a bare majority of the Supreme court now extends the prohibition to their use for medical purposes. That is the rock bottom fact of this decision. The reasoning of the majority cannot evade or obscure it. Under this decision a physician charged with care of a patient and honestly convinced that the patient requires an amount of alcohol beyond the limit fixed by a prohibitory statute must disobey his conscience and his scientific judgment or disobey the law. The theory of the decision seems to be that in order to prevent an abuse of medical authority the free judgment of responsible medical men may be properly circumscribed under a constitutional provision prohibiting alcoholic beverages. By such interpretation a constitutional provision can be expanded indefinitely under the device of administrative measures, and the politician, the professional reformer, and the judge elbow the physician from the bedside of his patient.

We think this is an intolerable distortion of the functions of law and government, of legislator and judge. We think it is an intolerable distortion of the plain intent of the 18th amendment. We think it is bringing teetotalist fanaticism to the point of murderous tyranny.

The Volstead act, with its ramifications, is like the squid. It must be destroyed. Juries, at any rate, save when dominated by ignorance and bigotry, will not punish defiance of laws which penalize reason and run beyond the proper domain of government. If the courts support the excesses of teetotalist tyranny, they invite the hatred which the alien and sedition laws brought upon them and prepare consequences no less serious and demoralizing than the weakening of the respect for law and judicial authority which followed those devices of blind partisanship and which is responsible to a great extent for the inefficiency of American criminal procedure to our day.

BACKSTAIRS BIOGRAPHY.

An English actor and writer, one Hesketh Pearson, has been arrested in London for obtaining money under false pretenses. Mr. Pearson, it is charged, sold to a publishing firm the manuscript of "The Whispering Gallery," a book of intimate relations about great persons, asserting the volume to be a digest of the diaries of a famous British diplomat. It now appears that Mr. Pearson told an untruth concerning the diplomat's authorship. In fact, most of the book's startling disclosures have been denied by the persons concerned.

"The Whispering Gallery" is evidently the culmination of a literary trend increasingly apparent during the last several years; it is the end product of that school of biographers whose motto is: Make it popular reading and the truth be damned.

The craft of this group of biographers does not necessitate the descent to pure fiction and fabrication. The higher minded and admittedly more difficult rule followed by the more meticulous authors is to content themselves with portraying and emphasizing one particularly human side of their characters and letting it go at that. Thus a President becomes a toper and chivier of parlor maids, a statesman a libertine, a great lady a person no better than she should be. It is easy to make appetizing reading if an author will write about a famous enough person and confine himself to pointing out imperfections. Plug hats are the easiest to knock off and it is human nature to be gleeful when they roll into the gutter.

Within the last few years scarcely a great man or a great woman but has had his stone throwing urchin. Some, fortunately, like Mr. Pearson's subjects, are alive and have been able to talk back.

This was Mr. Pearson's ill luck. An author may take liberties with persons and reputations and dupe the public, and create only a pleasing stir that sells books. When one goes too far, however, the stir becomes a storm and a business liability.

It is to be hoped, for the sake of the art of biography and of the few remaining shreds of respect for their great left to the reading public, that Mr. Pearson's misfortune will be taken in the nature of a warning by authors contemplating further realistic biography and the humanizing—as we believe it is called—of more national heroes and heroines.

IMPENDING STORM IN CHINA.

British and French sailors and marines have landed in Hankow. A dispatch says American marines also have gone ashore. It is reported via London from Shanghai that Cantonese troops have invaded the foreign settlement at Hankow and that terrorism prevails.

The situation at this city, three days by steamer from Shanghai and the sea, is cause for the gravest concern. Recent reports assert that anti-foreign feeling has grown more and more menacing in this region and we know that the propaganda policy encouraged by bolshevik advisers of the Canton party are inflammatory to a degree. We do not think the present régime at Moscow expects much in the way of a proletarian revolution and soviet state in China, but it is probably doing all it can to increase anti-foreign feeling and would be well satisfied if the British, French, Americans, Japanese, and other foreigners were driven out of China. The foreign aims and policies of the soviet, stripped of bolshevik jargon, bear a striking resemblance to the old czarist foreign policy, and in any case the ferment in China may release a tempest from which Russian interests may emerge with profit.

The situation is, therefore, of world wide concern and not one which we in America can afford to ignore. The lives, to say nothing of the material interests, of thousands of Americans are likely to be, if they are not now, gravely imperiled, and we can only hope that our measures and means of protection are not wholly inadequate. Also we are concerned for the security of all foreigners lawfully in China and our government should not fail to do all it can to shield them. Tact as well as vigor are required, but we have here a humanitarian as well as a national duty to perform, although we are likely to have cries of protest against effective action from our so-called humanitarians. The Chinese people are not naturally a belligerent people nor inclined to violence, save in explosive moments under the influence of mob excitement. We need to retain our sense of proportion, even if the worst occurs. But that sense does not absolve us from the duty of firm and prompt action for the preservation of life.

CONCERNING PENSIONS.

The Citizens' association has issued a brief report on the public pension situation in Chicago. After careful study, the association gives its indorsement to the principal recommendations of Dr. H. L. Reitz, actuarial adviser, and George Sikes, secretary of the municipal pension commission. The association joins in the request for a central administration of all the various municipal pension funds in the interest of economy. Stress is also laid upon the desirability of placing the firemen's and teachers' funds upon a reserve and allocation basis. In this connection the association says:

"We feel that if the city firemen and teachers desire to bring the business men of the city into cordial sympathy with their pension systems, they can best promote that result by aiding in getting those systems placed upon a sound and businesslike basis in order that the liability involved may be understood and underwritten."

The firemen and teachers, if they are disposed to disagree, might reply that they can get along nicely without the support of the business interests of the city. We doubt it, particularly in view of the fact that the taxpayers contribute more than $7,000,000 a year to the various pension funds, while the contributions of the city employés themselves is less than a third as much. At any rate, the fact remains that the men and women who have most to gain from a sound administration of the pension funds are the beneficiaries of those funds. Fear of change should not blind the city's employés to their own manifest interest in a scientific handling of their own money.

A THIRTY-ONE CENT ARMY.

Maj. Gen. Robert Allen, chief of infantry, says our soldiers do not get enough to eat. The soldiers, he finds, are discontented and resentful, and the state of their morale is not improved by the knowledge that men in other services fare better. The government allows only 31.5 cents a day for a doughboy's rations, although it grants 50 cents a day for a marine and 52 cents for enlisted men in the navy. Regulars assigned to training camps find themselves doing much of the heavy work on rations distinctly inferior to those of the men in training.

Desertions from the army are frequent, and it is no wonder. Any one who will trouble to run his eye over a list of wholesale food prices will understand. You can keep body and soul together on 31 cents a day, but you cannot hope to keep men contented at that price. The richest country in the world intrusts its safety to a tenth of one per cent of its population, which it calls its regular army; expects these men to take an interest and pride in their work and, at any moment, to sacrifice their lives for the nation, and yet refuses to give them enough to eat.

We suppose the 31 cent ration is regarded as a measure of economy. It is nothing of the sort. It is dangerously undermining the nation's security, which depends largely upon the morale of the regular army. It is driving many of the better men from the service. Governmental parsimony was never carried to a more ridiculous extreme. Thirty-one cent meals will save a few thousand dollars but give us a 31 cent army, sullen and incompetent.

Fortunately there are several million voters in this country who, knowing the delights of goldfish fresh from the can, may be counted upon to take more than a casual interest in the matter.

Editorial of the Day

CHICAGO'S CENTENNIAL.

[New Orleans Times-Picayune.]

Chicago has the right idea, distinctly, regarding her planned centennial, to be held in 1933—the Illinois city has begun betimes. The danger henceforth will be in the possibility of her prolonging the discussion period too far and not allowing the full estimated period, and something over for good measure, for actual construction.

As we have said, the big city by the big lake has begun in time; but in another way also she is showing forethought—namely: in planning a number of the exposition buildings definitely in advance for after exposition uses of a specific and needed kind.

But, of all the essentials to success, first must stand harmony, and not the loggerheadism that delayed, damaged, and well-nigh destroyed Philadelphia's sesquicentennial undertaking.

New Orleans' interests are so closely tied in with those of the Mississippi valley all the way through to Chicago that we are distinctly desirous of complete success for the planned world's exhibition.

How to Keep Well. By Dr. W. A. Evans.

Questions pertinent to hygiene, sanitation, and prevention of disease, if matters of general interest, will be answered in this column. Where space will not permit, or the subject is not suitable, letters will be personally answered, subject to proper limitation and where a stamped, addressed envelope is inclosed. Dr. Evans will not make a diagnosis or prescribe for individual diseases. Requests for such service cannot be answered.

A LESSON ABOUT GROWING PAINS.

THIS story is repeated as it was told to me by the father. The girl is a student in the freshman class of a large university. The father is a physician of broad information. Before he became a health official he was a specialist in children's diseases. I knew that this daughter, the oldest child, had finished high school and intended to enter the university this year. I asked how she was getting on in her university life. The reply was that she was doing very well with her studies, but that she had had some disappointments. In what way, he was asked. This was the story:

The girl was very anxious to go in for some major athletics. She especially wanted to prepare for the swimming competitions. The university has a very well developed health service. Two women physicians had given her a thorough physical examination. They found an organic heart murmur. Compensation was perfect and there were no symptoms except the murmur heard with the stethoscope. But competition in major athletics would be likely to break the compensation. It would be too much of a hazard. The girl would be allowed to swim moderately and to do ordinary gymnasium work. The only competitions she would be permitted to enter were those in archery. And now for the story of the beginnings of this heart trouble.

When the child was young she had growing pains. The parents knew these growing pains to be rheumatic, but they were never very troublesome. They always kept a big bottle of salicylate of soda pills in the house. Whenever the children had growing pains or a sore throat, or other ordinary aches and pains, for that matter, they got a few doses of salicylate pills. These eased the pains and brought about comfort. That ended the treatment. Salicylates, salicylic acid, acetyl, aspirin, and that group of remedies are fine to ease all kinds of rheumatic and near rheumatic pains. Of course, none of them cure the trouble, but, then, most troubles cure themselves if they get a chance.

Nothing in the way of finding the cause and removing it was done. The girl never seemed "worthwhile sick."

Now to the other end of the story. What is the future of the girl? She is intelligent and has intelligent parents. She will take the proper amount of exercise of the right kind. She knows that she needs that kind of exercise more than she would have needed it had her heart been found to be sound. She will keep out of competitions in more strenuous games such as basketball and maybe tennis. She will play golf and tennis under restraint; will swim, but not in races; will live a sensible, hygienic life, and, by so doing, will reach a full, serene, and happy old age.

2. Would it be advisable for one with eczema all over the body to go bathing in the Gulf of Mexico?

3. Should baths be taken every day at home when covered all over with the sores?

4. Is cocoa a good drink for breakfast for elderly people during the summer?

5. Please mention a few things a man who has eczema should not eat.

REPLY.

1. No.
2. No.
3. No. Application of water makes eczema worse.
4. Yes.
5. Nobody can answer the question as it is put. Occupation is the most frequent cause of eczema. In this group of cases the need is to change that part of one's work that causes the trouble.

Some cases are caused by foods.

Skin tests made on these cases show which are the offending foods.

DRINK WITH MEALS.

L. G. writes: 1. Is it healthful and beneficial to digestion to drink water with one's meals? If it is, is this a recent theory?

2. With the idea of keeping cool in extremely hot weather, are hot or tepid baths more effective?

3. Are hot baths beneficial under any conditions?

REPLY.

1. It is. Work done by Hawk about ten years ago proved that point.
2. Cold, I think.
3. Hot baths make one warm. They are soothing and, therefore, are of service when one is on edge.

FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

MINOR'S CONTRACT.

Chicago, Nov. 24.—[To the Legal Friend of the People.]—My son, aged nineteen, recently purchased some merchandise on credit but failed to meet the payments. At the time of the purchase he represented his age as twenty-three. Can the company collect the balance of the payments from him? G. F. R.

They are not entitled to collect, upon the bare facts stated.

TRIBUNE LAW DEPARTMENT.

CHANGE THE LOCK.

Chicago, Nov. 24.—[To the Legal Friend of the People.]—1. Can a landlord have a duplicate key to the front door of a flat? 2. Can he use the key or delegate his janitor to enter a flat during the tenant's absence whenever he sees fit to make any small change, for instance, to see if a roll-away is in the closet, to change the door on a cupboard, to put a bracket on the bathroom wall, etc., etc., without the tenant's knowledge or consent? 3. Can the tenant change the tumbler on the lock so that he will feel safe from intrusion? A. B. W.

1. Obviously, he can.
2. In our opinion he has no such right if that is what you mean to ask.
3. Yes.

TRIBUNE LAW DEPARTMENT.

MAKING BONDS SAFE.

Rockford, Ill., Nov. 24.—[To the Legal Friend of the People.]—I have notes, stocks and bonds which I wish paid to my two daughters after my death. I want these so that I can handle them during my lifetime without their signature but want them so that my daughters can cash them without any contest or probate after I am gone.

If the bonds are issued in my name and daughter, "or in case of death to the survivor," will that be all right? J. M. J.

Ordinarily bonds are expressly payable to bearer and it is somewhat awkward to try to control them by indorsement. We advise you to employ an attorney to prepare a will for additional protection, even if you wish to experiment with the device that you suggest.

FROM THE TRIBUNE'S COLUMNS

65 YEARS AGO TODAY

DECEMBER 2, 1861.

WASHINGTON.—A spy just in from Richmond, Va., brings important information concerning the fright there in consequence of the military and naval expedition down the coast. The Georgia and South Carolina regiments were discontented, and only appeased by Jeff Davis' promise that enough troops would be sent to their homes to drive the Yankees into the sea. Preparations were making for the removal of the rebel capital greatly to the rage of old Virginia, which Jeff Davis threatens to leave to its fate on the plea that it costs more than it comes to in supporting an army there.

WASHINGTON. — A new order comes from Gen. McClellan prescribing the duties and responsibilities of chaplains, who are now, in too many cases, a disgrace to the army.

WASHINGTON.—There is no doubt of a quorum tomorrow when congress convenes. It is probable the President will not communicate his message before 1 o'clock. No advance copies of the message have been transmitted and it will therefore be telegraphed.

NEW YORK.—The Richmond Dispatch says that the rebel congress on Oct. 27 passed a law admitting Missouri into the southern confederacy.

ROLLA, Mo.—A scout who has followed the rebels since their evacuation of Springfield reports the rebels, some 15,000 strong, are moving northward in three divisions. The right wing of 6,000 is commanded by Gen. McBride and rests on Stockton, Cedar county. The left, under Gen. Rains with 4,000 men, held a position near Nevada, Vernon county. Gen. Price commands the center division of 5,000 men and is near Monticello. Price's intention is to march into Kansas and make that state the field of his operations.

25 YEARS AGO TODAY

DECEMBER 2, 1901.

CHICAGO. — County Democratic headquarters were fortified preparatory to the election of officers of the county committee today. Half way up the narrow stairway which leads from Randolph street to the rooms above, an iron partition, strongly braced, was put up with a doorway in it which will not allow more than one man to pass at a time. The fortification was put up by the city hall faction, with the purpose, it is understood, of seeing that no member of the committee except those holding cards signed by Robert E. Burke are admitted. Burke claims he has 98 members of the committee with him, as against 27 for Chairman Tom Gahan.

CHICAGO.—Because her fiancé, Frank O'Brien, reproached her for wearing a bouquet given her by some one whose name she refused to divulge, 17 year old Ella Winter, 5134 Wentworth avenue, killed herself by drinking acid in his presence in the Winter home.

VIENNA.—The Constantinople correspondent of the Neue Presse telegraphs that the bodies of Miss Ellen M. Stone and Mrs. Gregory Tsilka, American missionaries, captured by bandits and held for ransom, have been found near Dubnitza, Bulgaria, twenty-two miles from Sofia. The dispatch says that an official report from the Vali of Saloniki confirms the statement that the two women are dead. Their deaths apparently occurred a month ago.

NEW YORK.—Miss Vivian Sartoris, granddaughter of Gen. Grant, is said to be engaged to Morton Nichols, son of Mr. and Mrs. Gilman Nichols of New York. They were engaged a few years ago. Then Archibald Balfour appeared and took Mr. Nichols' place. The wedding day was set, when Mr. Nichols appeared again and Mr. Balfour was sent on his way. Now the Sartoris-Nichols wedding is expected to be a thing of the early future.

10 YEARS AGO TODAY

DECEMBER 2, 1916.

ATHENS.—The king of Greece has agreed to give up the artillery and munitions demanded by Admiral du Fournet, commander of the allied fleet, and the allies are withdrawing from Piræus.

LONDON.—The Daily Mail's Athens correspondent says: "Firing between French sailors and Greek troops has begun near the Theseion station, the terminus of the Piræus line and near the Acropolis. A panic has begun in Athens. Crowds are rushing through the streets and the shops are being shut. Two French cruisers have entered Phaleron harbor."

LONDON.—The Roumanian campaign has turned into one great battle extending from the Carpathians to the Black sea, without a single break in the entire line. The forces of Von Mackensen and Von Falkenhayn are closing in on Bucharest from the northwest and the southwest for the final blow at the capital. The vanguard of the Germanic forces has reached Lake Greaca, to the southeast of Bucharest. Thus the city is hemmed in on three sides. Meanwhile, on the north, along a 186 mile front, extending from Jablonitza pass, the great gateway between Galicia and Hungary, to the southern Moldavian front, the Russians have sprung to the attack with their mightiest forces, and at numerous points the Germanic armies have yielded valuable ground.

A LINE O' TYPE OR TWO

Hew to the Line, let the quips fall where they may.

By R. H. L.

MINISTRANT.

When I pressed the white road
Past your gate,
You gave me shelter,
For the hour was late;
You gave a bowl of curds
And a silver spoon,
Then I sang for you
An old Norse rune;—
You gave a wide hearth
On a waxen floor—
Blessed is the minstrel
Who finds your door:—
And with the golden dawn
I went down the road,
Forgetful of my old wounds
And the heavy load;
For when I gave a bit of verse
And you a bit of bread,
There fell a lasting blessing
On each head.

ABORIGINE.

WE ARE GOING to continue our fight for the down-trodden farmer, but we will not weep for their horses, cows, and pigs. We went out to the live stock show at the stockyards yesterday and cows as big as elephants crowded us out of the aisles. And the cows had hair marcelled and waved and the horses had sassy silk ribbons braided into their manes and tails, and the pigs were all manicured, and each one had a personal servant, and they grunted at us in the haughty, insolent tone that wealth employs when it comes in contact with the worthy poor. The farmers may be having it tough, but pretty soft, say we, for the live stock.

Susan—Is That Nice?

R. H. L.: How remarkable? It only took Wallie Steffen, coaching Carnegie Tech, fourteen years to bring it out of Class B. The Maroons should get him. And then in 1940 they can beat Notre Dame, too. SNEERING SUSAN.

MODERNIZED MYTHOLOGY

ORPHEUS AN' EURYDICE.

By SNOWSHOE AL.

This bird Orpheus wuz tha ukulele pest uv Mythology. Wen he wuz a kid his father gave him a sea-shell. Orpheus put strings akross it an' invented a insterment wich perduced tha damdest noise in existance. He wuz also kenvinced that he wuz a singer uv merit. He used tuh taik his hip pocket hand-organ an' go out along tha river bank an' play it, much tuh tha disgust uv tha fish. Then he wood bust loose with a vocal accompanyment, an' tha kokonuts wood grit there teeth an' fall off tha trees by tha hundred.

Then, tuh remoove any doubt about him bein' a dam fool, Orpheus got married. He wuz so happy that he sat up all nite playin' on his 4 string Baby Grand. His wife died tha next mornin'. Her naim wuz Eurydice. So Orpheus went tuh Hades tuh try an' bring her back. He wandered rite in, an' started singin' an' playin'. Satan wuz seated at his desk checking over sum membership applications wen he herd tha racket. He pressed a button, an' his chief fireman kaim in.

"Wot in Hell is all that noise?" sez Satan, reel peeved.

"It's a gink naimed Orpheus," sez tha chief fireman; "he's playin' a insterment wich looks like a violin's pup."

"Wot's he cryin' about?" sez Satan.

"He ain't cryin'," sez tha c. f., "he's singin'."

"Chase him out uv here," sez Satan; "with a voise like that, this plase is too dam good fer him."

So Orpheus got run out uv tha dump. As he went out he met a Scotchman going in tuh search fer a lost golf ball.

"My wife is in there, an' they wont gimme her!" howled Orpheus.

"My wife's there too," sez tha Scotchman, "an' they kin keep her. But if they don't kum akross with that ball, I'll muss Hell all up."

WILDA KNUFF—ladies and gentlemen—Wilda Knuff, who lives at 5481 Rohns avenue, Detroit, is an applicant for admission to the Line's Academy of Immortals. Ede-N-Lee is her sponsor, and to support his claim he sends a clipping from the Detroit News a half column long telling how Wilda had a fierce battle with bandits in Detroit, but she wasn't Wilda Knuff because the demons took two hundred dollars away from her. But she's Wilda Knuff for the Academy. Step right in, sister.

There's a Home Girl On the Cover

Please, It's *Linebook* Night.

R. H. L.: Isn't this a wonderful world? I saw the Army-Navy game when I'd given up all hopes, Dennis (Godluvim) is playing Sunday nights again—although you have to buy-your-tickets-early if you want to see him; I made the Line yesterday, I got an autographed copy of "Snowshoe Al's Bed Time Storries" after I'd worn out the first one; I have 100 Linebooks ordered, and now we're to have a radio Line Night. It's most too good to be true. GIN.

Oh How Crooel!

RHL: Officials are complaining because, they say, there are too many policemen in swivel chairs and not enough on the beat. Well, what the heck—do they want to turn our nice policemen right out into the street with all these gunmen and crazy drivers running loose? HERBLOCK.

WE ARE INDEED SORRY, but we cannot autograph the popular edition of the 1926 Linebooks. The Linebook stock is kept at the Trib Public Service Office, No. 1 South Dearborn street, Chicago, and all mail is sent out from there. We are over on the Boul Mich, north of the river, and can't possibly get over to the Pub. Serv. every time old Hugh Donaldson sends a fresh batch of Linebooks to the postoffice. For, beginning next Saturday morning, Hugh says that will be about every five minutes for many, many days.

And Then Came General Lafter.

Richard: Of course this is late—but I've just come to since the Army-Navy game. I had fifteen bucks on the Navy and so figured on seeing the game for nothing. When that fumble happened a bird behind me yelled, "Is that Admiral Muffett?" LEUMAS.

Boy! Page Colorado Pete!

R. H. L.: I care not what wondrous stars of the Line you have on top of the Drake when you broadcast Dec. 8 in celebration of the new Linebook if you have Colorado Pete. Oh, to hear him repeat "Walkin' in the Rain with a Bob Haired Girl" and "There's Something About a Kiss That's Cold." I know he lives away off in the Rockies, but get him, get him! ANGUISHED ANGIE.

No, Hank, Don't Let Him Horn In.

R. H. L.: Maybe trombone blowers are unpopular because they have no sax appeal. HERBIE FAT.

GEN. ANDREWS received the merry ha-ha when he told a thousand New Yorkers that it would be harder for them to get beer next year. They'd better not laugh. By that time New York may become U. S. territory. R. H. L.

AFTER THE GAME.

Paris, Ill., Nov. 30.—As one who would serve the cause of world peace with all his might, I thank THE TRIBUNE for its editorial, "A Great Game and Its Meaning."

America has an extremely difficult course to choose these days. Men similarly devoted to peace may honestly differ as to the league, the court, and much else. But to me one thing seems beyond questioning: America cannot afford, as the friend of peace, to expose the treasure house of the world to a weak self-protection.

While I am writing of peace, I go on to say that there is hardly as much mistake over any two other subjects as about military training.

Those boys who dedicated Chicago's great stadium are not the youth who will plunge us into war. They know too well what an exacting business war has become to enter upon it thoughtlessly. So it was in my life: and I wore a uniform through nearly seven years. The plunge will come from our neighbors who know nothing but peace.

Those of us who would lay down our lives for the peace of the world will serve our cause better by making our influence felt in congress in behalf of adequate allowances for an adequate self-defense. ALLEN D. ALBERT.

ARTISTIC VERISIMILITUDE.

La Grange, Nov. 26.—Will some artist tell me why, when a statue is to be made, such as that of the Army Mule and the Navy Goat, the artist does not study a live animal so as to make its likeness in the statue?

Many West Pointers were reared outside the cities and know a mule when they see it, but it's my guess that not one of those would ever be able to rein a mule's head that high. The only way to get a mule to "star gaze" would be to make him eat hay from an overhead manger, and I've my doubts even then—though I may be wrong. The mule is symbolic of a long, hard pull, but one would not guess it from the picture in yesterday's TRIBUNE.

And the Navy Goat—would it have been impossible to obtain a picture of the Navy mascot so as to get some idea about the shape of its horns? The horns of the statue goat are so curved and appear to be so parallel with the sides of the body that if the goat raised his head sufficiently to eat or drink the horns would rub his shoulders. INTERESTED.

THE PORT OF CHICAGO.

Chicago, Nov. 26.—Reference is made to the article in your paper of Sunday, the 14th inst., by Oscar Hewitt, commenting upon the water terminal plan of your traffic manager, Mr. Antrim.

Having been an industrial traffic manager for a number of years and president of the Illinois Tunnel company, I think it is fair to assume that I am fairly familiar with the terminals of Chicago.

Since the war the railroads have completely mastered the situation, a car shortage being practically unknown, regardless of the phenomenal traffic moved. Therefore the industries have received service such as they had never before known.

The terminal situation is a very important one, and it is only a question of time, in my judgment, when the water facilities will be utilized to the maximum, especially for heavy freight. It is therefore particularly fitting at this time for a plan to be submitted for the consideration of every one interested, and as I have studied it over Mr. Antrim is to be commended for this very carefully prepared plan. C. O. FRISBIE.

DR. BUNDESEN'S PHYSICIANS.

Chicago, Nov. 30.—The letter in the "Voice of the People" on Tuesday, Nov. 30, entitled "The Salaries of City Doctors," signed by "G. S.," is not only not founded on facts but is perniciously misinforming.

As commissioner of health of this city, I officially make the following statements regarding the conditions under which the doctors employed by the department of health work:

The average time these doctors have served the city is from 10 to 12 years.

Practically all are graduates of class A medical schools.

Nearly all have served from one to two years as internes in hospitals before being employed by the city.

Every one of them is a reputable doctor in his locality.

Many are high grade specialists in diseases of children.

The doctors employed by the Chicago department of health are on duty and subject to call 24 hours a day, Sundays and holidays included. They work on an average of four to five hours a day and, on urgent occasions, spend days and nights, as in epidemics.

Basing their visits on the average charge of a physician's professional call, the doctors of the department of health receive about 10 cents per visit. To cover the territory assigned each physician is forced to use an automobile, the running expense of which he pays out of his own pocket.

No other professional man must take the time necessary to prepare for practice as does the doctor.

In spite of the inadequate pay given the doctors of the department of health, I acknowledge their great, unselfish, and often self-sacrificing efforts toward putting Chicago at the top of the list of the largest cities of the world with the lowest death rate.

The citizens of Chicago could do no better service for themselves than to adequately compensate the doctors of the Chicago department of health, not that the doctors will do better work, for they are doing their best now, but such action would lure the best of the profession to fill in the ranks of this class of medical service. Above all, it would stop the unjust criticism of those in ignorance of the true conditions.

HERMAN N. BUNDESEN,
Commissioner of Health.

COMPARATIVE VALUES.

Chicago, Nov. 28.—Would the people of Chicago donate $600,000 to purchase food for the Chicago poor as readily as they did to see the Army-Navy game? J. C. KINNEY.

THE GRAVE IDENTIFIED.

Chicago, Nov. 29.—On Nov. 22 Gladys Johnson inquired about the grave on a large lot between 92d street and Ewing avenue. My great grandfather, Andreas von Zirngibl, is buried there. He came to this country many years ago, bought 44 acres of land in that vicinity, and fished and trapped for a living. He died in 1855 and was buried, as he wished, on a spot in what had been his backyard. ELMER A. KIRCHWEHM.

AT HOME

[Buen Humor, Madrid.]

"Is Mr. Gutierrez at home?"
"Yes, sir."
"Could I speak to him for a moment?"
"I'm sorry, sir, but it's impossible; he died this morning."

The Yuletide Candle, complete as shown, is $2.50.

STINGING WINDS CARRY CALLS TO GOOD FELLOWS

And Army of Good Cheer Is Assembling.

Snow flurries and the drop in the temperature of the weather yesterday gave a slight impetus to the recruiting campaign for this year's Good Fellow army, according to reports from THE TRIBUNE's Good Fellow department at 1 South Dearborn street.

But Good Fellows, the same elements seemed to stir the poor children to action, and each batch of mail received at the Good Fellow department seemed more bulky. Each batch of letters contained the appeals of poor children to send some Good Fellow to their homes on Christmas eve or Christmas morning with plentiful supplies of Christmas cheer for poor kids.

Each childish letter, some written on bid wrapping paper, told its own story.

Carry Usual Childish Appeal.

The letters carried the same childish appeal for toys, and candies, and nuts.

Good Fellows, the recruiting campaign for the 1926 battle in behalf of the poor kids of Chicago is not keeping pace with the number of poor family applications for aid. Yesterday THE TRIBUNE's Good Fellow department was busy arranging the letters according to the section of the city from which they came.

Good Fellows, register now for the 1926 Good Fellow campaign. There is a larger army than ever needed this year.

Asks for Santa Claus.

In yesterday's mail consignment little Eno writes to Chicago Good Fellows that he recently came from Italy and would like to see "a Santa Claus from America."

Another appeal comes from a little fellow out on the south side who says he "heard all about it in the CHICAGO SUNDAY TRIBUNE," and wants to be remembered. Here's another in which a stepfather plays a rôle of not working any too steadily. This little chap says:

"My father is dead and I have three brothers besides me. But my mother is living and I have a stepfather. But he does not work setady. So I want a bicycle and something for my brothers. I want candy and nuts, too."

Here's a little northwest side fellow who lives with his grandparents. His grandfather is sick. This boy would like to have some fruit and candy for Christmas.

Good Fellows, remember there is less than a month. Register at THE TRIBUNE Good Fellow department.

Louis Rosenfield's Estate, $1,050,000, Left to Family

An estate of $1,050,000 was left by the late Louis Rosenfield, former vice president of the Sunnybrook Distilling company, according to the will filed in the Probate court yesterday. One-third of the estate was left to his widow, Mrs. Sarah Rosenfield, 4801 Drexel boulevard. The balance was left in trust to two sons and a daughter, who live with their mother. They are John and William Rosenfield and Mrs. Ethel R. Harris.

THREE SUSPECTS SEIZED IN $135,000 POSTAL ROBBERY

Three pals of Tommy Holden, who was arrested two weeks ago and identified as one of the participants in the $135,000 holdup of a mail train at Mount Greenwood, were taken into custody yesterday by Lieut. Ed Birmingham and his squad from the detective bureau.

The three were seized in Kenney's soft drink parlor at 75th street and Euclid avenue. They gave their names as Clement "Red" Tatton, 243 West 62d street, known as a safeblower; John Barris, alias John Barry, 6742 S. Halsted street, also known as a safeblower, and Joseph Romo, 7810 Greenwood avenue, who said he was a cigar store proprietor.

They will be turned over to the government today. The three were also wanted as suspects in the safeblowings in the Kellogg Switchboard company and the Wahl Pen company.

MOTHER AND GIRL TRAPPED IN HOME BY FIRE; RESCUED

(Picture on back page.)

Firemen rescued a mother and her five year old daughter from their rooms in the rear of the Montrose Manufacturing company, 4536 Irving Park boulevard, yesterday when the two were trapped by flames that burned the stairway. The mother, Mrs. Jeanette From, wife of Sam From, watchman in the plant, was nearly overcome before she was rescued. From had seen the flames and called engine company No. 69. When the firemen arrived, the flames had cut off the rear entrance, and Capt. James Sullivan and Lieut. Paul Smith raised ladders to the window of the From rooms and carried the woman and child to safety. Damage to the plant amounted to $5,000.

E. J. Hasten Appointed to Civil Service Commission

Edwin J. Hasten, lawyer, was appointed a member of the county civil service commission yesterday by President Cermak of the county board. Mr. Hasten succeeds the late Preston F. Gass. He lives at 101 South Parkside avenue.

$1,000,000 for this way to end Colds

One of the world's largest laboratories perfected a way to end colds. It combined a number of modern discoveries. That way proved itself so efficient, so quick, so complete that we paid $1,000,000 for it.

That way is called HILL'S. It checks a cold in 24 hours. It ends the fever, stops the headache. It opens the bowels, tones the entire system. And without any ill effects. As a result, one usually feels better than before the cold began.

Millions now employ it. When they learn its results they keep it ever on hand. Then a cold rarely gets started.

Here is all-in-all for colds—the best modern science knows. Things will change tomorrow if you take it now. Go start it without delay.

PLAN ANEW FOR BOY GUIDANCE AS CONFERENCE ENDS

Resolutions designed to remedy the need of a more extensive and intensive development of the spiritual life of the boy of today, emphasized repeatedly at the three day international conference on boys' work which closed yesterday at the Edgewater Beach hotel, were adopted at the final meeting of the 500 delegates.

It was resolved that "In this materialistic age, it is necessary that greater effort be made to maintain proper spiritual balance," and that "as the home is the most valuable right of the child, all possible means be taken to preserve the highest ideals in every home." Other resolutions urged a comprehensive study of the life and needs of boys in the United States and Canada.

The following officers were elected for the 1927 conference, which will again be held at the Edgewater Beach hotel: President, Benjamin F. Jones of Newark, N. J.; first vice president, William E. Hall, New York; second vice president, Brother Barnabas, New Haven, Conn.; third vice president, Rowland C. Sheldon, New York; fourth vice president, C. E. Foster, Springfield, Mass.

HOLD NINE AS ROBBERY SUSPECTS.

Seven negroes and two white men are being held at the Wabash avenue police station as suspects in a number of robberies and taxicab holdups. A score of robbery victims will seek to identify the suspects.

—Hanny in the Philadelphia *Inquirer*.

THAT THE NEXT DEMOCRATIC CONVENTION will be the scene of another wet-and-dry, Smith-and-McAdoo battle as bitter as that fought in Madison Square Garden, is the belief of several editors and writers on political affairs who note Governor Smith's increased prestige, Mr. McAdoo's leadership of the successful dry forces in California, the open campaign of the dry organizations to head off the Smith candidacy, and finally ex-Secretary Meredith's definite announcement that the McAdoo hat is again in the ring.

"What a mess it will be!" exclaims the independent Springfield *Republican;* "another McAdoo-Smith fight and what will remain of the Democratic party as a cohesive and militant force?"

At any rate, observes the Philadelphia *Public Ledger* (Ind.), this possibility "will not stimulate the lacrimal glands in the eyes of a single Republican."

You surely will be interested in reading in The Literary Digest this week a full account of this most interesting development in Democratic political circles. It presents the editorial views of many leading newspapers, statements from the leaders of the Anti-Saloon League, and Protestant churchmen. In the panel at the left you will find listed other articles of exceptional interest.

How to Have Soft, Pretty White Hands

Many women will undoubtedly be glad to know how they may have beautiful, white, soft, pretty hands regardless of the work they have to do. The secret lies in rubbing a little Ice-Mint into the hands occasionally, preferably just before retiring at night. In the morning you will be agreeably surprised at the pleasant transformation that has been wrought by even a single application. Ice-Mint is made from a Japanese product that is simply marvelous for its beautifying properties whether used on the hands or face. Regardless of what kind of work a woman does she should have pretty hands as they are really the true marks of refinement. A few applications of Ice-Mint will actually make any woman proud of her hands and skin. It costs little and is sold and recommended by good druggists everywhere. United States Mfg. TRANSIT BOND OWNERS QUERY LISMAN ON PLAN

Decline to Form Group in His Interest.

F. J. Lisman and John Maynard Harlan, in their fight to gain control of the Chicago Surface lines, went directly to the security holders yesterday at a meeting of nearly 400 of them at the Hotel La Salle. Most of the security holders were doubtful, many belligerent.

Each bond holder, as he entered, was handed a pamphlet extolling the Lisman plan. Mr. Lisman then talked for an hour.

Seeks Questions, Finds Them.

Then Mr. Lisman offered to answer questions and the trouble started.

"Isn't it true that under your plan the security holders, generally, will receive less interest than at present?" E. A. Borchard asked.

"Only 20 per cent would get less," Mr. Lisman replied. "Eighty per cent of them would draw the same interest."

"Then you admit that, as a whole, they will get less?" Mr. Borchard queried.

Mr. Lisman refused to answer yes or no.

"But don't gloat over what you are getting now," interposed Mr. Harlan. "Think of Feb. 1 when your companies are bankrupt. Contrast what you will get then with what you will get under the Lisman plan."

"Do you think under a federal receivership the value of our securities will drop?" Joseph F. Dixon, another security holder, asked.

"Yes, I do." Mr. Harlan answered.

Doubts Any Sudden Decline.

"I don't agree with you," Dixon said. "The great south side lines that you are trying to get hold of are worth much more than when the mortgage was given. The cars are going to keep on running, and they'll have to settle with us. For my part, I'd rather see a receivership than exchange my bonds for Lisman bonds, which I think are poorer."

Another inquirer asked Mr. Harlan if Mr. Lisman gets the franchise, what he will do if the present companies refuse to sell to him.

"If we get the lease," he said, "the gentlemen of the other companies will have to come into line, if necessary by the persuasive force of the United States court."

Half a dozen other security holders said they didn't want to barter their bonds for promises.

Refuse to Form Committee.

Only a few persons remained after Mr. Lisman asked that security holders, who have not deposited their bonds with protective committees, stay and organize an independent committee to deal with him. No such organization was formed.

Mr. Lisman will appear today before the Barr terminable permit commission in session at Springfield. Mr. Harlan was heard Monday.

James Simpson, Rufus C. Dawes, John Hayes, George Woodruff, George F. Nixon, P. A. Nash, and Stuyvesant Peabody, the new citizens' transit commission, will be asked to meet and plan procedure, then meet with the council committee on local transportation.

15 Year Old Iowa Boy Hangs Self on Farm

Letts, Ia., Dec. 1.—(AP)—Wayne Mittrell, 15 year old son of Lloyd Mittrell, a farmer, went to his father's barn and hanged himself last night. No cause is known.

HOW $240 BECAME $1,400.

A settlement was recently made on a savings and life insurance account in the Harris Trust and Savings Bank whereby a depositor's family received $1,428.78 on an account which had been carried for twenty-nine months with deposits of $8.40 per month, making a total deposit for that period of $243.60.

The account was originally opened with the intention of saving $1,000 by making small deposits in the bank each month, but before the objective was reached the depositor died. Because of the insurance feature of this plan the position was paid to the depositor's family in addition to $428.78, representing the bank balance and disability benefits received through this plan.

Any one between the ages of 10 and 70 is eligible for this plan, and any amount between $1,000 and $25,000 may be accumulated by making the required monthly deposits. A postcard addressed to the Harris Trust and Savings Bank, 115 West Monroe Street, requesting additional information, will be given prompt attention.—Adv.

To End Severe Cough Quickly, Try This

For real results, this old home-made remedy beats them all. Easily prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous home-made remedy. The prompt relief is almost magical. It is easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or use clarified honey, instead of sugar syrup. Either way, it saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon the phlegm thins out and disappears. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of Norway pine extract and palatable guaiacol, the most reliable remedy for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

ORDERS TRIAL OF 16 FASCISTI FOR KILLING MASONS

Year's Quiz of Riots in Florence Ends.

BY JOHN CLAYTON.
[Chicago Tribune Press Service.]
[Copyright: 1926: By The Chicago Tribune.]

ROME, Dec. 1.—Four Fascists must answer to the Court of Assizes of lForencé, Italy, for the death of Gaetano Pilati, Scottish Rite Mason of Florence. Twelve others will face trial for the death of Gaetano Consolo, Scottish Rite Mason, for the attempted murder of Ademaro Cozzi, Scottish Rite Mason, and for burning the shop of one Busoni, the law offices of Sig. Corazzini and Sig. City, the tailor shop of one Cardozo and the home of one Targetti.

This decision was announced late last night by the Court of Accusations, charged with the investigation of the anti-Masonic riots in Florence on Oct. 3 and 4, 1925. The date of the trial was not set, but it probably will be heard at the next session of the Court of Assizes in Florence.

Thus, more than a year has passed since the attack on the Masons of Florence. The accused have been in jail since early in November, 1925. Six persons under arrest will be released bcause of insufficient evidence. The trials for plunderings and minor crimes during the night of terror already have been completed.

Italy Becomes Albania's Protector.

"Hands off Albania."

This is Italy's message to Jugo-Slavia, Greece, or any other power which might be interested in the overturn of the present Albanian government or wish to annex a slice of Albanian territory in the treaty of friendship and coöperation signed on Nov. 27 and published officially today.

Italy's guarantee of political, judicial, and territorial status quo secures Achmed Zogu in his position as head of the Albanian government and assures him of the support and coöperation of Italy against any revolutionary attempts he may be unable to handle with his own resources. It also insures him of Italian aid in event of any foreign invasion.

Like a Military Alliance.

Assurances that neither nation will enter into political and military alliances contrary to the interests of the other places the present treaty almost within the category of a military alliance.

Added importance to the treaty is given by the fact that it is the first international treaty made by any power with Albania.

New Rumor That Hoffman Will Resign Is Denied

Democratic members of the county board declared yesterday they were ignorant of any plan to ask Sheriff Peter M. Hoffman to resign so that he may be replaced by Ald. Joseph B. McDonough, close friend of Patrick J. Carr, who died after his election to the office. President Cermak of the board said he knew nothing about the report.

MEXICAN COURT FREES BISHOP IN SEDITION CASE

Mexico City, Dec. 1.—(AP)—A conviction for sedition against Bishop Zarate of Huejutla, in connection with the enforcement of Mexico's religious regulations, was set aside by the appellate court today in reversing a lower court judgment, dispatches from Pachuca say. The appellate court, however, found the bishop guilty of disobeying court orders.

Urge Religious Bars in Panama.

PANAMA, Dec. 1.—(AP)—Religious restrictions similar in many respects to those now in force in Mexico are called for in a bill which has been submitted to congress by liberals. The measure is likely to become the subject of heated debate, both within the chamber and among the public.

The bill provides that teaching shall be entirely laical, that priests shall be forbidden to direct perodicals or to make political attacks or criticisms of state institutions, that religious communities may not possess property, that all church property shall revert to the state, and that religious manifestations out of doors shall be prohibited. Violations would be punishable by arrest and heavy fines.

NEW SKI SLIDES TO BE BUILT IN COUNTY FORESTS

Provisions for winter sports in the forest preserves will be considered at the first meeting Saturday of the newly organized Forest Preserve All Sports club in the office of President Anton J. Cermak of the county board.

Building of additional ski and toboggan slides and extension of skating and hockey facilities will be considered by the club, which is backed by the county board. The ski slide at Palos Hills, on which the annual Forest Preserve ski meet is held, is reported to be in good shape, and a smaller ski slide has been ordered built at Forest Glen. Toboggan slides have been provided at Palos Hills and Beverly Hills.

Regulation hockey rinks, 112x58 feet, will be placed at Cermak park, in Lyons, Forest Glen, and on Western avenue between 87th and 88th street.

Sues Theatrical Manager for $1,800 She Calls Loan

Seeking the return of $1,800 which she said she lent to Lester Bryant, theatrical manager, Miss Natalie Ogden, art student, living at the Eastgate hotel, yesterday filed suit in the Superior court. She charged that while Bryant was a lessee of the Central theater she lent him the money.

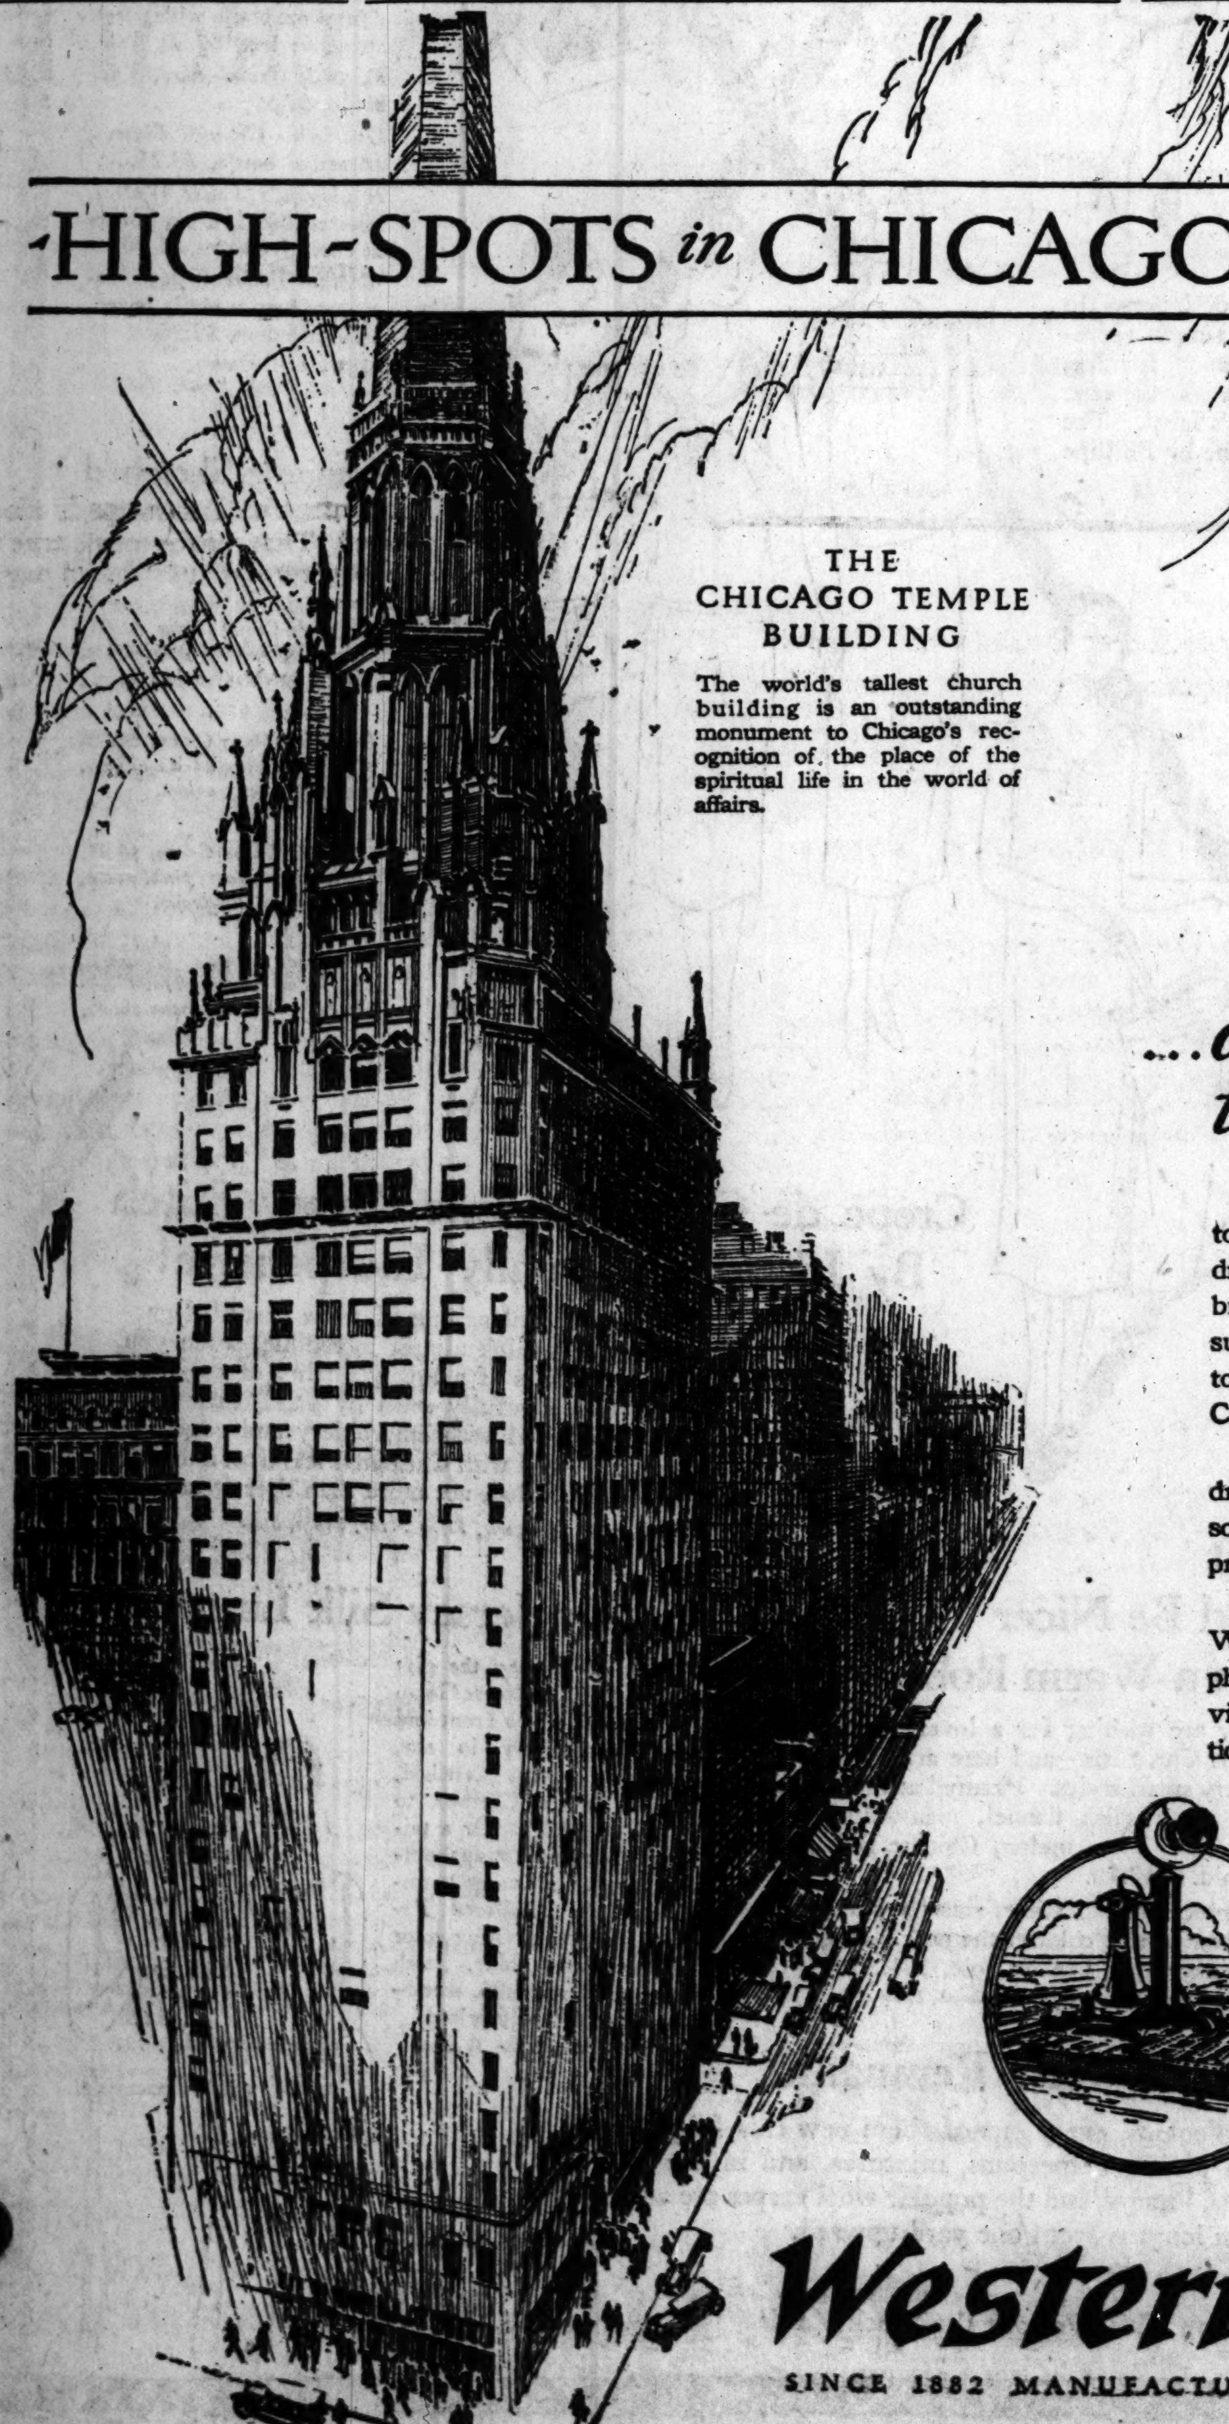
HIGH-SPOTS *in* CHICAGO'S GROWTH



THE
CHICAGO TEMPLE
BUILDING

The world's tallest church building is an outstanding monument to Chicago's recognition of the place of the spiritual life in the world of affairs.

. . . and the home of the telephone

The men who trekked from the east to build a city at Fort Dearborn never dreamed that other men with equal breadth of vision would build with sublime daring a Temple Tower—a tower of inspiration in the very heart of Chicago's mart.

Nor could those early pioneers have dreamed that from the prairie would some day rise the great industrial enterprises that have helped to build Chicago.

The Western Electric Hawthorne Works, whence come the nation's telephones, is the material evidence of the vision of pioneers in the communication industry.

LEITER PICTURED AS EXTRAVAGANT SON OF RICH MAN

Countess' Lawyer Attacks Joseph in Overalls.

BY GENEVIEVE FORBES HERRICK.

After four hours of statistics, the Leiter trial, just before the day's adjournment in Judge Denis E. Sullivan's court yesterday afternoon, swung into a more personal conflict between a $2,000,000 sign and a pair of mud-stained overalls.

For a sprightly thirty minutes there was a clash in the opposing views of Attorney Frank H. Scott, counsel for Lady Marguerite Hyde, countess of Suffolk and Berks, and Attorney Henry Russell Platt representing Joseph Leiter, accused by his sister, Lady Suffolk, of mismanaging the estate of their father, the late L. Z. Leiter.

Mr. Platt had previously painted his client, or at least that is what Mr. Scott yesterday maintained, as a hard working son of toil, who wore muddy jeans down into the mine at Zeigler, and labored diligently, the while his sisters rested far from the scene.

Calls Joseph a Waster.

Mr. Scott, recalling to the court the defendant's flyer in wheat in 1897, to the tune of a pair of millions, sketched the same defendant as an extravagant youth who had squandered his patrimony before it was even his, and who jolly well ought to have scurried around in overalls if need be, to help manage the estate, as a recompense for the monies his father had advanced him.

It was after former Judge George A. Cooke, counsel for Lady Suffolk's three nieces and co-plaintiffs, had finished his cross-examination of Leiter that Mr. Scott said to the witness:

"There has been reference to an adventure of yours in wheat in 1897. I want to know just how much money your father advanced you. Your counsel has placed you before this court as a hard working son, toiling in mud-stained overalls."

Mr. Platt objected, saying, "The money which L. Z. Leiter advanced his son was the father's own and did not belong to Mr. Scott's client. He had a perfect right to do with it as he chose. In the country to which Lady Suffolk claims allegiance the oldest son always receives the bulk of the fortune."

Judge Rules for Joseph.

Finally Judge Sullivan ruled against Mr. Leiter being compelled to tell just how much money, in addition to the $2,000,000 mentioned in Mr. Leiter's will, the father had advanced to his son.

Mr. Scott asserted that Leiter, during a period when the mines at Zeigler were sealed, following an explosion, had put into the enterprise about $53,000, but had taken from it something like $63,000, when the sources of income were only from the stores at the mine. This extra $10,000 came to Mr. Leiter, Attorney Scott declared, from his mother, who, he said, put many thousands into the Zeigler business.

"That is wrong. I put $63,000 into the enterprise," Mr. Leiter insisted.

MAN DROPS DEAD ON STREET.

Victor Kremowski, 55 years old, dropped dead yesterday in front of 760 Milwaukee avenue. Heart disease is believed to have been the cause. Racine station police were unable to learn last night where he lived. The body was taken to Korziewowski's undertaking rooms, 810 North Carpenter street.

M'ERLANE HITS APPOINTMENT OF 2 PROSECUTORS

Ouster of Special State's Attorneys William McAleer and James McNeff from the trial of Frank McErlane, Chicago gangster, was asked yesterday in the Porter county, Ind., Superior court by Attorney Ira M. Holmes, representing McErlane, who is charged with the murder of Thaddeus Fancher, Crown Point, Ind., attorney. Instead of resisting the state's motion for continuance of the case because of the illness of Prosecutor McAleer, Attorney Holmes attacked his appointment and that of McNeff.

In a petition the defense contended that transcript of proceedings in the Lake county court wherein it is stated that McAleer and McNeff were appointed at the request of the state, is untrue.

Judge Harry Crumpacker delayed all matters pertaining to the trial pending correction of the record and investigation of the legality of the appointments.

Brunswick's "Light-Ray" Electrical Records play on all phonographs with astounding results, but best of all on the Brunswick Panatrope.

THE music of the Brunswick Panatrope is *electrically* reproduced. That means music true to life . . . incomparably beyond any reproduced music the world has ever known up to this time.

Compare any musical entertainment for the home you can find with the Brunswick Panatrope . . . and you'll agree, nothing else is like it. Artists now sing and talk to you with a lifelikeness that is startling; instruments likewise regain the *naturalness* of tone that other reproducing methods fail to give.

The Brunswick Panatrope may bring you radio as well as all recorded music. The Panatrope shown above may be used as the loud speaker for your own radio with astounding results. Certain models combine in one beautiful cabinet the Panatrope and Radiola Super-heterodyne.

By all means hear the Brunswick Panatrope before you buy any Musical Instrument or Radio. Any Brunswick dealer will gladly demonstrate. In the comfort and harmonious surroundings of his store, listen to this superb instrument.

ASSASSINS MISS ARGENTINE CHIEF, BUT KILL FRIEND

Gunmen Outrival Chicago in "Tragic Province."

BY HAROLD TATAM.

[Chicago Tribune Press Service.]

[Copyright: 1926: By The Chicago Tribune.]

BUENOS AIRES, Dec. 1.—Political gunmen late last night tried to assassinate Dr. Aldo Cantoni, governor-elect of the province of San Juan, while motoring to his home in the city of San Juan accompanied by Dr. Fernando Santa Maria, his personal friend and political colleague. The assassins, occupying another automobile, fired more than forty volleys, instantly killing Señor Maria, who fell riddled with bullets, while Señor Cantoni escaped unhurt.

News of the occurrence quickly threw the city into a state of ferment, many citizens aiding the police in the pursuit of the criminals, who fled toward the Chilean frontier.

The "Tragic Province."

The fatal affair adds one more to the already long list of political assassinations to which Argentina's "tragic province" seemed doomed. Since 1840 few governors in San Juan have died natural deaths.

In 1841 Gov. Mariano Acha was besieged by armed forces. His political adversaries eventually surrendered when on the point of starvation and were forthwith beheaded under particularly callous conditions, being dragged naked to the scaffold.

Señor Acha's successor, Gen. Benavidez, who figured prominently in Señor Acha's condemnation, governed San Juan for twenty years, being finally assassinated in 1858.

In order to pacify the turbulent province, the federal government appointed an outside governor, Col. Virasoro, who for one year ruled with a rod of iron, until he was killed in 1859 by cold blooded assailants, who also exterminated the entire Virasoro family.

Three More Shot.

After Señor Virasoro's death the San Juan legislature appointed Dr. Antonio Aberastain governor, and he, in turn, fell victim to political assassins in 1861. In 1884 Gov. Agustin Gomez, after administering the province two years, also was assassinated.

The province then experienced political tranquillity until 1921, when Gov. Amable Jones was shot while motoring through the streets.

Although last night's attempt failed it is the object of extraordinary public indignation, caused by the murder of Señor Santa Maria.

RUSSIA EXECUTES MAN WHO AIDED AMERICAN RELIEF

Called to Moscow on Finances; Dies.

BY DONALD DAY.

[Chicago Tribune Press Service.]

RIGA, Latvia, Dec. 1.—George Brandt, Esthonian transportation expert, who during 1922 assisted the American relief administration in Riga to solve the problem of shipping $60,000,000 worth of relief supplies to the Russian famine sufferers, has been secretly executed by the state political police (cheka) in Moscow, according to a confirmed report received here.

Shortly after the American relief administration closed its activities in Russia, M. Brandt accepted a position in the soviet volunteer fleet office in Riga. A few weeks ago an urgent message called him to Moscow to take part in a conference, and from the time he crossed the Latvian frontier he disappeared.

An investigation made in Riga revealed that the soviet fleet offices here were unable to account for large sums of money due the local soviet trade delegation at the time of M. Brandt's disappearance, and his wife and sister believe local communist employés placed the blame on his shoulders, thus causing his execution.

Frightens 200 Other Employés.

The 200 communists employed by the local soviet trade delegation are frightened by the news of M. Brandt's execution. At the conclusion of the auditing commission's recent revision of their books, many were ordered to return to Moscow and explain peculiar expenditures. Several soviet employés petitioned the Latvian government for permission to remain in Latvia, and refused to return to Moscow.

The local soviet legation today received a communication from Moscow announcing that, unless the recalled trade experts immediately obey orders, their nearest relatives will be arrested and imprisoned.

Six More Peasants to Die.

The Pskov District court has sentenced six more peasants to be shot, bringing the total number of executions for participating in the October revolt to thirty-eight.

Mrs. Miriam Noel Wright will not leave the Southmoor hotel until Friday, according to her attorney, Harold Jackson, who yesterday declared she is selling many of her valuable Japanese prints and other art objects to pay part of her $1,000 bill at the hotel. Mr. Jackson said he is leaving for Madison, Wis., the first of next week. He declared his visit would have an important bearing on the Wright case.

SIAM IS HAPPY OVER BIRTH OF WHITE ELEPHANT

BANGKOK, Siam, Dec. 1.—(AP)—The Siamese people are greatly pleased at the birth of a white elephant in northern Siam. The populace regard it as a particularly good omen, coming as it does in the year of the king's accession.

The baby elephant is accepted by local experts as a true white elephant, although for the moment it is of a pinkish color, and its claim to being a "true white" has still to be pronounced officially.

It was brought, at the request of the Chao Luang and Siamese authorities, from the Borneo company's estate to Chiengnai. Priests received it at the city gate; it was garlanded by the Chao Luang and lustral water poured over it. Priests chanted while performing the "tam kwan" rite in accordance with the ancient custom and in the presence of a great gathering of all nationalities.

You are Right, Mr. Kittle

Sears, roebuck and co., analyzed conditions in the South. And on their findings they based the location of a three million dollar plant in Atlanta. Read what Mr. Kittle says:

Sears, Roebuck and Co.'s $3,000,000 plant in Atlanta

"We decided to build in Atlanta because of the fine transportation facilities and the very good reason that Atlanta is the heart of the great Southeast.

"We made a thorough investigation of the entire section, desiring to serve our patrons with better and quicker service, and finally decided that Atlanta should fill the bill.

"One of the chief considerations in our selection of Atlanta is the phenomenal growth of the Southeast and my belief in the growth of Atlanta."

700 of America's Greatest Corporations Have Chosen Atlanta as Southern Headquarters

Clearly and definitely, Industrial America has selected Atlanta as the most logical manufacturing and distributing point for the South—a section whose rapid growth is outstripping all attempts to record it.

More than 700 of the greatest names in business today are represented here with branch plants, warehouses and selling organizations. One after another, each seeking the ideal location for its own particular needs, after detailed surveys and comparisons, with all the facts before them, they have come to Atlanta—and here from first cost of plant to sale of finished product they have been a source of pride to the home office, establishing new records for volume because of the tremendous market they serve from here.

Accessibility to Rich Markets Plus Production Economies

Obviously, the huge investments made here by America's largest corporations are not the result of chance. The country's leading business executives attest the outstanding advantages offered by the Atlanta Industrial Area:

Easy accessibility to a rich and growing market of over 12,000,000 people reached overnight by 15 main lines of eight great railroad systems. A semi-circle of ports close by.

25 of the 26 industrial minerals; lumber, cotton, and many other raw materials are close at hand.

Hydro-electric power costs less, with one exception, than in any other industrial center.

Intelligent and highly efficient Anglo-Saxon labor is plentiful. The mild and invigorating climate allows full production every day in the year. A city of diversified industry, manufacturing and distributing over 1500 different commodities.

The financial capital of the South, ranking fifteenth city in the United States with annual bank clearings of $3,604,290,297—fifth nationally in per capita clearings.

Living costs 7.5% below the national average.

Industry has been quick to take advantage of these outstanding facilities for economy in production and distribution and every month sees new additions to the Atlanta Industrial Area.

Memo to your secretary

Write Industrial Bureau, Atlanta, for booklet, "Why We Chose Atlanta," which gives the experiences of nationally known concerns that serve the South from Atlanta.

To every manufacturer, to every executive in charge of production or sales, the facts about Atlanta will prove highly illuminating. Men who have been successful in other sections will find greater opportunities in Atlanta.

Let Our Industrial Engineers Serve You

To survey the Atlanta Industrial Area in relation to your business might cost several thousand dollars. We are prepared to offer you this service at no expense. Our report will cover your market, distribution channels and existing competition, labor conditions, source and cost of raw materials, data on available sites, together with construction costs and any other information you may desire.

Sound, unbiased and wholly dependable, this survey may be the means of opening up new channels of profit for you. All communications held in strictest confidence.

Public Approval

In 1917 the Inter Insurance Exchange of the Chicago Motor Club sold automobile insurance policies amounting to $32,000; in 1925, the net sales amounted to more than two million dollars.

The broad liberal policy of the "exchange" accounts for this remarkable growth. Claims are paid promptly; red tape is unknown; subscribers are satisfied, and induce their friends to place insurance with the "exchange." Here are the net sales since 1917:

1917
$32,081
1918
$56,461
1919
$167,729
1920
$617,455
1921
$1,120,934
1922
$1,216,952
1923
$1,521,194
1924
$1,753,212
1925
$2,070,343
1926
(to date)
$2,172,164

This healthy growth is a proof of public approval. Motorists will be interested in the cash saving feature of the "exchange." This "exchange" has never returned savings of less than 20%. For the year 1926 to date this cash return has amounted to $372,708.68.

HUSZAR TAKES STAND; DENIES "TRAP" CHARGES

Indian Joe Says "No" to Every Count.

Indian Joe Huszar, deposed as chief of police of Broadview, after his indictment for running a speed trap, never arrested any motorist unless he exceeded forty miles an hour, never abused any of his prisoners or did any of the dozen or more things charged against him by 29 witnesses for the state. This, at least, was what Indian Joe told the jury yesterday in Judge Emanuel Eller's Criminal court when he took the stand to defend himself against the charge of conspiracy.

Attorney Theodore Rein, representing Huszar, asked his client about each specific charge made against him by the various state witnesses.

"No, sir, I did not do that," was Indian Joe's reply to each allegation. The former police chief speaks with an accent and at times had to repeat his answers so that the jury could understand him.

Assistant State's Attorney Charles Mueller produced three disorderly conduct complaints signed by Huszar and upon which Edward J. Wareham, police magistrate, imposed fines and assessed costs. Examination of the documents revealed that the persons fined by Wareham and arrested by Huszar were not named in the complaints. They were made out in blank. Several times the prosecutor cornered Huszar and Attorney Rein would make comments.

"If you interrupt any more I am going to fine you for contempt of court," said Judge Eller to Attorney Rein. "You should try this case like a lawyer and not try to testify for your client."

Huszar will be further cross examined this morning and it is hoped to conclude the trial this evening or tomorrow noon.

AURORA HOLDING RECORD FOR BIG ILLICIT STILLS

Aurora, in the past discovered to be the locale of many stills of record size, yesterday was found to be the home of the biggest hootch layout ever uncovered in Illinois, according to prohibition statistics.

Here's what they had out there:
175,000 gallons of mash.
Seven 25,00 mash vats.
One 10,000 gallon alky tank.
One 24 foot column still.
Two 18 foot column stills.
Four upright boilers.
A 1,000 horsepower steam pump.
Four 12,000 gallon receiving tanks.
A 500 gallon yeast mixer.

The raiders, under Assistant Administrator Gus Simons, also found 350 pounds of yeast, 150 sacks of corn sugar and a large quantity of malt sirup.

Distilling experts estimated the earning capacity of the plant at $10,000 a day.

WOMAN DIES OF AUTO INJURIES; TOLL IS NOW 808

Mrs. Edda Harris, 45 years old, 1300 South Morgan street, died yesterday of injuries received Oct. 31, when she was struck by an automobile driven by Louis Hassen, 6039 Rhodes avenue. The accident occurred at Roosevelt road and Richmond street.

The death raised the 1926 county motor toll to 808.

Donald Smith, 17 years old, 1924 Washington boulevard, a delivery boy, suffered probable fatal injuries last night when his motorcycle struck a post on the viaduct over the Chicago and Northwestern railroad at North Des Plaines street and Grand avenue. His skull was fractured.

PRESENTING

The Wardrobe of Glove Silk Under-styles for Gifts As Fashioned by Richelieu

IN THIS quartet of under-styles, you will find a gift to please each of your friends. Four different styles designed for business, sports, semi-formal dress and evening wear—they give you a varied selection and enable you to choose a gift that best suits the taste and temperament of the recipient.

Your Gift to the Business Woman

Slendra, the one-piece suit of straight tailored lines, made of excellent glove silk, is an acceptable gift to the Business Woman. Beauty and utility combine in Slendra and make it suitable for wear with tailored business frocks or suits.

Your Gift to the Sports Woman

Sportif, the vest and bloomer two-piece suit, gives ample freedom for active sports. The bloomer can be had below or above knee length in shades to harmonize with stockings. The vest is made in white and pastel colors. Of a heavy quality of glove silk, Sportif will make a pleasing gift to your friend who is fond of sports.

Your Gift to the Social Woman

Brevity, is a trim step-in chemise, open a bit up the sides and finished with picot edge. It will appeal to your social friend to wear with afternoon frocks. Brevity can also be had in two-piece style—vest and brief ruffled bloomers.

Your Gift to the Débutante

Débutante, the slim little step-in, will appeal to the débutante to wear with the dance frock. It is designed to fit correctly and is attractively finished with hemstitching.

The four styles in the Richelieu Gift Wardrobe of under-styles are displayed in Loop stores and other prominent Mid-West stores this week. Select an appropriate under-style for each of your friends at your favorite store or telephone for definite information, State 4527.

Music Thrills While Science Informs Elmer

Radio Brings Musicians and Neanderthalers.

BY ELMER DOUGLASS.

Light stuff, medium stuff, heavy stuff, miscellany, etc., and a-plenty.

In such cases we have to begin at the top, and the top, technically, artistically, and musically, was the historical violin and piano sonata recital by Samuel Dolnick, violinist, and Freda Hiatt-Dolnick, pianist, WMAQ, 9 to 9:50. The bill was Schumann's Sonata in D minor and Franck's Sonata in A major, the former a charming piece of broad toned, imaginative writing, the latter a complex structure sounding the grand and the tragic.

But I came near placing this one first: KYW's 7 to 8 hour, with the Neilsson instrumental trio playing Beethoven's Trio, opus 1 [whether Nos. 1, 2 or 3, not stated]. This work is familiar to the radio audience, but the grace and beauty of it never have been revealed so well. Besides, the new announcing was in harmony with the music and the playing. The entire hour was delightful and a credit to artists, station, and studio.

Another headliner was half an hour cello recital by Johan Lingeman, WEBH, 9 o'clock.

Some selections were familiar, some new, but each immensely attractive as always with this artist—and one selection, "Hungarian Rhapsody (Popper), simply immense.

For straight high class popular enjoyment, Arabian Nights' Entertainment, W-G-N, 8:45 to 10. Sometimes the classical slips in here. It is obvious that an enormous amount of work goes into the making of this unique feature program.

For those who preferred to ponder over a weighty lecture Fay Cooper Cole, anthropologist, gave a Northwestern university lecture entitled "The Beginnings of Society: the Prehistoric Man"—way back hundreds of thousands of years "midway between the tertiary and the quarternary periods."

WLS spread out its net to the live stock show for bits of information concerning another branch of the development of life on the earth, and at 10 o'clock turned us pell mell into the annual football dinner of the Northwestern University club, Hotel Sherman, and this was very yelly and footbally.

BEN BARRETT'S PARDON HEARING IS CALLED OFF

Springfield, Ill., Dec. 1.—[Special.]—State's Attorney A. V. Smith of Lake county came to Springfield today to offer objections to a pardon which it was reported would be asked for Ben Barrett of Waukegan, sentenced to jail on charges of conspiracy to work a confidence game. But the application for the pardon was not made.

Speaker Robert Scholes, whose law firm had been retained to present the case to Gov. Small, withdrew the request for a hearing before the governor. The governor had indicated that he was willing to hear informally what both sides had to say, but when the hour for the hearing was reached it was announced that the effort to get a pardon for Barrett at this time had been abandoned.

HITS JUDGES, PROSECUTORS.

If judges and prosecutors would quit bargaining with criminals and send them to the penitentiary for their major crimes, rather than dropping those charges in order to get easy convictions on lighter charges, the crime problems in Illinois would be more than half solved, Hinton G. Clabaugh, chairman of the state board of pardons and paroles, declared yesterday during the board's session at Joliet.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded, if any cough or cold is not relieved after taking according to directions. Ask your druggist.—Adv.

BOBBY MEEKER.
[Bloom Photo.]

Correll and Gosden, W-G-N's harmony kings, are offering their followers a special half hour show this evening between 10:30 and 11 o'clock, featuring some of their new phonograph record tunes and a good portion of their incomparable fooling. This will be their only evening appearance during the week, so listeners should make certain they are tuned in at 10:30 when the fireworks starts.

Ten minutes of songs by Mark Love, popular basso, is another of the evening's treats. Mr. Love goes on at 10:20 o'clock, immediately following "The Music Box," with a special selection from his repertoire.

At 5 p. m. another of W-G-N's French lessons will go on the air. The lessons are being given by Prof. Henri Croizard, and have attracted a class of 1,500 pupils. The French lesson occupies half an hour. Any one may join.

JAZZ OVER WLIB

Sizzling jazz music by Bobby Meeker and his Drake hotel dance orchestra, coupled with Wurlitzer organ selections by Miss Ruth Farley, are the headliners on the late evening show to be presented by WLIB, the Liberty Weekly station on the Drake hotel. Meeker and his orchestra will be heard in two special dance groups, one at 11:20 o'clock and the other at high midnight. Incidental songs will be offered by Mark Love.

Splendid dinner music by the Drake concert ensemble and the Blackstone string quintet and a piano recital by Edward Barry make WLIB's early evening period between 7 and 8 o'clock interesting.

ONE OF MORGAN'S CAVALRYMEN DIES HERE AT 91

(Picture on back page.)

Col. William C. Vaughn, Chicago's oldest printer, and a veteran of the confederate army, yesterday died at the home of his granddaughter, Mrs. Cordelia Gray, 525 West 70th street. He was 91. He was born in Shelby county, Ky., on March 16, 1835. He served in Forrest's cavalry and was taken prisoner at the battle of Shiloh. When exchanged he joined John Morgan's Confederate cavalry.

Col. Vaughn received his title by appointment of the United Confederate Veterans. He was commander of Camp No. 8 of those veterans, three of whom survive him. He was a member of Chicago Typographical Union No. 16, and his printer's card dates back to 1855, when he was made a member at Louisville, Ky.

Col. Vaughn had nine children, three of whom survive. They are Dr. Mary K. Martin, Mrs. Lydia M. Kimerling, and May A. Vaughn. The funeral will be held Saturday from 4141 Cottage Grove avenue.

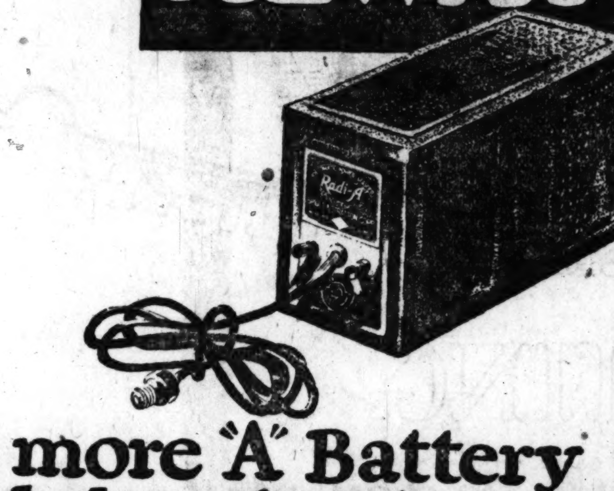
MAXIMUM RECEPTION ALWAYS



no more "A" Battery and charging troubles!

RADI-"A" assures *maximum reception always* because it delivers at all times the full voltage needed to operate a radio set at peak efficiency regardless of how long or how often it is used. Radi-"A" brings in and amplifies programs from distant stations; it builds up weak signals to the desired volume. *No hum or distortion.* Radi-"A" gets its power directly from the household power line. Plug in Radi-"A" at any light socket—and forget about it. Your city power house is your storage battery and charger!

You have no "A" battery and charging troubles. No "silent nights" while a rundown battery is being recharged. You get all the power you want, whenever you want it. Radio set switch automatically controls both Radi-"A" and the "B" Eliminator, when one is used.

Radi-"A" may be operated from any 110-volt A. C. 50 or 60 cycle electric power line.

Radi-"A" 6-Volt Standard is for use with radio receivers of 4 to 8 quarter-ampere tubes inclusive. It develops a 6-volt direct current of 2 to 2-3/10 amperes.

Radi-"A" 6-Volt Special is for use with sets of 8 to 10 quarter-ampere tubes inclusive only, and develops a 6-volt current with a maximum output of 3 amperes.

Radi-"A" 4-Volt is made for any set using up to 12 No. 199 UV tubes inclusive.

EXPECT AKELEY WILL BE BURIED IN BELGIAN CONGO

Carl E. Akeley, big game hunter and naturalist, who died Nov. 17 in the Belgian Congo region, doubtless will be buried there, Mr. and Mrs. Herbert Bradley, 5344 Hyde Park boulevard, two of his closest friends and former fellow travelers, said yesterday.

When the Bradleys, with their small daughter, Alice, were with Mr. Akeley and a party on a hunting expedition in Africa four years ago, it was agreed that if any of the group died, burial would be at that spot.

"So," Mr. Bradley declared last night, "we are almost positive Mr. Akeley's body will not be brought back to this country. It would take two weeks to carry the body to a point where it could receive proper attention."

The probable method of interment will be for the natives to build a zinc lined coffin, and to bury it on the side of Mount Kilione, about 12,000 feet above sea level, where he died.

Charles F. Messinger Burial Today; Services at Home

Charles Frederick Messinger, 53, of 5345 Washington boulevard, who retired several years ago as vice president of the Chicago Nut Manufacturing company and who dropped dead on Monday will be buried today. Funeral services will be held from his home. Interment will be at Mount Carmel. He is survived by his widow, Laurette Bergeron, and three daughters, Lucille, Elizabeth and Georgia.

Dr. I. A. Foster, Masonic Lecturer, Dies at Zeigler

Zeigler, Ill., Dec. 1.—[Special.]—Dr. I. A. Foster, the oldest grand lecturer in Illinois Masonry and the oldest practicing physician in Franklin county, died at his home here this morning. He was the first master of Zeigler Masonic lodge and was formerly postmaster here. Funeral services will be conducted Thursday afternoon. He was 64 years old.

FINDS RAILWAYS MUST MOTORIZE ON SHORT HAULS

C. & E. I. Head Says Lines Will Adopt Trucks.

Admitting that motor truck transportation under present conditions has advantages over short-haul railway service, T. C. Powell, president of the Chicago and Eastern Illinois railroad, last night told representatives of thirty railroads in session at the Congress hotel that the railroads will enter the motor transport field in earnest in the near future.

The railroad representatives met to discuss motor competition with steam transportation. Mr. Powell declared that the short-line railroad in nearly every section of the country has proved unremunerative and unable to compete with motor transportation.

Forecasts Delivery Service.

"The short-haul traffic problem has never been studied and motor transportation has, as a result, met with little real competition," he declared. "There is no reason why freight by automobile from Chicago to St. Louis should be faster than by train, but it is."

Store delivery must be adopted by the railroads soon, Mr. Powell asserted. Freight packages in the future will be taken from the shipper direct to the consignee, he predicted. He said it was ridiculous that packages should wait in a station for hours until a truck called for them.

The Branch Line Problem.

"The greatest problem of the railroad," declared J. M. Van Doren, general counsel for the Chicago and Eastern Illinois railroad, "is whether it should oppose civic pride and stop its unremunerative branch line service. Roads all over the country have seen their short lines wrecked because of motor competition and yet have been powerless to discontinue service to an ever dwindling public."

4 YOUTHS HELD FOR ROBBERIES ON SOUTH SIDE

Four youths were arrested yesterday by the Gresham police in their efforts to solve many recent robberies on the south and southwest sides.

A flivver squad picked up Charles Herzgethan, 17, of 4431 Shields avenue, who pretended to be asleep when they approached him as he sat in an automobile.

At the station he named Charles Wihanski, 18, of 249 Root street; William Conklin, 17, of 11712 Vincennes avenue, and Matthew Radostits, 18, of 219 Root street, as his companions in several robberies, the police declared. Victims of those robberies will be asked to view the boys in an effort to identify them.

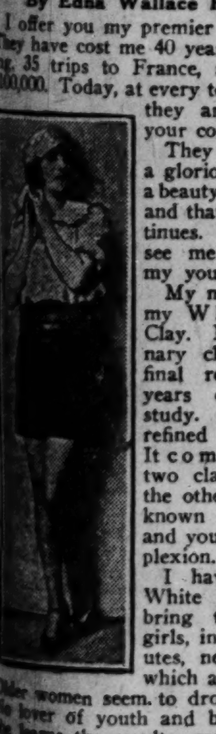
Girl Clerk Swindled Out of $195 by Four Men

Miss Hatti Patecki, clerk in her father's delicatessen store, 8824 Muskegon avenue, was swindled out of $195 late yesterday by four men who sold her eleven bolts of worthless "wool cloth." Two men entered the store, taking the address of a tailor for whom they said they had brought goods from Scotland. Two other men entered the store, and made a high bid for the goods. Then they asked Miss Patecki to buy the cloth for them, promising her a commission. She made the purchase, but last night the "buyers" had failed to call for the goods, which proved to be inferior.

My Beauty Aids for You

By Edna Wallace Hopper

I offer you my premier beauty aids. They have cost me 40 years of searching, 35 trips to France, and at least $100,000. Today, at every toilet counter, they are placed at your command.



They brought me a glorious career as a beauty on the stage, and that career continues. Women who see me daily envy my youthful bloom.

My major help is my White Youth Clay. Not an ordinary clay, but the final result of 20 years of scientific study. It is white, refined and dainty. It combines with two clays some of the other best helps known for beauty and youth and complexion.

I have seen my White Youth Clay bring to countless girls, inside 30 minutes, new beauty which amazed them. Older women seem to drop ten years. No lover of youth and beauty, when she learns the results, can neglect it.

My White Youth Clay purges the skin of all that clogs or mars it. It draws out the causes of blackheads or blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy afterglow which amazes and delights. It combats all lines and wrinkles, reduces enlarged pores. I never knew a product which did so much so quickly.

Any girl or woman can gain new beauty or new youth from one application of my White Youth Clay. Often the results will seem unbelievable. My example shows how those results continue and increase.

Please try it. Any toilet counter supplies Edna Wallace Hopper's White Youth Clay at 50c and $1. Or the coupon will bring you a trial free, also my Beauty Book. You will always thank me for this offer.

For Trial Tube A-41-CT
of White Youth Clay, mail this today to Edna Wallace Hopper, 536 Lake Shore Drive, Chicago, Illinois.

MANY SEEKING SENATOR SMITH'S OLD STATE JOB

Chauncey Jenkins Is Chief Aspirant.

Reorganization of the Illinois commerce commission under a new chairman to succeed U. S. Senator Elect Frank L. Smith is planned by Gov. Small this month, according to gossip in state administration circles.

Chauncey H. Jenkins, director of public welfare in Gov. Small's cabinet, is making a strong bid for the chairmanship of the commerce commission and he is said to be under serious consideration by the governor.

Jenkins Often Under Fire.

Jenkins has been under fire ever since the pardon and parole and prison scandals last spring, and is understood to be anxious to exchange his present job of running the state penal institutions for the post in which he would control the utility companies of the state.

Because of the criticism of Jenkins persons close to the governor are said to be advising him against making the change, particularly since he appointed Will Colvin assistant commerce commissioner after Colvin's forced resignation as superintendent of pardons and paroles.

David H. Jackson, president of the Lincoln park board and personal attorney for Fred Lundin, also is under consideration by the governor as a possible selection for chairman of the commerce commission.

Might Select Moynihan.

Commissioner P. H. Moynihan has been acting chairman since Smith's resignation and until recently was regarded as the almost certain choice of the governor for the chairmanship.

With two vacancies to fill on the commission, the state administration woods are full of aspirants. Julius Johnson, secretary of the commission, is a bidder for the commissionership left vacant by the death of Cicero J. Lindly.

Some of the governor's advisers are urging the appointment of Assistant Commissioner Paul Kuhn, not only as a member but as chairman, while Assistant Commissioner James R. Clark also has strong backing. Kuhn and Clark were Smith's right hand men on the commission and conducted a large share of the hearings under the Smith régime, although neither had a voice on the commission.

Dutch Catholics Assail Mexico Law Against Church

THE HAGUE, Dec. 1.—Masses of Roman Catholics demonstrated here today against the "persecution of the Catholic church by the Mexican government." Telegrams of indignation and sympathy of the Dutch Catholics were forwarded to the pope and the Mexican archbishop.

RESIGN COUNCIL SEATS TO TAKE OTHER OFFICES

Ald. John J. Touhy [27th] and Francis L. Boutell [48th] ended their terms as members of the city council yesterday. Their resignations were accepted and their posts declared vacant until the February election.

Both aldermen are to be sworn into higher offices this month, Ald. Touhy as sanitary district trustee and Ald. Boutell as a member of the county board. Ald. Touhy, a Democrat, had served four terms in the council, and Ald. Boutell, a Republican, only one.

Mayor Dever and several council members extolled the work of their departing colleagues and wished them success.

2 types in 1920
15 types in 1926

RADIO progress has set a fast and exacting pace these past few years. One single type of tube seemed adequate ten years ago. Four years ago two types apparently served the purpose. And today, with its greater and more exacting demands for improved radio reception, the research and engineering talent back of Cunningham Radio Tubes contributes its share to radio progress with fifteen perfected special purpose types, each one efficiently mastering its particular task.

To know the individual and special task of each one of these tubes when used in your set will bring to you an appreciation of increased radio enjoyment and more realistic tone reproduction.

Consult your nearest Cunningham Radio Tube dealer—learn how the *right combination of Cunningham Radio Tubes* will bring your present radio equipment up-to-date. Be sure that your receiver has the right combination of detector, voltage amplifier, power amplifier, and rectifier tubes to give it present day standards of performance in sensitiveness—in selectivity—in tone value.

Watch this paper for our series of advertisements that will give—in accurate detail—the function and purpose of each of the fifteen types of Cunningham Radio Tubes.

The Beauty of Youth

There's a girlish serenity about the endearing loveliness of Miss Charlotte Nichols, 107 McDougal St., Brooklyn, N. Y., which comes from fresh, clear complexion—always the inimitable symbol of youth! But she declares she's going to keep hers until she's old as her grandmother by using the delightful Black and White Cold Cream, which she, along with thousands of satisfied users everywhere — finds so effective for cleansing immaculately, toning, firming and vitalizing the tissues, molding out tired signs, and nourishing her skin.

Miss Nichols adds: "Black and White Cold Cream is so velvety smooth and soft itself, no wonder it keeps your skin that way, too. I couldn't get along without it no matter what it cost, but I marvel every day at the wonderful quality and value in the 25c jars of this lovely cream."

Best results come from using Black and White Skin Soap along with the Black and White Beauty Creations.

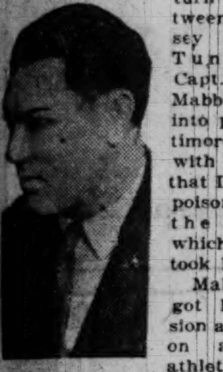
BLACKHAWKS TIE N. Y. AMERICANS, 2-2

MIKE HAW HAWS AT POISON PLOT YARN OF FIGHT

Trant Solves Latest Fistic Mystery.

BY DON MAXWELL.



JACK DEMPSEY.

Heavy fuel was tossed on the fire that is being built to smoke up a return fight between Jack Dempsey and Gene Tunney when Capt. Charles J. Mabbutt broke into print in Baltimore yesterday with the charge that Dempsey was poisoned before the battle in which Tunney took his title.

Mabbutt, who got his commission after the war on account of athletic activities, and who recently was suspended by the Maryland boxing commission, told a startling tale. He asserted that some sinister hand had dropped poison into a bottle of cream and that Dempsey and he, using the cream, had become ill on the Saturday preceding the fight. The captain explained that Jack, Jerry the Greek, his trainer; Mike Trant, the Chicago detective sergeant, and Mabbutt had breakfasted together on that Saturday morning.

Gives Trant a Laugh.

Afterwards all of them became ill except Trant. Mabbutt explains Mike's failure to become ill by saying that he did not use cream in his coffee.

Now the story might have done what its sponsors doubtless hoped it would: smoke up the idea that Dempsey was doped when Tunney beat him and thus increase the public's appetite for another battle between the new champion and the beaten one. It might have worked but for these facts:

Sergt. Mike laughed at the captain's charges.

"That's the biggest piece of bunk I've heard," Trant said last night. "In the first place, the captain didn't have breakfast with us on the Saturday morning before the fight, and I never drank a cup of coffee in my life without cream or milk in it.

"I was with Dempsey throughout the day of the captain's alleged poisoning and up to the fight, and if Jack was ill he certainly disguised the symptoms."

Tunney's Scholarly Reply.

And the second fact that blew away the smoke of the captain's story is the assertion of a Baltimore newspaper man that Mabbutt didn't live within miles of Dempsey's training quarters. Dempsey stayed in the suburbs of Atlantic City and Mabbutt lived in a small hotel in the city proper.

This newspaper man telephoned Mabbutt two days before Dempsey is supposed to have been poisoned and found him early in the morning at the little hotel.

Chicagoans were saying last night that it looks like the ballyhoo boys will have to find a new brand of fuel before they get the idea of another Tunney-Dempsey fight smoked up enough to announce the date.

Gene Tunney incidentally issued the following scholarly reply to the poisoning story:

"Having known Capt. Mabbutt in France, I also happen to know his mental depth. Nobody who knows him will take his charges seriously."

That ought to settle it.

PURPLE GRID TEAM RECEIVES TITLE AWARDS

Gold footballs, emblematic of the Big Ten conference championship, were presented to each member of the Northwestern university football team by Prof. Ralph O. Long, chairman of the faculty athletic committee, at the annual football dinner of the Northwestern University Club of Chicago in the Hotel Sherman last night.

Sweaters were presented to each of the "N" men and numerals to the members of the freshman football squad.

The 1,200 guests were entertained by boxing, wrestling, and fencing bouts, and the university band. Movies were shown of each of the football games played this fall.

Vernon Loucks, class of 1908, was elected president of the club.

TROJANS BELIEVE BEST DEFENSE IS DRIVING ATTACK

Kaer Returns to Lineup After Injuries.

Los Angeles, Cal., Dec. 1.—[Special.]—University of Southern California football team, which will meet Notre Dame here Saturday before one of the biggest crowds that ever saw a game on the coast, hurried preparations today while Coach Rockne's athletes were speeding west.

The Trojans came through their last hard workout without injury and Coach Howard Jones will have his strongest lineup available Saturday, with the possible exception of Morley Drury, fleet half back, who has been out for several weeks with an injured leg. Drury is rounding into shape steadily and there is a chance that he may get into the intersectional battle.

Notre Dame Practices Today.

Notre Dame is scheduled to stop off at Tucson, Ariz., for a workout tomorrow and the squad will arrive in Los Angeles Friday in time for a short practice at the stadium.

Scalpers were asking $25 a pair for tickets today, and they found plenty of customers. Notre Dame's defeat by Carnegie Tech apparently has had little effect on the advance sale. The capacity of the stadium is 80,000 and there will be no empty seats Saturday.

Southern California, like the Notre Dame Four Horsemen team of 1924, will bank on a whirlwind offensive to win. Coach Howard Jones has built up an attack which never has failed to net at least one touchdown. The Trojans have scored touchdowns in every game for the last two years and with the exception of the Stanford encounter of 1925 always have made at least two.

Last season Jones' athletes rolled up 445 points to opponents' 29. In nine games this year they have amassed 305, while their foemen were counting 39. Several wagers have been made that they will make two or more touchdowns against Notre Dame.

Kaer Returns to Lineup.

If weight counts for anything in deciding the outcome of an important football battle, the team from Indiana has a slight edge. From Boeringer at center out to either end Notre Dame has an advantage in weight with the exception of Voedisch.

The Californians' attack will be speeded up by the return of Morton Kaer, the Pacific coast's leading All-American candidate. He was out of the Idaho and Montana games. Kaer is a half back and is rated the best ball carrier in the far west.

GOPHERS ELECT JOESTING 1927 FOOTBALL PILOT

Minneapolis, Minn., Dec. 1.—(AP)—Herbert Joesting, Minnesota's line plunging full back, will captain the 1927 Gopher football team.

Joesting's election was announced here tonight at the annual letter men's banquet, when the sealed ballots of the team taken after the last game were opened and counted.

Besides leading the western conference in points with 13 touchdowns, Joesting came within 55 yards of equaling the record of 1,017 yards made by Red Grange in 1924.

Joesting is a junior in the forestry college and will play his last year of college football next fall. He comes from Owatonna, Minn.

Flowers, Training for Walker, Eyes Crown Worn by Delaney

BY WALTER ECKERSALL.

With the advance ticket sale nearing the $50,000 mark last night, there was every indication that the tomorrow night's middleweight championship battle between Deacon Tiger Flowers, the titleholder, and Mickey Walker will give Chicago its biggest fight gate since the resumption of legalized boxing in Illinois.

Promoter Mullen last night had completed comprehensive plans for handling a crowd which will pack every nook and cranny of the Coliseum.

Maj. Bauder, drillmaster of the police department, is to be in charge of a detail of 150 men at the fight. They will coöperate with a large corps of ushers in handling the crowd.

Coincident with the announcement that plans are completed for the seating of the ticket holders came a statement by the fighting deacon's manager on Flowers' future plans. Walk Miller, the manager, says Flowers, if he wins, will start a campaign to force Jack Delaney to fight him for the world's light heavyweight title.

Walker, according to Miller, is the last outstanding middleweight challenger for Flowers' crown.

"While Delaney has scored two victories over Flowers, I am not satisfied that he is a better man than the deacon," Miller said yesterday. "The second match between Flowers and Delaney should have been awarded to Flowers on a foul. Tiger was hit while on the floor and weakened to such an extent that he was an easy mark for the hard hitting Delaney."

Following tomorrow night's engagement, Flowers will depart for California, where he will meet Bert Colima and Leo Lomski, coast light heavyweights, next month.

Flowers and Walker completed hard training yesterday. Champion and challenger came through the final day's preparation without injury. Both will do just enough work today to keep on edge.

Following his workout Flowers stepped on the scales and tipped the beam at 160 pounds. Manager Kearns said Walker scaled 157 pounds, the weight at which he met Jock Malone in Boston over a week ago. Kearns feels certain Walker will stop the champion.

In the Wake of the News

LURE OF BASEBALL.

Bill Carrigan, independently wealthy, will return to baseball as manager of the Boston Red Sox. Carrigan retired while the goose was hanging high, after winning the world's pennants of 1915 and 1916 with these same now hapless Red Sox. Numerous offers to come back have been turned down in the meantime.

But the lure of the game seems to attract those genuinely devoted to our national pastime, especially if they have been successful. Frank Chance, known as the "Peerless Leader" of the old time Cubs, wealthy and comfortably situated on his California ranch, afterward accepted a position with the New York Yankees and still later with the Chicago White Sox, although the illness which culminated in his death prevented active work with the south siders.

Fred Clarke, who piloted the Pirates during their years of greatest success, also wealthy, left his western ranch and oil interests to act in an advisory capacity for Pittsburgh last season, and his presence was at least an indirect cause of the upheaval in that club.

Fielder Jones, one of the few White Sox managers who retired voluntarily, after refusing flattering overtures to continue in his post, could not resist the temptation to desert his Oregon timber holdings for a fling as pilot of the St. Louis Browns.

Jimmy Callahan, once publicly heralded by Comiskey as his ultimate successor as head of the White Sox, is a directing head of a prosperous local plumbing and sewerage contracting firm. Even Jimmy, when he becomes confidential, confesses he would be happier with the lesser earnings of a club manager than in his large concern. And so it goes.

Carrigan will not be expected to produce a winner with his lowly charges the first year. In that he is fortunate. Returning managers have told us that it takes a couple of seasons after an absence to learn the traits, the strength and weakness, of opposing pitchers and batters. This knowledge is part of the manager's stock in trade. Carrigan, in his former tenure, was extremely popular in Boston and respected throughout the Ban Johnson circuit.

The Joy of You.

How can I tell what my dreams have told,
When only my heart can speak?
How can I whisper the song of my soul
To the virgin queen I seek?

Memories come and memories go,
The past is dead and gone;
Ever now and then I think of life
In the light of another dawn.

You are to me the joy that is strange
To those who wander alone;
You are to me what many have sought,
Yet few have ever known.

Idle the dream of the passing stream
Of humans in flowing white—
I shall live on remembering
The joy of you this night.

"Player of Greatest Value."

Dear Sir: The acid test of "player of greatest value" is, What would be the team without that player? Michigan without Friedman, Minnesota without Joesting, Northwestern without Baker would have been weakened, but what, O what, would Iowa have been without "Cowboy" Kutsch?

While always near the cellar and not winning a Big Ten game, Iowa was feared by every team it played. Only one instruction was issued by opposing coaches: "Watch Kutsch!"

On a weak team, with practically no interference, he always was dangerous. He carried the ball three-fourths of the time, and he gained. On secondary defense he time and time again stopped opponents who punctured the weak Iowa line. Place Friedman, Joesting, Baker, or other candidates for THE TRIBUNE trophy on the Iowa team, and then compare them with the "Cowboy." Perhaps Kutsch won't be picked because Iowa was not a leader, but he did a man's job. B. C. E.

RUPPERT HINTS AT CHANGE IN LANDIS CONTRACT

Opposes Re-election of Baseball Chief This Year

New York, Dec. 1.—(AP)—Support of K. M. Landis for reëlection as baseball commissioner by a majority of American league club owners hinges upon revision of his agreement with the two major circuits, Col. Jacob Ruppert, president of the New York Yankees, said today.

While the Yankees' owner declined to specify the changes in the contract which are under consideration, baseball men here interpreted his remarks as indicating a concerted effort by American league magnates to curtail the authority of Landis at the joint meeting of the leagues in Chicago on Dec. 16.

National Favors Landis.

The possibility of altering his agreement is not considered bright, however, since National league owners already have indicated their desire to return Landis to office for another seven year term without change in the conditions under which he now rules virtually with absolute authority.

"I am in favor of continuing Landis in office," said Ruppert, "but I have in mind a plan that both leagues appoint committees of three men to revise the major-minor league agreement and the agreement with Landis. Such changes as they recommend can be reported back to all the club owners next spring, which can then adopt them and reëlect the commissioner."

Opposes Early Election.

Asserting that he believes his view reflects the sentiment of a majority of the owners, Ruppert said he opposed reelection of Landis at the December meeting. "I think that next winter is the proper time to consider reëlection," he explained. "While it is true that his term may technically run out on Nov. 20, 1927, he has the right to call a joint meeting at any time."

CINCINNATI REDS TO MAKE BID FOR COLUMBUS CLUB

Columbus, O., Dec. 1.—(AP)—Officials of the Cincinnati National league baseball club decided today to make a definite offer within a week to purchase the Columbus franchise in the American association. The decision was reached here at a conference with Joe F. Carr, president of the Columbus club. The offer is to be made directly to Thomas E. Wilson, Chicago packer, who owns the association team.

Pyle Discloses His Program for Red and Suzanne

C. C. Pyle, promoter of honest professionalism in sports, left Chicago last night for the west coast, where he will supervise Suzanne Lenglen's tennis exhibitions.

Before leaving he announced that the football game which Red Grange and his teammates were to play against a group of recently organized ex-collegians had been called off.

That he expected to draw 20,000 when Grange's team plays Joe Sternaman's Bulls on Dec. 12.

That Grange will make another movie this winter.

That Suzanne Lenglen will be the heroine of a movie in which the plot is to revolve around a tennis game.

And plans for next year's football indicate that his professional league will be strongly entrenched and a financial success.

Beyond these assertions Pyle had little to say.

Life to Wentworth Just One Knock After Another

BY JAMES CRUSINBERRY.

Taking the bumps without getting sore about it seems to be an important factor in the qualifications of a hockey player and the two defense men on a team are chosen not only for their activity on skates and their dexterity in handling the stick but for their ability in withstanding severe bumps.

It was for that reason that the owners of the Cardinals' team picked Marvin Wentworth as one defense man. He's a strapping young Canadian, only 22 years of age, but, while performing against and with the fastest amateur teams of Ontario, showed gameness in stopping the rushing opponents and regardless of anything always performs in his consistent and steady fashion.

Defense a Tough Job.

The defense men, as a rule, are stationed down in front of their goal awaiting a rush from some opponent. When they see that man coming down the ice with the puck dancing on the end of his stick, it is their duty to meet him and take that puck away from him. It takes some nerve for a football player to tackle an opposing runner coming at him full speed, but it must take as much for one of the defense men to meet an opponent on skates who is coming about twice as fast as any football star can run.

They can't tackle him. But they are pretty sure to get a solid and jolting bump in their efforts to take the puck away from him before he gets right to the goal and takes a shot for a point.

Native of Canada.

Young Wentworth was the backbone of the Windsor team last year, one member of the Senior Ontario Hockey Association Big Six. Previous to that he was a star on the Hamilton Tigers, where he first broke into senior hockey at the age of 18, the age when a boy usually shows whether or not he is made of the real stuff.

The boy's home is in Grimsby, Ont., where he simply grew up with the game, playing from the time he was a small lad in school. He was an amateur even last year, and it was because of his strong playing at Windsor that the Chicago magnates gave him a chance to become a professional.

C. A. DEAN AGAIN NAMED HEAD OF I. A. C. ATHLETICS

Charles A. Dean yesterday was reappointed chairman of the athletic committee of the Illinois Athletic club by President J. W. Johnson. Mr. Dean, who was manager of the American Olympic team in 1924, has been head of athletics at the I. A. C. for many years. He formerly was president of the Central association of the Amateur Athletic union and president of the National A. A. U.

Frank W. Blankley was reappointed vice chairman of the athletic committee.

Ensigns Dressed as Middies See Army-Navy Game

Annapolis, Md., Dec. 1.—[Special.]—Naval academy authorities are investigating the case of two ensigns, recent graduates of the Naval academy, who are understood to have impersonated midshipmen and traveled in the train with them to Chicago, in order to see the service game last Saturday.

The young officers fell in with other midshipmen, it is reported, having resurrected the overcoats they wore when students here and with the regulation suitcase in their hand.

SCORE BY PERIODS.

New York	1	1	0	0—2
Chicago	0	2	0	0—2

Referee—Dave Ritchie, Montreal.

New York, Dec. 1.—[Special.]—The New York Americans and Chicago Blackhawks battled to a 2-all tie in a National Hockey league game in Madison Square Garden tonight.

CHARLEY McVEIGH.

Billy Burch put the Americans in the lead in the first period, but the Hawks tied the score twice in the second period, and from then on and through a twenty minute overtime session neither side was able to break through.

Sir Allan Cobham, noted British aviator, threw in the puck to open the game, and after some flashing scrambles up and down the ice by both sides Red Green got the rubber from Burch and shot it in. This brought loud cheers from the crowd, but the play was called off side by the referee and not allowed. Following this George Hay, the fast Blackhawk wingman, drove almost to the net and only a wide shot prevented the goal, as Forbes was out of the net.

Burch Scores for N. Y.

Soon afterward Burch, McKinnon, and Red Green combined in a pretty play, and Burch, taking the disk from Green, caged it on a nice shot that eluded Hughie Lehman, Chicago goalkeeper. Burch's tally was made in 4:45 seconds of play.

The noted Babe Dye came on for Mickey McKay at this period and Chicago staged a savage attack, one of Dye's hard drives being caught by Forbes in the American goal and tossed backward over the netting among the band musicians. It was a great save by Jackie.

The American forwards got some good runs started, but these were spoiled time after time by offside passes outside the neutral zone. Wilson, Dye, and Hay drove heavily up to the New York net, but Dye missed the shot. The period closed with Hay staging a shot that missed and the score was 1 to 0 in favor of the Americans.

McKay Ties Score.

Opening the second period, Burch flashed through for a nice run, but his shot was wide. Burch, Himes, and Reise, the latter playing in place of Simpson, stirred the crowd with a combined attack, in which Lehman was subjected to a fusillade. McKay, the brilliant Chicago forward, then staged a pretty individual play and tied up the score for the Blackhawks.

Red Green, however, soon put the crowd in a good humor and the Americans in front when he slashed the disk in after Lehman had moved out to clear a shot by Himes.

But Rabbit McVeigh did not let the Americans hold the lead long. Taking the disk out of a scrimmage at midrink, he whirled almost to the net, and Forbes could not stop his hard shot that tied the count.

Neither side was able to score in the overtime period and the battle ended 2-all.

MILLERS BEAT DETROIT

Minneapolis, Minn., Dec. 1.—[Special.]—The Minneapolis hockey team made a clean sweep of their American association series with Detroit by taking the final game, 3 to 1. The Detroit club scored early in the first period, but the Millers tied the count before the stanza ended, the second period was scoreless, but in the third Minneapolis counted twice.

PREP FIVES OPEN YEAR; PRACTICE TILTS SCHEDULED

Tilden Takes Two Games from McKinley.

High school basketball teams played their first practice games of the season yesterday. It was the official date for the opening of the practice schedules, and ten schools inaugurated play.

Tilden was the only school to come through with a pair of victories, the Techs taking the measure of McKinley heavies, 26 to 19, and beating the ponies, 26 to 15, on the Tilden floor.

Sullivan and Peterson accounted for twenty of Tilden's heavyweight points while Nigro and Rohde were the mainstays of the losers.

In the other games, Lake View divided with Englewood at the Englewood gym, the heavies winning, 19 to 13, after the lights had lost, 18 to 14. Lindblom, playing on its own floor, drubbed Morgan Park lights, 33 to 12, but dropped the heavyweight battle, 25 to 13.

At Crane the home teams split with Senn. The ponies won, 21 to 16, and the majors finished on the short end, 23 to 19. Hibbard won and lost at Harrison. The Techs took the lightweight encounter, 24 to 16, but were nosed out in the final, 14 to 12. Heavyweight lineups:

COMISH WARNS RING, MATMEN TO OBSERVE RULES

The Illinois boxing commission has decided it doesn't pay to be easy on rule breaking promotors. And in the future in the commission intends to be hard boiled. The commissioners explained their changed attitude in the following resolution yesterday:

"It is the sense of this commission that heretofore unjust criticism has been made with reference to the handling of its affairs by innuendo and otherwise; that it has been charged that undue pressure has been brought by outside influence.

"This commission has been lenient with promoters, managers, and others directly connected with the boxing and wrestling profession and suspensions and fines have been lifted for first offenses for the reason that it was considered those affected would be fair and square, but it has been found that in many cases advantage has been taken of this commission.

"Therefore, it becomes necessary for the commission to use more drastic measures in the future and that this commission believes it for the best interests of boxing and wrestling in this state that all offenders in the future be punished at once for any violations that may come to its attention."

TILDEN FAVORED TO WIN I. A. C. PREP SWIM MEET

Tilden Technical high school, having qualified the largest number of swimmers, is favored to win the team championship in the twentieth annual I. A. C. Cook county interscholastic swimming meet at the Illinois Athletic club tonight.

In addition to the eight prep events, stars of the Tri-color swimming team will appear in exhibitions.

Dead Storage Days for Auto Gone Forever

BY J. L. JENKINS.

Illinois motorists are heading into the winter with 5,967 miles of completed paved roads to give them aid, comfort and all-year driving facilities through the season that a few years ago brought "dead storage" for the car. In addition, a total of 1,947 miles of highways on the Illinois state system have been graded and made ready for the laying of pavement when spring weather releases building activities and surveys have been completed on more than 500 miles of the existing roads in Cook county and the Chicago terminal district for the widening work to start in the spring.

According to a last minute report from the highway department to the Chicago Motor club, 1,759 bridges have been built and are in service on the great system. In the six years from Jan. 1, 1921, to Dec. 1, 1926, the department has laid 4,761 miles of paving on the state system. About 300 miles of paving, on which work was halted this fall by bad weather, remains to be completed on the original $60,000,000 bond issue highways. When this work is finished in the 1927 season construction will start on the new roads laid out under the later $100,000,000 bond issue scheme.

Reports yesterday indicated that construction work on a short stretch of the Grant highway in Cherry Valley has made the road there practically impassable. Chicago traffic is advised to use the 11-mile detour over fair to good gravel marked from Belvidere to the State street road leading into Rockford. On Illinois route 7 a 22-mile detour north of the Illinois river is in force between Ottawa and La Salle this week. It is expected that construction work on the main pavement will be completed and the detour lifted by Dec. 6.

Mildness plus Aroma & Flavor in the MILDEST CIGAR in the World

Some mild cigars are tasteless—because the tobacco, in being cured, loses its natural "body". Not so with Tom Moore! A secret curing process retains all the aroma and flavor of choice tobaccos and still produces the matchless mildness that makes it the mildest cigar in the world.

BOWLERS LEAD PLAYERS OF ALL SPORTS IN CITY

400,000 Participate in Games Here.

BY HARLAND ROHM.

Casually ask any acquaintance what sport has the greatest number of participants in Chicago, and probably he'll say "Golf." And he'll be wrong. Ask him about what sporting event in the last year the greatest number of words were sent over telegraph wires to newspapers and he'll probably say either, "The Dempsey-Tunney fight" or "The Army-Navy game." And again he'll be wrong, for the answer to both questions is "Bowling."

As near as can be estimated, Chicago has more than 400,000 men, women and children who bowl occasionally and of the 400,000, about 100,000 compete regularly in leagues. Even golf can't show a record of participants like that. While the annual American bowling congresses, the telegraph companies say, produce more "wordage" than the world's series or any other event. A Western Union wire chief estimates 100,000 words would be filed on a big fight and the A. B. C. about the same nightly, but the A. B. C. runs five weeks.

1,500 Alleys in City.

Bowling began in Chicago about fifty years ago, probably with a pair of alleys in the basement of some saloon. Today there are more than 150 places that operate bowling alleys, including churches, community centers, singing societies, clubs and public bowling drives. The largest of these has 32 alleys, while the total drives in the city is more than 1,500. Twenty-six hundred five-man teams are sanctioned, which means, deducting duplications, 10,000 to 11,000 really first call bowlers—weaker leagues are not sanctioned—and, from indications of others years, 3,400 five-man teams will be registered before the end of the season.

The time the first bowling alleys were built in Chicago was about 1875, two of the first being Rohan's, on Lake street just west of Robey, and John Hillinger's, on Wells just south of North avenue. Both of these places were bars, and the bowling alleys were to attract trade.

Bowling and Beer.

The old timers who remember "way back when" may recall those early days, when one got a check with each beer and two checks entitled the drinker to bowl a game. A variation was to charge 10 cents for a game and give a beer check with it.

The first alleys were half again as long as the present alley, and six inches narrower, but there was no foul line and the bowler started from the end of the alley and moved as far as he liked toward the pins. There were no holes in the balls and no limit to their weight.

Val Simon built two of these alleys of paving blocks on a stilt framework, with a mattress hung at the end to stop the balls, in his picnic grounds at North Clark street and Wrightsgrove [now Diversey boulevard] 48 years ago.

The narrow alleys forced setting the pins so close together that strikes were easy and 300 games became almost common, and that also helped the decline of the game's popularity. Then came the change to the present dimensions of alleys, 60 feet from foul line to the head pin and 42 inches wide, with the pins set farther apart in an equilateral triangle, 12 inches between centers of all pins. The first of these regulation alleys were set up by Peter Maher on North Clark street, just north of Center street, in 1898.

The smell of stale beer still clung to the alleys, but a few years later began the gradual rise of the modern bowling alley. There had been a few drives established outside of saloons, but not many until after 1900. Then came the regulation of the ball to 27 inch circumference and 16 pounds in weight in 1904.

In the meantime the game had grown away from its barroom atmosphere, clean, ventilated bowling places built, and it again took on respectability as a first class exercise and recreation. Leagues began to be organized, the oldest one now running being the North Chicago league, organized in 1895. The second oldest is the Monroe league, organized in 1901.

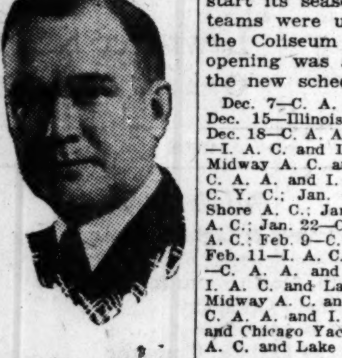
Amateur Hockey Teams to Open League Play Tuesday

BY FRANK SCHREIBER.

Play in the Chicago Senior Amateur Hockey league will open on the Coliseum rink Tuesday night, when the Chicago Athletic association sextet clashes with the Lake Shore A. C. The contest will be played immediately after the National Professional Hockey league match between the Chicago Blackhawks and the Ottawa Senators.



SHELDON CLARK.

The Chicago Senior Amateur league is composed of five of the major athletic clubs of the city—the C. A. A., Illinois A. C., Lake Shore A. C., Midway A. C., and the Chicago Yacht club. League games will be played during the season after the Blackhawk pro matches, and the pro referees will officiate and each team will play its rivals twice.

Schedule of Games.

Sheldon Clark, chairman of the athletic committee of the Chicago Athletic association, is president of the league, while Charles A. Dean of the Illinois A. C. is vice president and Charles Sidebotham secretary.

The league originally intended to start its season on Nov. 27, but the teams were unable to get the ice in the Coliseum for practice, and the opening was advanced. Following is the new schedule:

Dec. 7—C. A. A. and Lake Shore A. C.; Dec. 15—Illinois A. C. and Midway A. C.; Dec. 18—C. A. A. and Chicago Y. C.; Dec. 22—I. A. C. and Lake Shore A. C.; Dec. 25—Midway A. C. and Chicago Y. C.; Dec. 29—C. A. A. and I. A. C.; Jan. 1—I. A. C. and C. Y. C.; Jan. 4—Midway A. C. and Lake Shore A. C.; Jan. 19—C. A. A. and Midway A. C.; Jan. 22—Chicago Y. C. and Lake Shore A. C.; Feb. 9—C. A. A. and Lake Shore A. C.; Feb. 11—I. A. C. and Midway A. C.; Feb. 23—C. A. A. and Chicago Y. C.; Feb. 26—I. A. C. and Lake Shore A. C.; March 1—Midway A. C. and Chicago Y. C.; March 15—C. A. A. and I. A. C.; March 19—I. A. C. and Chicago Yacht Club; March 22—Midway A. C. and Lake Shore A. C.

Cards to Play St. Paul.

The Chicago Cardinals of the American Professional Hockey association will play St. Paul in a pro league series Saturday and Sunday at the Coliseum rink. St. Paul has a strong squad and two hard games are expected by the Cards.

Two speed skating races will be held after the pro matches each night. Saturday evening there will be a class A 440 yard race and a special miss and out event, while Sunday night the class A skaters will compete in a three-quarters mile race and another open miss and out race will be staged.

Eckersall's Gossip of the Boxers

DEFINITE announcement will be made today regarding the staging of the Eddie Shea-Bud Taylor match at Dexter Park pavilion on Dec. 13. Eddie Long, manager of Taylor, is awaiting word from a Terre Haute doctor who yesterday examined Taylor's left eye, hurt in his fight with Joey Sangor in Milwaukee last Monday night when he dropped a ten round decision to the Cream city battler.

◆

Ray Miller and Eddie Shea, west side rivals for featherweight honors, have started preliminary training for their ten round bout which will be held early next month.

◆

Jimmy Daugherity, manager of George Godfrey, who will appear against Cowboy Owens at the Coliseum tomorrow night, arrived in the city yesterday. Jimmy expects great things of his fighter, but has a wholesome respect for Owens' punching ability.

◆

Don Davis, local featherweight, and Joe Celmars of New York have been matched to meet in a ten round contest at 5247 West Madison street on Dec. 10. The weight will be 126 pounds.

◆

Paul Allen and Morrie Gransberg, local 130 pounders, have been matched to meet in the semi-windup to the Herbie Schaeffer-Henry Lenard bout at White City on Monday night. The other bouts will bring together Jerry "Red" Dolan and Ralph Mendoza, Henry Cullen and Sid Kelly, Cozy Dolan and Joey Pats, and Plum White and Pete Pauley.

◆

Unlike other champions, Tod Morgan, the world's junior lightweight titleholder, is a busy fighter. In the last six months Morgan has defended his title against Kid Sullivan, Joe Glick, Johnny Dundee, and Carl Duane. This is somewhat of a record, for champions as a rule do not go to the post in defense of their laurels so often. Among the opponents whom Morgan will meet in New York this winter are Sid Terris, Phil McGraw, Billy Petrolle, Babe Herman, Lou Paluso, Mike Ballerino, and Ace Hudkins.

NELSON AGAIN WINS CHICAGO HANDBALL TITLE

Louis Nelson of the Kimrock A. C. last night won the Chicago Handball league title for the fifth consecutive year by defeating Avery Brundage of the Chicago Athletic association in three out of four sets in the title match at the C. A. A. The scores were 18-21, 21-11, 21-19, 21-14.

In the match for third place Ralph Thorson of the Kimrock A. C. defeated Harry Burton of the C. A., two out of three sets, 21-15, 15-21, 21-11.

Bob Emulates Praying Arab to Lure Ducks

BY BOB BECKER.

[Chicago Tribune Press Service.]

Morris, Ill., Dec. 1.—Two men sitting in a duck boat only partially concealed in vegetation have to give a good imitation of a couple of prostrate Arabs on a prayer rug when a flock of birds are decoyed to the shooting hole. Frank Collins and I went down in prayerful posture this afternoon in a half successful attempt to make ourselves invisible, as the water in the pond is so high that the duck boat floats above the cattails, and it's a tough job trying to make any kind of a blind.

Frank and I were chatting and trying to forget a biting northwest wind that was slowly getting under a dozen layers of clothing when about seven big cornfed mallards hove into sight.

"We'll have to take 'em the first time around because they'll see us," whispered Frank. The birds, rocking in a strong wind, came on, skidded down to a low altitude. Then Frank said, "Let's go" as the mallards were getting in a position to see us. It was long range shooting and our blunderbuss never nicked a feather. But old dead shot Frank nailed one with his usual deadly accuracy.

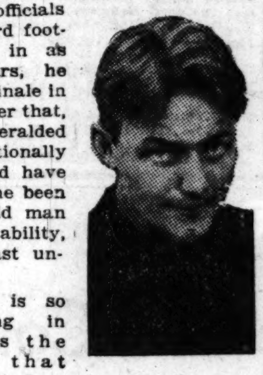
Matsuyama Leads Ary Bos, 800-674, in Billiard Play

Philadelphia, Pa., Dec. 1.—(AP)—Kinrey Matsuyama, defending his title as national junior 18.2 balkline billiard champion against Ary Bos, Philadelphia challenger, jumped into the lead tonight in the second block of their 1,200 point match. At the end of the block Matsuyama had scored 800 points to 674 for the challenger, giving the titleholder a lead of 126.

Johnson of N. U. Plays in Every Period of 24 Games

BY IRVING VAUGHAN.

When Tackle Bob Johnson recently thanked the Northwestern university athletic officials for his third football "N" in as many years, he spoke his finale in a grid career that, while not heralded as sensationally as it would have been had he been a back field man of equal ability, was at least unusual.



BOB JOHNSON.
[TRIBUNE Photo.]

Nothing is so discouraging in football as the neglect that usually attends a line man. He paves the way for the ball carrier and the ball carrier makes the headlines in the public prints. But neglect never brought gall into the soul of this big, drawling southerner and he plugged through three seasons of intercollegiate football without missing even one period in the twenty-four games played by the Purple.

Coupled with his steadiness and his immunity to injury was his football sense, on defense and offense alike, that made him one of the oustanding tackles of the conference, so there was little wonder at Coach Thistlethwaite's remark about his greatest losses for next year being Big Bob and Capt. "Moon" Baker.

Johnson was just as consistent about his practice as the regular games and soon became known as one of those rare athletes over whom a coach need not worry. In his three years as a varsity player he never missed a day's drill except when under orders to stay out of uniform, and once in his sophomore year he actually was chased from the field because he insisted on working after the coach had given him a three day leave out of fear of "staleness."

Johnson was born in Jacksonville, Tenn., twenty-three years ago and is the seventh of eight brothers. The six preceding him made their marks on college gridirons and the eighth probably will be heard from. The youngest now is a high school junior with a record as a prep athlete and in 1928 will enter Northwestern.

Brother Bob is a senior in the Northwestern Dental school so it won't be long now before he'll be able to tackle stubborn molars instead of ball carriers.

ENDURED AGONY from BRUISES AND STRAIN

Hurt in bad fall, makes quick recovery

A young woman at Bushnell's Basin, Monroe County, New York, fell and was badly bruised and strained.

"I suffered agony," she writes, "but I used Sloan's Liniment and it relieved the pain right away."

What is the secret of the power of this remarkable remedy?

Simply the fact that Sloan's doesn't merely deaden the nerves so that you don't feel the pain. It really drives out the pain by removing the cause.

Right to the affected spot it brings a healing stream of fresh, revitalizing blood, driving out congestion, relaxing contracted muscles. The pain stops as a natural consequence.

So clean and easy to use, too Just pat it on lightly without rubbing, and the liniment will do its work. Get a bottle today and have it on hand. All druggists have it —35 cents. Dr. Earl S. Sloan, 113 W. 18th St., New York.

Sacrificing My Series 11 New Franklin Touring Car

BUSINESS compels me to sacrifice this beautiful New Series 11 Franklin 5 pass. Touring car at a bargain figure. This is a special job and different from the stock model, in that it is specially painted in Rolls-Royce Blue, fitted with Burbank top, equipped with Watson Stabilators, balloon tires, spare tire and lock, mirror, etc. This car cost me $2,875.00 and to raise additional funds will take an outright loss of $875.00. If you act quickly you can get a brand new Franklin for $2,000.00.

Try this test any snowy night. Take two bottles and fill them — one with Texaco and one with any other oil. Leave them out overnight. In the morning Texaco flows — all of it.

Left in a snow bank overnight —and in the morning

TEXACO FLOWS

But you need not wait for the first cold, snowy night to make sure of your oil. Try it with any other oil —and Texaco—anytime. Place the two bottles in a jar of crushed ice and salt for half an hour. The temperature will drop to about zero, yet Texaco flows freely.

When it begins to freeze, any motor oil not free of paraffin, begins to thicken

Then begins the starting resistance that burdens your battery—when every moving part is wiping its working surface bare of lubrication. One short minute of this action is more destructive than many miles of ordinary driving.

No such condition is necessary—Texaco Motor Oil flows at 32°, at zero — and below. For Texaco is free of paraffin wax, tars and cylinder stock. Be sure that your oil meets the severe test of winter driving. *Golden Texaco does.*

Fresh and "stale" hogs totaling 28,000, proved excessive yesterday and prices recorded the first decline in over a week. General average fell 5c at $11.95, but still shows 40c gain since the middle of last week. Early top at $12.15 was steady, obtaining choice 251@273 lb butchers, with bulk of 140@225 lb averages released within a range of $11.85@12.05, most big droves of better grades costing $11.88@11.92, averaging 201@225 lbs.

Large local packers bought hogs with moderate freedom on the 5@10c break in midsession, reducing the early supply to 5,000 at the close. Outsiders absorbed 6,000 hogs, the largest Wednesday shipments since last March, barring a week ago.

Brisk competition for yesterday's short supply of yearling steers sent the top price to $13.15, a new high mark for the year thus far. Fifty fancy 992 lb Nebraska cattle reached this price, with several loads of 1,048@1,126 lb steers making the $13.00 line in the scramble during the forenoon. Choice 1,110 lb South Dakota steers brought $12.85 and 1,253 lb Nebraskas, $12.00.

With total cattle receipts second smallest in nearly four months for Wednesday, at 12,000, medium and heavy beeves shared in the full 25c advance. Prime 1,386 lb averages reached $11.50, highest in over a week for that weight. Butcher stock met the best clearance in some time at strong to 25c higher prices, heifers leading the gain. Calves and bulls held steady. Stockers and feeders moved slowly at little change.

Best Lambs Steady.

Sheep receipts yesterday, at 16,000, the largest Wednesday run in nearly two months, carried few strictly choice lambs, resulting in a fully steady trade in better grades, while burdensome supplies of inbetween natives and half fat fed westerns ruled weak to 25c lower. Choice natives to city butchers topped the list at $13.75, with bulk of choice 75@85 lb averages at $13.00@13.50, several loads of 95 pounders at $12.75, and 106 lb averages at $11.85. Feeding lambs were neglected at further reductions. Aged sheep held steady, fancy 110 lb., fed western ewes at $7.10, and fairly good 115 lb rangers at $6.50. Shorn lambs sold downwards from $11.75.

Receipts at Chicago for today are estimated at 11,000 cattle, 35,000 hogs, and 20,000 sheep, against 10,319 cattle, 31,921 hogs, and 18,490 sheep, the corresponding Thursday a year ago.

FARM AND GARDEN

BY FRANK RIDGWAY

At the end of each year almost every gardener in figuring up his net profit starts out with a determination to improve his methods of production so that his returns will be greater the next year. Seed, seeding, cultivation, and the problem of keeping the crops well supplied with moisture are all things that are considered in the hope of stopping the leaks and cutting down costs.

In the middle west, where several weeks of midsummer weather is often dry, some gardeners have attempted irrigation. Overhead irrigation has been tackled by some. As a general rule, fancy equipment adds to the cost of production and often eats up all the profits.

California horticulturists at the Berkeley station have come to the conclusion that irrigation by overhead sprinkling is costly. It is limited to high priced crops on land of high value. Wadsworth of the California university says sprinkling systems, if used, should be installed because of their ability to distribute irrigation water uniformly and effectively, and not because of claims for other advantages.

Much skill is required in designing the details of a sprinkled layout and it is a loss of money to install a system without first having it carefully planned. An overhead sprinkling system would be an expensive way of watering most gardens in the central west, where there is lack of natural pressure and it is necessary in most cases to install pumps to create pressure to operate the sprinkler.

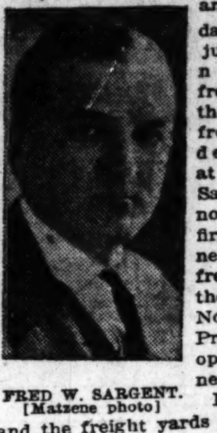
PLAN $3,000,000 FREIGHT DEPOT FOR PROVISO

BY AL CHASE.



FRED W. SARGENT.
[Matzene photo]

Fred W. Sargent, president of the Chicago and Northwestern railway, announced yesterday that work has just started on a new $3,000,000 freight depot at the road's new freight yards under construction at Proviso. Mr. Sargent also announced that the first unit of the new classification freight yards of the Chicago and Northwestern at Proviso will be opened for business Dec. 15.

Both the depot and the freight yards are part of the $15,000,000 Chicago terminal program of the railroad. The classification yards consist of thirty tracks with a capacity of 100 cars to each track. The Proviso yards, to be one of the largest and most modern in the world, eventually will care for much of the freight now handled in yards inside the Chicago city limits.

Addition for Grant Hospital.

Work has started on a five story addition to Grant hospital, 551 Grant place, which will double the present capacity of that institution, giving it a total of 300 rooms when completed. The plans by Richard E. Schmidt, Garden & Erikson, call for structural steel capable of carrying four additional stories later on. The five story annex will cost $450,000.

The Grant Hospital of Chicago has given a trust deed to the Cosmopolitan State bank, trustee, for $500,000, for ten years from Nov. 1, 1926. The hospital has a site at the southeast corner of Grant place and Larrabee street, extending through to Webster avenue.

Broadway Hotel Deal.

Albert Fuchs yesterday acquired by redemption the Broadway hotel property and the Chateau apartments from the Broadway Hotel company. These parcels were sold recently at a master's sale. Mr. Fuchs, now living in California, was the original owner of the property.

Charles Levy has purchased from Harry J. Leviton of Kenosha, Wis., the northwest corner of Drexel boulevard and 43d, improved with a building containing fourteen stores and nine offices. The lot is 100x181. The price, according to Jacob Olken, the only broker in the transaction, was $155,000, subject to $73,000. Moses Leviton and Samuel P. Gurman were attorneys.

RUBBER MARKET.

NEW YORK, Dec. 1.—(AP)—RUBBER—Closed easy. December, 36.60c; March, 37.40c; May, 38.40c. Smoked ribbed, spot, 36.50c.

Organization

The American, British & Continental Corporation has been organized under the Laws of the State of Delaware. This Corporation will have associated with it twelve Banking Institutions in Europe and the United States, which are taking a substantial participation in the Capital Stock of the Corporation. The Corporation will invest in such securities and do such business as is authorized by its Certificate of Incorporation and by the Laws of the State of Delaware. Some of the particular types of investments which the Corporation anticipates making are set forth below.

The Corporation will have the benefit of the wide experience of its associated Banking Institutions in the selection of a diversified list of investments. Subscribers to the First Preferred Stock of the Corporation will not only be entitled to a fixed dividend but will also be enabled to benefit by the surplus profits of the Corporation through their holdings of Common Stock.

Capitalization

The authorized and issued capital stock of the American, British & Continental Corporation, after completion of this financing, will be:

First Preferred Stock
$6 Cumulative Annual Dividend (now offered under Allotment Certificates)........ 100,000 Shares
Second Preferred Stock
$6 Cumulative Annual Dividend........ 40,000 Shares
Common Stock
Exclusive voting rights except in the event of default in payment of eight (8) quarterly dividends on the First Preferred Stock and in other contingencies described in the Certificate of Incorporation or by statute. 100,000 shares to go with First Preferred Stock, the balance to go with Second Preferred Stock.. 400,000 Shares

Equity for First Preferred Stock

The following banking institutions have agreed to purchase forty thousand shares of Second Preferred Stock with the Common Stock which it carries for Four Million Dollars.

Country	Bank	City
Austria	ALLGEMEINE OESTERREICHISCHE BODEN CREDIT ANSTALT	Vienna
Belgium	SOCIETÉ GENERALE DE BELGIQUE	Brussels
Czecho-Slovakia	BOHEMIAN UNION BANK	Prague
France	BANQUE DE L'UNION PARISIENNE	Paris
Germany	DRESDNER BANK	Berlin
Great Britain	J. HENRY SCHRODER & CO.	London
Hungary	HUNGARIAN COMMERCIAL BANK OF PEST	Budapest
Netherlands	LIPPMANN, ROSENTHAL & CO.	Amsterdam
Sweden	STOCKHOLMS ENSKILDA BANK	Stockholm
Switzerland	CREDIT SUISSE	Zurich
United States	BLYTH, WITTER & CO. J. HENRY SCHRODER BANKING CORPORATION	New York New York

One-half of the Second Preferred Stock will be purchased by Blyth, Witter & Co. and J. Henry Schroder Banking Corporation and companies or interests affiliated with it.

The Four Million Dollars derived from the sale of the Second Preferred Stock will be received by the Corporation in cash without any deductions whatsoever. There will, therefore, be a substantial equity behind the First Preferred Stock. The proceeds from the sale of the First Preferred Stock will be received by the Corporation with no deductions except for a selling commission which will include distribution costs and expenses.

Bankers' Committee

A Bankers' Committee will be formed, with its central office in London, consisting of a representative from each of the banking institutions mentioned above as subscribers for Second Preferred Stock. It will be the function of the members of this Committee to propose investments which will be subject to final approval by the Board of Directors or an executive committee to be elected therefrom.

Management

The Board of Directors will consist of seven members who, it is expected, will be chosen as follows:

Two members representing Blyth, Witter & Co.
Two members representing J. Henry Schroder Banking Corporation, New York.
Two members from the above group of banking institutions excepting those in Great Britain and the United States.
One member, the legal counsel of the Corporation resident in New York.

Messrs. J. Henry Schroder & Co., of London, will, in co-operation with Blyth, Witter & Co., London, act as London correspondents of the Corporation, and will arrange for meetings of the Bankers' Committee to take place from time to time in their offices. They will place at the disposal of the Corporation the necessary clerical staff to examine and co-ordinate the various business proposals presented for consideration.

Messrs. J. Henry Schroder & Co. and Blyth, Witter & Co., London, will assist the Board of Directors by reporting to it their opinion of such proposals when transmitting the same to the Board of Directors for approval or otherwise.

The Common Stock to be issued with the Second Preferred Stock will be deposited under a Voting Trust Agreement, under which all other Common Stockholders will be entitled to deposit their Common Stock.

Investments

Following the practice of the successful British Investment Trust Companies, the Board will invest the funds of the Corporation in loans and securities diversified both as to type of investment and geographical location. Included in the investments which the Corporation proposes to make will be the bonds of or loans and credits to governments, municipalities, and other political subdivisions, and railways, public utilities, and commercial, financial, and industrial institutions in foreign countries and in the United States; also in such Preferred and Common Stocks of any companies or corporations as appear to offer opportunities for safe and profitable investment.

The Corporation will participate in the underwriting of foreign and domestic issues, and a portion of the Corporation's funds may be reserved for investment within the United States in approved loans and securities.

Debentures

The Corporation may sell Debenture Bonds not in excess of an amount equal to $100 per share on each share of all classes of Preferred Stock outstanding, plus an amount equal to the then accrued book value of the Common Stock.

Offered on behalf of the Corporation for delivery in the form of Allotment Certificates of the Corporation when, as and if issued and received by us and subject to approval as to legality by Messrs. Breed, Abbott & Morgan, Attorneys in New York. Allotment Certificates will be exchangeable on December 1, 1927, or earlier, at the option of the Corporation, for definitive First Preferred Stock Certificates and Common Stock Certificates. It is expected that Allotment Certificates will be ready for delivery about December 22, 1926.

Copy of provisions governing the rights and preference of the First Preferred Stock, to which reference is made for details, will be furnished upon request.

Price $100 per Share and Accrued Dividend

Payments will be called for as follows: 50% upon delivery of Allotment Certificates and further installments of 25% each at intervals of not less than ninety days.

Central Public Service Company

Series "A" 6% Collateral Trust Gold Bonds

Dated July 1, 1925 **Due July 1, 1940**

Interest payable January 1 and July 1. Coupon Bonds in interchangeable denominations of $1,000, $500 and $100. Bonds registerable as to principal only. Redeemable at the option of the Company in whole or in part on any interest date on thirty days' notice at 101 and accrued interest. Principal and interest payable in Chicago at the office of the Standard Trust and Savings Bank, Trustee. Interest payable without deduction for Normal Federal Income Tax not to exceed 2%. The Company will refund upon proper and timely application the Pennsylvania Four Mill Tax, Connecticut Four Mill Tax, Maryland Four and One-Half Mill Tax, California Personal Property Tax not in excess of four mills per annum, and Massachusetts 6% Income Tax.

Mr. A. E. Peirce, President of the Company, summarizes in a letter as follows:

Business, Territory Served and Property: Central Public Service Company, a Delaware Corporation, will furnish, through operating properties, public utility service in 15 states of the Middle West, the Atlantic Seaboard and the Gulf Coast, including Illinois, Wisconsin, Michigan, Indiana, Kentucky, Maine, New York, Pennsylvania, Maryland, the Virginias, North Carolina, Georgia, Alabama, Texas, and New Brunswick, in Canada, supplying a population of approximately 750,000. The sources of net revenue of the properties are reported as follows: electric light and power 41.4%; gas 45.0%; water 11.3%; railway and heat 2.3%. All of the properties in Wisconsin, Lower Peninsula of Michigan, Maine and New Brunswick are hydro-electric. The present capacity of the electric stations equals 35,430 h.p. of which 21,014 h.p. is hydro-electric. Connected to these stations are 1,242 miles of transmission and distribution lines. The gas plants have a rated capacity of 11,420,000 cubic feet of gas per day and the gas distribution systems total 838 miles of mains. Manufacturing and distribution equipment is modern and well maintained, enabling the Company to operate the properties efficiently.

Capitalization: Upon completion of present financing.

Series "A" 6% Collateral Trust Gold Bonds (this issue)	$2,604,000
6½% Secured Gold Notes	350,000*
Five Year 2% to 5% Notes	198,000
Preferred Stock, $7 Dividend Series (no par value)	15,172 Shares
Common Stock (no par value)	180,000 Shares

*Closed issue, secured by $350,000 Debenture bonds of Michigan Water Power Company.

NOTE: The above capitalization does not include funded debt and preferred stock of subsidiary companies outstanding in the hands of the public with a total par or liquidation value of $26,616,690.

Security: These bonds, in the opinion of counsel, will be the direct obligation of Central Public Service Company and will be secured by deposit of all of the Common Stocks of its subsidiary companies. Additional bonds may be issued under restrictions as set forth in the Trust Indenture. As recently determined by independent engineers, the properties which are the basis for the security of this issue have a reproduction value—in excess of all outstanding securities senior to this issue—of approximately $13,000,000, or more than $4,900 for each $1,000 of these Bonds.

Earnings: Consolidated earnings for the twelve months ended August 31, 1926, including estimated earnings of the subsidiary Michigan Water Power Company (gross $140,000 and net $119,150—in partial operation, October 15, 1926), were as follows:

Gross Earnings	$5,752,587.42
Operating Expenses, including maintenance and taxes (other than Income Taxes) but excluding depreciation and non-recurring items	3,460,715.60
Net Earnings	$2,291,871.82

The balance of net earnings, as shown above, after deducting $1,703,117.98 for fixed charges of subsidiaries is $588,753.84—over 3.7 times annual interest requirements on the total amount of these Bonds to be presently outstanding.

Management: The Company has an experienced management organization which is rapidly building up its earnings through economies in improved operating and engineering methods resulting from consolidation; aggressive new business campaigns; acquisition of desirable properties; and the development of the extensive water power sites available in the territory now served.

These bonds are offered when, as and if issued and received by us. All legal proceedings as to this issue will be passed upon by Messrs. Chapman, Cutler & Parker, Chicago.

Said bonds so designated for redemption are payable on January 1, 1927, at the option of the respective holders thereof, either at the principal office of DILLON, READ & CO., 28 Nassau St., New York City, or at the principal office of J. HENRY SCHRODER BANKING CORPORATION, 27 Pine St., New York City, at one hundred per cent. (100%) of the principal amount thereof, plus accrued interest to January 1, 1927, upon surrender of said bonds with all appurtenant coupons maturing on and after January 1, 1927, provided funds for the purpose shall be deposited by the undersigned with said Fiscal Agents before said date. At the option of the respective holders of said bonds so designated for redemption, the principal thereof and interest thereon may likewise be collected either in London, England, at the office of J. Henry Schroder & Co., in Pounds Sterling, or in Amsterdam, Holland, at the office of Mendelssohn & Co. Amsterdam, Nederlandsche Handel-Maatschappij and Pierson & Co., in Dutch Guilders, at the buying rate, in London or Amsterdam, respectively, for sight exchange on New York City on the day of presentation for collection.

As provided in said Indenture, the holder of any of said bonds so designated for redemption, to which shall be attached at the time of redemption a valid unexercised Non-detachable Purchase Warrant for common stock of Deutsch-Luxemburgische Bergwerks-und Hütten-Aktiengesellschaft, shall be entitled to receive, upon surrender of such bond and Warrant to one of said Fiscal Agents, in addition to the redemption price for such bond, a Detached Warrant in lieu of said Non-detachable Warrant.

Dated, December 1, 1926.

CHICAGO STOCK TRANSACTIONS

Wednesday, Dec. 1, 1926.

Day's sales..............45,000 Year ago................56,000 Total 1926..........9,602,239 Year ago...........12,701,642

Chicago stocks were generally strong yesterday, the packing shares with the exception of the Swift issues featuring the upturn. Libby, McNeill & Libby was extremely active and closed 1⅝ higher to 11⅛, a new high for several years. Armour A advanced ⅞. Swift International was again active but closed ⅛ down on profit taking. Bendix leaped into activity and gained 2 points to 37⅝. United Iron was another that jumped out of its lethargy, closing a point higher to 3¼ after sales of about 1,325 shares. On small sales, gains were: Real Silk Hosiery, 2⅝; Sears Roebuck, 1⅛, and Armour preferred and Deere preferred a point each. U. S. Gypsum declined 2 points.

DRY GOODS MARKET.

NEW YORK, Dec. 1.—(AP)—Maintenance of printed goods list prices for later deliveries steadied the finished goods markets generally today. Print cloths held firm. Broadcloths were in good call and shirtings in better demand. Colored goods, such as denims, tickings, ginghams, and piece dyes, were being bought. Burlaps for future shipment were easier at Calcutta. Heavyweights for immediate use command a slight premium. Business is coming forward freely on part wool blankets for next fall.

IN FOREIGN STOCK MARKETS.

LONDON, Dec. 1.—(AP)—Bar silver, 24 11-16d per ounce; money, 3¾ per cent; discount rates short and three months bills 4⅝ per cent.

PARIS.—(AP)—Prices were heavy on the bourse today. Three per cent rentes, 49 francs 80 centimes. Exchange on London, 130 francs 45 centimes. Five per cent loan, 56 francs 95 centimes. The dollar was quoted at 26 francs 90 centimes.

RAW SILK MARKET.

NEW YORK, Dec. 1.—(AP)—SILK—Raw: Easier. Prices per pound: Japanese grand double extra, $6.10@6.15; double extra, $5.75@5.80; extra, $5.65@5.70; best No. 1 to extra, $5.60@5.65; Canton new style, 14-16s, $4.10; Shanghai steams, three dancers, $6.05.

PARK RIDGE (population 8,300) is one of Chicago's well known residential suburbs, 13 miles from its business center. It is served by the Chicago & Northwestern Railroad and is the home principally of Chicago business men. It contains an exceptionally good class of homes; has two banks, well paved streets and a municipally owned water system.

These bonds are issued by the City of Park Ridge to pay the cost of grading, curbing, paving and drains in various well built up residential sections of the City. They are payable from taxes already levied under County Court confirmation upon the property benefited, which taxes are a lien prior to a mortgage or any other encumbrance save general taxes.

LEGALITY approved by TOLMAN, SEXTON AND CHANDLER, ATTORNEYS, CHICAGO.

A heading over an item last Sunday said that directors of the International Harvester company declared a 40 per cent stock dividend. This was a typographical error and should have read 4 per cent.

LONDON WOOL AUCTION.

LONDON, Dec. 1.—(AP)—At the wool sales today 9,187 bales were offered, of which 8,500 were sold. A good selection of new clip wools from Australia and New Zealand met with spirited demand. Greasy merinos were firm on increased competition on the part of the French operators. The bulk of the greasy crossbreds was taken by the home trade at full rates.

New York, Dec. 1.—(AP)—Constructive forces were again at work in today's stock market, which was featured by a revival of activity and strength in the oil shares. Lowering of the call money rate from 5¼ to 5 per cent stimulated pool activity in issues in which special developments are pending, but there was no appreciable increase in public participation. Weak spots continued to crop out here and there, a sprinkling of net declines of 1 to 5½ points being disclosed in the final quotations.

The day's business news was mixed in character. The increase in commercial borrowings at the federal reserve banks and the continuance of unusually heavy freight traffic for this season of the year were offset by a reported reduction in steel mill operations.

Rumors of Oil Mergers.

The advance in the oils which took place in the face of record breaking crude production, was associated with reports of large current earnings and merger rumors involving the Barnsdall and Phillips Petroleum companies, the common stock of the latter touching a new 1926 high at 56½. Midcontinent Petroleum preferred and Texas & Pacific Land Trust also reached new high ground.

A sudden spurt of more than 5 points in Allied Chemical featured the standard industrials. Baldwin moved up more than 2 points and U. S. Steel common and General Motors about a point each. About a score issues were again pushed up to new high levels, the list including Brooklyn Union Gas, Columbia Carbon, Consolidated Cigar, Eureka Vacuum and Vivadou. Advance Rumely common and preferred and Stromberg Carburetor touched new lows.

The declaration of an extra dividend on Lehigh Valley common and the resumption of dividends on Colorado & Southern common were offset, to some extent, by the failure of the Rock Island directors to take dividend action on the common stock at today's meeting. Trading in the rails also was restricted pending the announcement of a decision on applications for wage increases which is expected this week. Frisco preferred and Lehigh Valley got up into new high ground. Chesapeake & Ohio was run up 3 points but lost half its gain.

An extreme gain of 10 points in French francs, which again sold close to the 3¾ cent level, attracted the most attention in the foreign exchange markets. Demand sterling ruled steady around $4.84 9-16.

A cumulative sinking fund commencing May 1, 1927, operating semi-annually, is calculated to retire the entire issue by maturity through purchases in the open market below par or drawings at par

Redeemable (otherwise than through the sinking fund) as a whole or in part on any interest payment date at 105 and accrued interest on or before November 1, 1931; thereafter the premium decreasing 1% per annum to and including November 1, 1935 and redeemable after that date at the principal amount of the bonds and accrued interest

Coupon bonds in denominations of $1,000 and $500, registerable as to principal only

Principal and interest payable in New York City at the principal office of The Chemical National Bank of New York, Trustee, in gold coin of the United States of America of or equal to the standard of weight and fineness existing on November 1, 1926, without deduction for any taxes, present or future, levied or imposed by the Republic of Colombia or by any taxing authority therein or thereof.

The following is summarized from information communicated to us by The Mortgage Bank of Colombia:

Business The Mortgage Bank of Colombia (Banco Hipotecario de Colombia), founded in 1910, pursuant to a contract with the national government, is the oldest and largest mortgage bank in Colombia. The Bank is located in Bogota. Its chief business consists in the granting of long-term loans secured by first mortgages on improved city and agricultural property.

The national government has encouraged the development of mortgage business. It enacted legislation for the establishment of mortgage banks and granted them exceptional powers to insure prompt and effective enforcement of all mortgage loans made by such banks. All mortgage loans which the Bank makes are, and have been since the foundation of the Bank, payable in gold coin.

The total value of property, at original appraised values, mortgaged as security for loans, on June 30, 1926, amounted to $26,323,309. Mortgage loans against these properties totalled 36.9% of this amount, or $9,715,585, while mortgage bonds (cedulas) outstanding amounted to $8,459,632 or less than one-third (32.1%) of the property valuation. The losses sustained by the Bank on the entire amount of mortgage loans made since the Bank's organization have been only four hundredths of one per cent (.0004).

Purpose The proceeds of this loan will be used to retire outstanding mortgage bonds of higher coupon rate, to reimburse the Bank for mortgage loans already made but against which mortgage bonds have not as yet been issued, and to effect additional mortgage loans.

Security The bonds of this issue are the direct obligations of the Mortgage Bank of Colombia. Under express provisions of Colombian law, all the mortgages held by the Bank constitute specific security for its outstanding mortgage bonds. After giving effect to this financing, against a total of approximately $11,000,000 outstanding mortgage bonds, the Bank will hold first mortgages aggregating approximately $12,000,000 upon property valued at over $30,000,000. *The Mortgage Bank of Colombia, during its entire existence, has punctually paid principal and interest on all of its outstanding bonds.*

Colombia Colombia has a population of approximately 7,000,000. Its area is larger than the states of the Atlantic seaboard from Maine to Florida. It is the nearest to the United States of all the South American republics. The opening of the Panama Canal and the program for the extension of transportation facilities throughout the republic, by providing means of access to world markets, have been instrumental in the development of Colombia's natural resources, and have resulted in a sound and continuous enhancement of property values as the country has become more productive. Since the opening of the Panama Canal in 1914, Colombia's foreign trade and governmental revenues have trebled. The growing world demand for petroleum, coffee, fruits, platinum, and other Colombian products is the basis for the country's continuing prosperity and development.

All conversions to U. S. dollars made at par of exchange, $.9733 per Colombian dollar. Present quotation Colombian dollar $.9750.

We offer these bonds when, as, and if issued and received by us, and subject to the approval of our counsel, Messrs. Hornblower, Miller, and Garrison.

It is expected that temporary bonds or interim receipts will be deliverable in the first instance.

RECORD IS SET IN IRON OUTPUT FOR NOVEMBER

BY O. A. MATHER.

Although this is normally the season of slackening operations in the steel industry, the vitality of the industry is shown in data on the country's iron production last month. The showing is remarkable.

November iron production of 3,236,500 gross tons was the largest on record for that month, except for the war years of 1916 and 1918. Daily output was 107,883 tons a day, an increase of 330 tons a day over October, although the total for that longer month was 3,334,132 tons. The daily output last month did not match the best previous month this year, but then November never has scored that achievement since the world war began in 1915, bringing a vast demand for munitions, and in 1922, when industrial revival from the deflation period was at full tide.

Railroad Dividends Declared.

Railroad prosperity again yesterday was translated into advantages to the stockholders. The Lehigh Valley declared an extra dividend of $1.50 on the common stock, in addition to the regular quarterly payment of 87½ cents. This makes $5 paid this year. The stock sold yesterday at the highest price in 17 years. The Colorado and Southern railroad declared a dividend of $3 on the common stock to cover this year. The last previous distribution at the same rate was made in 1922.

On the other hand, the Rock Island directors took no action toward resuming common stock dividends, which were discontinued in 1913.

Some Extra Payments.

A number of industrial corporations made cheerful dividend announcements. The George W. Helme company declared an extra of $4 on common stock, compared with $3.75 extra paid last year and in 1924. Other extra payments were: Blaw-Knox company, $1.25; General Railway Signal, 25c; Bethany Oil and Gas, $1.25; Carreras Tobacco company, 50 per cent stock and 50 per cent cash.

The Chemical National bank of New York voted a $500,000 stock dividend. The Consolidation Coal company declared a back dividend of $1.75 on the preferred stock, leaving one year's dividends in arrears. On the other hand, the Commercial Credit company reduced its annual rate from $2 to $1 by declaring a quarterly payment of 25 cents on the common stock, compared with 50 cents previously paid.

Sears-Roebuck Gains Continue.

News from the merchandising field was mixed. As a forerunner of the usual large holiday business of the mail order houses, Sears, Roebuck & Co. reported November sales at $27,990,651, a gain of 8.4 per cent over a year ago. Sales for the eleven months this year totaled $242,715,912, a gain of 6½ per cent over the same period last year.

November commercial failures are calculated at 1,830 by R. G. Dun & Co., 67 more than in October and 158 more than November, 1925. Liabilities of $32,693,993 compared with $33,321,000 in October and nearly $36,000,000 in November last year.

Arkansas Power and Light.

F. P. K.—Arkansas Power and Light company has acquired the properties of several successful operating companies and now supplies electric power and light service to a large part of the state of Arkansas.

It is issuing $18,000,000 first and refunding mortgage 5 per cent bonds due 1956.

These are secured by a first mortgage on the major portion of the physical property and, on the remainder, by a direct mortgage subject to two closed issues of underlying divisional and certain minor real estate mortgages.

Of these underlying bonds, which mature in 1933 and 1938, $2,000,500 are now outstanding with the public.

Net earnings of the company's present properties for the twelve months ended Oct. 31, 1926, before depreciation, were $2,608,261.

This is over 2½ times the annual interest charges of $1,010,210 on the $20,000,500 bonds outstanding with the public, including this issue.

Both the gross and the net earnings of these properties have increased in each of the last five years.

The company operates under the supervision of the Electric Bond and Share company and is controlled by the Electric Power and Light corporation.

These bonds are a sound investment.

WALL STREET NOTES

NEW YORK, Dec. 1.—(AP)—Heavy buying of the oil shares overshadowed all other developments in today's curb market.

In the so-called Standard Oil group net gains of 1 to 2 points were recorded Humble, Ohio, Eureka Pipe Line, and Illinois Pipe Line. Lion Oil, which is expected to show earnings well above the $2 annual dividend requirements, was pushed up more than a point, closing at the top price of 24⅝. British-American Oil touched a new top at 72, and Venezuela advanced to within a fraction of the year's top. Gibson was actively traded in around $4 a share, nearly 30,000 shares changing hands.

Victor Talking Machine continued to anticipate heavy holiday business by touching a new record at 119, as against a low of 63 earlier in the year. New peak prices also were registered by American Seating preferred, Curtis Publishing preferred, and Estey Welte A. A sudden revival of activity in Fox Theaters A sent that stock up 1⅝. Celluloid company issues also showed marked strength.

Bond prices drifted aimlessly. With a few exceptions changes were held within fractional limits, providing no reliable index to the market's trend.

With the approval of the interstate commerce commission the New Haven railroad awarded a $4,995,000 issue of 4½ per cent equipment notes to a banking group headed by the First National corporation of Boston.

Binghamton Light, Heat & Power Company

First Refunding Mortgage 5% Gold Bonds

Due February 1, 1946

Price 100 and Interest

Dated February 1, 1916. Interest payable April 1 and October 1 in New York without deduction of normal Federal Income Tax now or hereafter deductible at the source not in excess of 2%. Coupon bonds in denomination of $1000. The issuance of these Bonds has been approved by the Public Service Commission of the State of New York.

A letter from Mr. W. S. Barstow, President of the Company, is summarized as follows:

The Company: The business of the Company has been successfully operated for more than 34 years. It furnishes electric light and power to Binghamton, Johnson City, Owego and thirty-nine other cities and towns in the State of New York. The territory served is an important industrial center and the home of the world's largest shoe factories.

Security: These Bonds, in the opinion of counsel, are secured by a first mortgage on all of the property owned by the Company, with the exception of certain property on which the mortgage is a direct lien subject to $300,000 of divisional underlying liens. The value of the property covered by the underlying liens is less than 10% of the total property value.

Earnings: Gross earnings for the twelve months ended October 31, 1926, were $1,910,244 and net earnings before depreciation $829,024, as compared with annual interest charges on total funded debt to be presently outstanding with the public including this issue of $324,450.

The following tabulation covering the ten years, 1916 to 1925 inclusive, clearly shows the expansion of the Company's business during this period and is indicative of the present opportunities in this field:

Calendar Years	Gross Earnings Including Other Income	Net Earnings Before Depreciation	Interest on Funded Debt
1925	$1,693,066	$799,753	$244,389
1924	1,411,235	634,212	167,358
1923	1,231,229	527,206	114,447
1922	1,032,378	368,557	94,553
1921	921,734	363,722	92,525
1920	762,336	211,238	85,129
1919	508,584	207,478	74,044
1918	446,923	162,520	53,080
1917	372,085	141,262	39,053
1916	315,207	138,882	33,741

Management: Binghamton Light, Heat & Power Company is controlled by the General Gas & Electric Corporation whose subsidiaries serve a population of over 2,215,000 in seven important states in the eastern and southeastern sections of the country.

A detailed descriptive circular will be sent upon request

HALSEY, STUART & CO.
INCORPORATED

These Bonds are offered for delivery when, as and if issued and accepted by us and subject to approval of counsel. It is expected that definitive Bonds will be ready for delivery on or about November 29, 1926. All statements herein are official or are based on information which we regard as reliable, and while we do not guarantee them, we ourselves have relied upon them in the purchase of this security.

ALL GRAINS TAKE UPWARD TURN ON SHORT COVERING

BY CHARLES MICHAELS.

A wave of general short covering swept over the grain markets, and heavily oversold condition was disclosed with wheat advancing 1⅛@3¼c, corn, 2½@3¼c, and oats 1⅝@2c from the finish of the previous day. The close was within a fraction of the top. Wheat closed 1¼@2¼c higher, with December selling at $1.36½@1.36⅝, May $1.39½@1.39⅝, and July $1.32⅞@1.33. Corn was 2⅝@2⅞c higher with December, 73@73⅛, or 8⅞c under May, with July, 84⅞c. Oats gained 1¼@1⅝c, with December, 42⅝@42½, and May, 46⅞c, while rye was up 1@2⅛c with December, 88¼@88⅝c, and May, 96¼@96⅝c.

December led the upturn in all grains, as deliveries were well absorbed, and shorts who expected to cover on a break were stampeded into taking hold on the way up and found offerings limited.

December Wheat Acts Tight.

There was heavy buying of December wheat at times credited to short covering for eastern account, although the trade has felt that the bulk of the grain had been taken in previously. The difference between December and May narrowed to 3c against 3⅜c at the close on Tuesday. There was some selling of the December by houses that paid for part of the 1,595,000 bu delivered on contracts, but part of the latter went into the hands of cash interests.

Bearish influences counted for little in wheat. Buenos Ayres was ⅜ to 1c lower early, but rallied late in the day in sympathy with North America and closed ¼ to ½c higher. Weather conditions there were favorable for harvesting and the movement. Winnipeg was inclined to drag and gained 1@2⅛c with July leading, strength being due to short covering on the upturn in Chicago, and May there went to 4⅝c under Chicago against 4c on Tuesday. Liverpool closed ⅜ to ⅝d higher with a better milling demand for nearby grain.

More Interest In Corn.

Trade in corn broadened materially, and when leading local professionals who were heavily short started to cover they found little for sale and at no time was there any material pressure on the market. December gained ½c on the May, with deliveries only 182,000 bu for the day. Cash demand, however, failed to show any improvement, and there was a slight increase in country offerings to arrive. The unusually wide spread between the price of cash corn and hogs is attracting some attention, the ratio based on local prices being nearly 20 to 1, which is expected to induce heavy farm consumption.

Bullish sentiment in oats was more pronounced and deliveries of 2,454,000 bu were quickly absorbed. Shorts in the December were on the defensive, and that delivery gained fractionally on the May.

CASH·GRAIN NEWS

Foreign demand for cash wheat at the seaboard remains slow with sales of 200,000 to 300,000 bu in all positions. Some small lots of rye were also worked in addition to 200,000 to 300,000 bu barley. In the last two days a Chicago house has sold 70,000 bu No. 2 hard winter wheat for all rail shipment to the seaboard for export, partly at 2⅜c over December, track here.

Chicago handlers sold 5,000 bu wheat, 90,000 bu corn, 95,000 bu oats, and 30,000 bu barley to the domestic trade. Deliveries on December contracts aggregated 1,595,000 bu wheat, 182,000 bu corn, 2,454,000 bu oats, and 1,825,000 bu rye. Charters were for 250,000 bu wheat at 5c to Buffalo for winter storage.

Demand for cash wheat was somewhat more active with the basis here steady to 1c higher. No. 2 red was 2@3c over and No. 3 red December to 1c over, while No. 2 hard was 4@5c over, and No. 3 hard 1@3c over. St. Louis basis was 1c higher on red winter. Kansas City basis was unchanged, and Minneapolis strong with limited offerings. Latter market sold 60,000 bu to mills.

While there was some increase in country offerings of cash corn to arrive, a local house buying 10,000 bu new No. 4 yellow or white for December-January shipment at 66½c, the actual pressure was light. Offerings on spot were small, and the basis steady to ½c higher. Old No. 2 grades sold at 1½@3⅜c over December; No. 3 grades, December to 2½c over, and No. 4 grades, 1c under to 1c over the future. New No. 4 mixed sold at 66⅜c; No. 5 mixed, 63½c; No. 5 yellow, 65½c; No. 6 yellow, 62½c; No. 4 white, 69c; No. 5 white, 63¼c; No. 6 white, 62c, and sample grade, 61½c. Outside markets were 1@3c higher.

Cash oats remain in limited supply with the basis steady to 1c higher. No. 2 white were 4@5c and No. 3 white ½@2½c over the December.

Official receipts of grain at Chicago Wednesday: Wheat, 15 cars; corn, 53 cars; oats, 18 cars; rye, 3 cars; barley, 4 cars.

WORLD'S GRAIN MARKET NEWS

Wheat traders were so surprised at the unexpected advance in prices here and in all markets that they lost their bearings and were disposed to look for a further upturn should the buying be as vigorous as it was Wednesday. Buenos Aires closed ⅛c to ½c higher, with December $1.23½ and February $1.28, the latter up ¼c. Even the corn market there had an upturn with gains of ½@⅝c, December leading with a close at 53c, and January 56½c. Oats were unchanged with weather generally fine.

General expression of the wheat trade was that the market has been heavily oversold, and in Chicago the condition is much the same as that existing in corn several weeks ago. Traders have looked at the accumulating stocks in Canada, weakness of the Winnipeg market, the better weather in Argentina and a decline of around 10c there of late, and have sold wheat short at Chicago. This has congested the market and with cash wheat firmer and with indications of several cargoes of wheat delivered here on December contracts being moved out to Buffalo by millers, the shorts have become uneasy and the market has tightened.

Those who are bullish on corn are basing their purchases mainly on the small movement from the country and the shortage in the supply of merchantable corn. The latter has been before the trade for nearly a month and many are beginning to realize the situation. A few bulls expressed the opinion at the close that prices are likely to advance for several days more.

FINANCIAL NOTES

To clear the way for the declaration of dividends on the common stock, directors of the Universal Pipe and Radiator company yesterday perfected a plan for the retirement of the preferred stock through an exchange for new 6 per cent debentures, half a share of Universal common stock and $10 in cash. The offer will consist of $70 in face value of the debentures in addition to the $10 cash and one-half share of Universal common for each share of preferred. A secondary purpose of this move, it was stated, is to simplify the capital structure preliminary to the acquisition of another company of national importance manufacturing a standard household article. The company for which merger negotiations are in progress does an annual business of between $25,000,000 and $30,000,000.

A $3,000,000 dam and hydroelectric generating station will be constructed at Chippewa Falls, Wis., by the Byllesby Engineering and Management corporation, it was announced at Minneapolis. The new dam and power plant of 18,000 kilowatt capacity will be grouped with other existing water power and steam plants operated by the Northern States Power company.

Sales of the assets of Onyx Hosiery, Inc., to Gotham Silk Hosiery, Inc., received the approval of the stockholders of the former company. Gotham is to pay $7,868,500 for these assets, equal to $35.75 a share on the Onyx common stock, after allowing for the retirement of the company's preferred stock.

George Hannauer Made Head of Boston & Maine

George Hannauer, executive vice president of the Indiana Harbor Belt railway, was elected president of the Boston and Maine railroad, according to an announcement made yesterday in Boston by Homer Loring, chairman of the board. The new president will assume his duties on Jan. 1. He succeeds James H. Hustis, who resigned last March. Mr. Hannauer was born in St. Louis, Dec. 19, 1872, and began his railroad career on Sept. 24, 1890, as an employé of the St. Louis Terminal Railway association.

PROVISION PRICES UP

Foreign and domestic shorts were good buyers of lard, taking the market's surplus and carrying prices higher. The buying was based on a reduction of 50 per cent in Liverpool lard stocks for November. Selling was mainly by longs. Closing trades were at net gains of 2½@10c. Short ribs were not changed and bellies 12½c higher. Cash trade was good in both lard and meats, with fair sales of lard for export. Heavy dry salted bellies advanced ¼@½c, with light up ½@1c. Green hams and bellies were up 1c.

Lard stocks in Chicago are 14,039,580 lbs, against 23,336,000 lbs last month and 8,920,000 lbs last year. Meat stocks are 60,358,782 lbs, against 64,222,000 lbs last month and 72,546,000 lbs last year.

Packing in the west for the week, as given by the Price Current Crop Reporter, was 527,000 hogs, against 563,000 last year. For the winter season to date 2,339,000 hogs, against 2,413,000 last year. Prices follow:

COTTON PRICES SAG

Cotton prices were on the down grade and in New Orleans dropped to new low levels, with the finish well toward the lowest, showing net losses on futures in Chicago of 3 to 11 points and in other markets of 9 to 13 points. Spots in New York lost 20 points and were down to 12.60c and in New Orleans were off 10 points to 12.20c. Liverpool was weak and closed 7 to 12 points lower.

Hedging sales against purchases of spot cotton in the south and spreading operations between Chicago and New York furnished a larger general trade. Prices on domestics are said to be 5 to 7 per cent lower on some brands as quoted in Chicago. Prices in leading markets follow:

CENTRAL TRUST COMPANY OF ILLINOIS, TRUSTEE

Mr. W. N. Albertson, President of the Company, summarizes his letter to us as follows:

Organization and Business: The Central West Public Service Company, incorporated under the laws of the State of Delaware, will be a consolidation of the public utilities formerly owned with those of the Platte Valley Power and Light Co. and its subsidiaries, the Platte Valley Power Company of Nebraska and the Dakota Public Service Company, and other independent public utilities. The Company will own all the capital stocks (except directors' qualifying shares and negligible minority interests in three subsidiaries) and all outstanding funded debt of its subsidiary companies.

The Central West Public Service Company will own and operate through subsidiaries, public utility properties serving 129 cities and towns in Iowa, Nebraska, Minnesota, South Dakota and North Dakota. The population of the communities served is approximately 150,000 and the total number of customers about 32,500. Included in the Company's territory are Norfolk and Columbus, Nebraska; Rapid City and Hot Springs, South Dakota; and Jamestown, North Dakota.

Valuation: The properties have been examined by Messrs. Hagenah & Erickson, Engineers, whose preliminary report shows that the fair depreciated value of these properties as of August 1, 1926 was in excess of $8,883,993.

Upon completion of financing, the total funded debt of the Company, including these Debentures, will be about 65% of this depreciated value of the properties.

Earnings: The consolidated earnings of the subsidiaries to be owned by the Central West Public Service Company for the two years ended July 31, 1926, as reported by independent auditors, were as follows:

Year ended July 31	*1925*	*1926*
Gross Income	*$1,285,610.53*	*$1,340,496.61*
Operating Costs and Expenses, including Maintenance and Taxes	*788,472.94*	*799,649.39*
Net Earnings before Interest, Depreciation and Federal Taxes	*$ 497,137.59*	*$ 540,847.22*
Interest on total Funded Debt, including these Debentures	*328,000.00*	*328,000.00*
Balance after Interest Charges	*$ 169,137.59*	*$ 212,847.22*

The consolidated earnings of the subsidiaries to be owned available for interest, depreciation and Federal Taxes for the year ended July 31, 1926, are about 1⅔ times the annual interest charges on the total funded debt to be outstanding, including this issue. After deducting the annual interest on the First Lien Collateral Gold Bonds, before depreciation and Federal Taxes, the balance of $320,847.22 is about 3 times the annual interest on these Debentures.

Management: The entire outstanding Common Stock (except directors' qualifying shares) of the Central West Public Service Company will be owned by the McGraw Electric Company. The management is in the hands of men who are known for their successful experience in the administration and the engineering, operating and commercial development of public utilities.

All legal matters in connection with this issue are under the direction of Messrs. Newman, Poppenhusen, Stern & Johnston, Chicago, and Mr. H. B. Carter, Sioux City. Audits by Messrs. Smart, Gore & Co. and Wm. Bryden & Co., Certified Public Accountants. These Debentures are offered when, as and if issued, subject to approval of counsel. It is expected that delivery of temporary receipts of the Company calling for the delivery of definitive Debentures will be made on or about December 14, 1926.

Price 97½ and accrued interest, to yield about 6.35%

Fourteenth Century Woodcraft

One of the Oldest Crafts
—and Commercial Banking

EVERY modern home is now furnished with fine examples of the woodworker's craft—one of the oldest in the world. In beauty and utility the furniture of today equals and even exceeds the artistic pieces of previous periods. Unlike most commodities, furniture is not easily standardized; individuality of design and finish is necessary, for the varied tastes of buyers must be considered.

Raw material prices may vary, yet the factory cost of the finished products must be kept at a point where dealers and the public will buy. Again, sales not only fluctuate from season to season but from year to year.

To finance the purchase of raw materials, the manufacture, shipment and distribution of finished goods through the dealer to the ultimate consumer requires substantial capital, a part of which is borrowed from the banker temporarily. Manufacturer, dealer and banker work together in such a way that large and varied stocks of furniture are always available to the public.

BLACK BUTTERFLIES

By Elizabeth Jordan

SYNOPSIS.

Dorinda Maxwell, the wealthiest young woman in Grandon, brings upon herself the censure of the town by her association with the Black Butterflies, a club made up of social outlaws. Her attorney, Orson Hatch, remonstrates with her and advises her to take on a chaperon. Dorinda tells him she will not give up the freedom that was denied her during her father's lifetime.

Hatch sends David Goddard, his clerk, out to Dorinda's house with some papers that require her signature and the heiress is impressed by the young law student.

Dorinda is worried by the gossip about herself and calls on Norma Davis, an old friend, with the hope of keeping their friendship alive. Norma tells Dorinda that her father, John Davis, objects to their friendship. She asks Dorinda why she doesn't marry and Dorinda gives her the same answer she gave to her attorney.

Later Dorinda telephones to Goddard and asks him to call at her house that night. She asks him to marry her, the arrangement to be strictly a matter of business. He refuses at first, but later he tells her he'll do it. They are married quietly on the Saturday following New Year's and go off on a pseudo honeymoon in Dorinda's roadster. Dorinda insists on starting back to Grandon in a storm and quarrels with David when he suggests they wait until the roads are in better condition. They start out each feeling bitterly angry toward the other. Dorinda, driving, crashes into another machine, and awakens in a hospital. The Butterflies hearing of the accident come to visit her. They all go back to Grandon together. Before leaving the hospital David tells Dorinda that they've got to have a new deal or get a divorce. Dorinda asks for a month's truce and David agrees. Dr. Warren comes to see David and tells him that his arm will have to be broken again as it is failing to knit correctly.

Kitty Perkins, one of the Butterflies, dies and with her death the Black Butterflies disband.

INSTALLMENT LXV.

THE DISMISSAL.

No firm would be anxious to annex the hero of the town's coming sensation. Neither would clients be eager to put their affairs into the hands of a young lawyer who had made so hopeless a mess of his own, thought David.

"But just now," he went on desperately to Hatch. "if you can spare a few moments I'd like to tell you——"

This, of course, was the time. Hatch would never be in a more receptive mood even though he wore for the moment the resentful look of a Santa Claus whose gift had been unappreciated.

The bell on the telephone on Hatch's desk sang a soprano solo, and the lawyer, grasping the receiver with a curt "Yes" listened to the monologue that poured into his ear, his pink face steadily brightening.

"I'll be there in twenty minutes," he proclaimed as the monologue ceased, and he turned to David with an expression he vainly tried to make judicial.

"I've got to leave at once," he hurriedly explained as he replaced the receiver and swept into a big drawer the papers on the top of his desk, "to meet some clients. What you have to tell me will keep till tomorrow, won't it?"

"Yes, sir, of course. And I can't express——" David's sensations were those of a trapped animal that sees the trap fly open. He was extremely grateful to the "clients"—three of Hatch's friends who were in the habit of getting up a little rubber of bridge at the club at five o'clock several afternoons a week. Hatch's face softened. He had always liked this good looking, upstanding young chap.

She was already dressed to dine downstairs.

"I'm off, then," he said heartily. "Come in tomorrow right after lunch. In the meantime, talk things over with Dorinda. Good-by."

David opened the door into the hall for him and was stepping back when Hatch stopped, his good humor now wholly restored.

"One thing more," he said. "I haven't told you how much we appreciate the hustling you're doing these days. You have always been more than reliable, but since you came back Kimball says you're 'eating' your work. Given the same conditions most young fellows would have felt justified in lying back on their oars."

"Thanks. I've been away a good deal, you know——"

"Forget it. You've more than made up for it"

Hatch hustled off and David returned to his work with a huge interrogation point in his brain. He would have given four years of his life to know whether that offer of a partnership came because of his work or because he had married Dorinda Maxwell. He knew he deserved the tributes to his industry of late especially, he had worked with the desperate purpose of conquering worry as work alone can do. He knew that this work itself was intelligent and efficient. But there was every chance that in normal conditions the members of the firm would have taken this and his fine fury of labor as no more than their due. He would never know how much, if at all, his effort and ability accounted for this opportunity. And what difference did it make, since the opportunity itself was merely a momentary mirage? And where now were the high ambitions he had cherished and which the Butterflies had scorned?

When he reached home Warren had a surprise for him. The patient was to dine downstairs. She was already dressed, and dinner was to be a little earlier than usual with Warren as an added attraction.

"She says I needn't go home to dress, so I'll freshen up in your quarters and take a final look at your arm while I'm there. Unless I'm very much mistaken you can leave off the splints hereafter."

The condition of the arm gratified him and he moved his hands up and down its length with a mock sigh.

"As a source of steady income I'm afraid I can't depend on the Goddards any longer," he conceded. "I've held Dorinda back a little for two reasons. One was that her nerves were shot to pieces and she needed the rest and medication. The other was that I thought it would be rather neat to dismiss you both at the same time. Don't tell her anything about the arm till she comes downstairs and sees for herself that it's out of its cradle. Maybe the discovery will cheer her up. Miss Allen has gone, leaving you her blessing," he went on, expansively. "I've got to have her on a new case tomorrow, and she wanted a night with her family before she started."

David's face blazed. Confound these doctors, any way, with their isinglass diplomacy! Probably Warren would look knowing all through dinner and would leave early with a paternal air that tempted his host to kick him down the front steps. At dinner, however, the host admitted that he had done Warren an injustice. The physician was at his social best. He was as useful as a cheer leader in the moments when Dorinda was exclaiming over the uncradled arm, and later, at the table, he led the conversation, though both David and Dorinda talked with increasing ease and zest. Subsequently Warren sent a tribute to Kate which Annie repeated to that functionary almost with tears.

"Such a nice man," Annie sighed. "We'll miss him awful now he ain't comin' here reg'lar. We'll miss Miss Allen, too."

Kate remained indifferent to this final loss. The doctor was a man and a little bit all right, but she for one had enough of trained nurses and their trays.

"We're goin' to be awful lonesome," Annie gloomily predicted. "With Miss Kitty gone and the two young men not comin' no more——"

"And you a-tellin' me you was leavin' hevery time they did come," Kate mildly reminded her.

Annie sighed. Her emotions, though she could not have analyzed them, were much like those of world workers after the war. Conditions had been terrible and her soul had qualified under them; but she did not quite see how she was to adapt herself to the peaceful years ahead.

Good Morning!

Here you have a South American mystery story that is really quite mysterious. WHY won't the mean, whiskered guardian allow his pretty ward to go into the chapel of her own home?

Ah, lucky indeed for her that the brave young ship's doctor who, believing he has killed a man, seeks refuge on her island!

The story is full of whispers, peekholes, pussyfootings, and backward lookings over shoulders. It exudes "Hists!"

It has suspense. It has action. It has moonlight and roses and comedy.

This last is introduced by Jules Cowles as a worried colored gentleman from Alabam' and a wee monkey which conceives a fondness for him, following him whither he goeth, despite the dark gentleman's frenzied protests. A spectacle of one sided devotion that is really pretty funny.

Malcolm McGregor and Dorothy Devore are most attractive leads. Other rôles are capably handled and the production is quite artistic in spots. It's unfortunate that a better print wasn't available. It is blurry in places.

Norman Kerry, who, it was announced, had lost his voice, came out and took a bow. (I'd lose my voice, too, if I ever had to get out on a platform.)

See you tomorrow!

CLOSEUPS.

Mrs. Charles H. Swift Steps Back Into Role of Famed Claire Dux

BY EDWARD MOORE.

By appearing in joint recital with Efrem Zimbalist, the violinist, at Orchestra hall last night Mrs. Charles H. Swift became again for a few moments Claire Dux, exquisite singer and fine artist. In fact, she used the old name, the one that has given her professional recognition all over two continents.

She made two brief appearances, two groups of songs, one in German and containing one of the loveliest songs ever written, Erich Wolff's "Irmelin Rose"; the other in English and not ranking quite so high. But German or English, they were all sung with the same charming sincerity of art and just about the same charming voice. Wherefore applause ran high.

It also ran high for Mr. Zimbalist—almost too high. It has been nearly two years since last he played here and in the interval he has in great part transformed himself, has shaken off the veil of reserve that used to stand between his remarkable playing and his audiences. He made a hit last night but he was due to catch a train to go to Havana. So he played as many encores as time would permit, took several bows, the last with his overcoat on and his hat in his hand, and disappeared. The audience went on applauding. They were still applauding at the time he must have been stepping out of his taxi at the railway station.

The Gordon String quartet, well on the way to being a chamber music organization of the first rank, gave a recital in Orchestra hall foyer in the afternoon with the Flonzaley quartet as part of the audience. A Fauré quartet and a set of variations by Daniel Gregory Mason were played for the first time in Chicago, and a Mozart quartet for the first time that afternoon. The Fauré work had an interesting first movement, a fine second, and a disappointing third. The Mason variations are on a theme of chorale nature by John Powell. They started excellently, and kept it up for some time. But finally, as happens only too often, the composer made an effort to squeeze out too much melodic juice when only a limited amount was there.

Rudolph Reiners, a new member of the violin section of the Chicago Symphony orchestra, gave a recital at Kimball hall last night, beginning his program with a certain hitherto unheard "Fantasie" by Schubert in many movements, which he played with Isaac Van Grove, the pianist. Its disinterment will not add much luster to Schubert's reputation, but it gave a chance for a good deal of clearly and well played melody and a certain amount of technical display. There are better pieces for both purposes.

The Inquiring Reporter

Every Day He Asks Five Persons, Picked at Random, a Question.

The Tribune will pay $5 for each question accepted for the Inquiring Reporter to ask. Send name and address with your question to "The Inquiring Reporter," Chicago Tribune. For today's question Mrs. E. Allen, 5753 Calumet avenue, was awarded $5.

THE QUESTION.

Outside of the Live Stock show, what are you most interested in seeing during your visit to Chicago?

The Answers.

I. E. May, Kansas, Ill., farmer—The sights around town. I live on a farm, and the sights—they all get my eye, one thing being about as good as another. I have been driving around a good deal in my auto seeing them. The Army and Navy parade was a great thing, and I guess that's the best thing I have seen so far.

Mrs. Grace Radabugh, Findlay, O., housewife—I haven't taken in any of the sights yet. I was most interested when I went through the packing house—that's what I wanted to see the most. I saw it, and thought it was wonderful. We can't butcher like that at home, nor can like they do.

Herman Trelle, Wembley, Alberta, Can., grain farmer—I am no longer interested in travel. I have done so much of it that I don't care for it any more. But I'll tell you, the damp and smoky air off Lake Michigan does not seem to produce people with the vitality and strength that our own Peace River valley does.

Mrs. D. R. Dukes, Findlay, O., housewife—One of the main things that I want to see is the Field museum. I have heard there are some wonderful things there in the line of wild animals, prehistoric animals, and things like that. They have urged me to visit the retail stores, so I suppose I will have to do so.

D. F. Hayes, Summit, Ill., clerk—Well, if it could be the Army and Navy game I would say the Army and Navy game. I believe the Live Stock show is the big show, and it appears to me that if I see all there is to see and learn right here I won't have any time for outside sights.

Marital Laxity Debate Topic of Presbyterians

National Council Seeks to Tighten Bonds.

BY THE REV. W. B. NORTON.

The question of marriage and divorce will be a live one for debate on the part of Presbyterians until March 9. Yesterday the national council of the church, which has been in session two days at the Fourth Presbyterian church, adjourned to give further consideration to this subject until the March meeting, which will again be held in the Fourth church.

A subcommittee comprising Dr. Clarence E. Macartney and Dr. W. R. Taylor, both of Philadelphia, and Dr. Charles R. Erdman, Princeton, N. J., former moderator of the general assembly, was appointed to prepare the report.

Dr. Macartney, in an interview, attributed the present laxity in marital relations to the current magazine literature, the movies, theaters, and sex liberty in society. He also declared the breakdown by modernists and rationalists of the authority of the Bible as the word of God was responsible in that if people do not regard the Bible as having full authority they will not be influenced by its statements regarding marriage and divorce.

Dr. Macartney is regarded as the leading fundamentalist of the Presbyterian denomination. Dr. Erdman is regarded as equally fundamental in his doctrinal beliefs concerning the authority of the Bible, although not as rigid in matters of policy as Dr. Macartney, while Dr. Taylor is classed among the more liberal leaders.

The entire legislation on marriage and divorce is under consideration. The confession of faith now allows desertion as well as adultery a ground for divorce. Certain in the church want desertion eliminated. A requirement that a substantial period, say, of thirty days, shall elapse between issuing the license and marriage is also being urged. How to slow up the rushing tide of divorce and how to impress this and the coming generation with the seriousness and sanctity of marriage was said to be the aim of the church.

The committee on unrest among the women of the church asked for more time to consider the problem. Some women are demanding the right to preach and others say they will be content if granted more authority in the administration of church affairs. Miss Margaret E. Hodge of Philadelphia made the plea for further time in behalf of the committee.

The budget of the benevolent offering was reduced from $15,000,000 to $12,000,000 with the object, it was said, of raising more instead of less money. The amount raised last year was a little more than $10,000,000. With a smaller budget the effort will be made to raise it in full.

Frank E. Sibley was elected secretary of finance, a newly created office, to systematize and unify all the financial interests of the denomination. Dr. W. O. Thompson, moderator of the general assembly, presided.

Plea to Be Made Sunday for Orphans of Near East

For the purpose of helping the 35,000 orphan children in the near east, and especially those suffering in the lands devastated by the recent Armenian earthquakes, churches throughout America next Sunday will launch a drive for relief funds. Former Gov. Frank O. Lowden is chairman of the drive in Illinois.

Conditions in many parts of the afflicted area are aggravated by the outbreak of cholera and the scarcity of food supplies, according to Frederick J. Michel, executive secretary of the Illinois committee, who said buildings occupied by 9,000 children under the care of the Near East relief are in ruins. George M. Reynolds is treasurer of the state committee.

Wife Dies After Prince Buys Famous Diamond

LONDON, Dec. 1.—[U. N.]—The uncanny curse that is reputed to follow precious jewels struck Agha Khan today only a few hours after he had bought "Golden Dawn," a 61½ carat stone at auction for $27,500. At his hotel a messenger delivered to him this message: "Princess Therese Agha Khan, wife of the famous Agha Kran, is dead."

The princess underwent an operation a week ago but was improving a few days ago when her husband came to London to bid for the huge diamond.

THEATER

"THE OPEN DOOR":

Play, in prologue and three acts, by Walter Lawrence: made known in Chicago (by B. L. Murphy) November 28, 1926, in the Playhouse, with this cast:

Marie Rose	Mabel McCane
Father Desmond	Walter Lawrence
Big Joe	J. C. Carroll
Slinky	Danny Murphy
McGuirk	Fred Morris
Walters	Edward Perkins
English Charlie	Symond Mitchel
Tim	Mark Hart
Mrs. Hogan	Charlotte Wade Daniel
Shannon	Harry Linkey
Mulhall	B. A. Ruyle
Betty	Virginia Chapman
Sylvia	Blossom Baird
George Chesterfield	John Connery

Spottswood	J. J. Shevlin

The foregoing information is obtained from the little booklet carrying the playbill of the theater. Other information therein includes an ad about the polar bears in the Field Museum, an editorial on brown as this season's fashionable color for men's clothing, bulletins of places to go nights for food and dancing, the name of the ginger-ale used exclusively in all performances of "The Open Door," and; *Deo gratias!* a diagram of the exits. . . . The play, I think, is either a subtle argument in favor of a larger police-force or an explanation why the telephone-girls now say "Thank you!" instead of calling Buckingham 8765 after you've asked for Wabash 4321. . . . Yes. . . . Or one might even say, without undue exaggeration, yes, ind*eed!*

News-Notes of the Stage.

"Sisters" will be removed from observation late Saturday night. . . . Nothing else is announced for the Olympic.

"Sin of Sins," also, will be torn from the embraces of the community at that time. . . . The Adelphi will be shuttered till the disclosure of "The Shanghai Gesture," the 28th.

"In This Room," too, ceases with the end of the week to be Chicago entertainment. . . . The Princess, however, will keep up the fight in behalf of the drama without pause: Miss Ethel Waters, with others, will move right in, that they may start not later than 3:00 Sunday afternoon in something named "Miss Calico." Miss Waters I have heard via a disc, which discloses her as a 'way-down contralto who gets what we used to call pash into her singing. And she is the theme in hot utterances of printed laudation by Mr. Ashton Stevens, of Chicago; Mr. Archie Bell, of Cleveland; and Mr. Carl Van Vechten, of New-York.

Mrs. Insull postpones the première of "Dice of God" from the 13th to the 20th. However, "The Runaway Road" will be taken off the 11th, as announced here last Monday; and the dropped week will be used for rehearsals of the new piece.

And the Garrick is to be kept dark but a week after "Sweetheart-Time": Miss Starr and her companions in "The Shelf" have been doing so well that they'll move over into Randolph Street the night of the 12th, when the La Salle will be needed for "Able's Irish Rose."

"Old Bill, M. P.," an attempt by Captain Bairnsfather to recapture the war-fevered popularity of "The Better 'Ole," is junk in New-York: it was tossed onto the pile after Tuesday's performance. . . . Like the American venture with "The Better 'Ole," the show belonged to Mr. and Mrs. Coburn, who used to run round in the wet grass acting the classics at the universities.

Johnson of Rockford, Ill., who speaks on the "Progress and Outlook of Kiwanis International."

G. O. P. Women Organize Idea Clearing House

Illinois Convention Opens Here Today.

Mrs. Medill McCormick, Republican national committeewoman from Illinois, yesterday was elected to head a conference of women of her party from the Mississippi valley states, organized with twenty-five members at a meeting at the Congress hotel, which was preliminary to the fourth annual convention of the Illinois Republican Women's clubs to be held here today and tomorrow.

The aim of the conference is a closer bond between Republican women of the middle western states, to operate also as a clearing house for ideas and to promote the interests of the party. It is expected that many Republican women will attend the first midwestern conference, to be held next year, with Mrs. McCormick as the presiding officer.

Leaders among G. O. P. women from many states attended a dinner given last night by Mrs. McCormick at the Illinois Women's Athletic club for the national committeewomen who are in Chicago for the convention. Many of the visitors will be speakers on the program today and tomorrow at the meetings at the Congress hotel.

This evening the Women's Roosevelt Republican club of Chicago, of which Mrs. Joseph T. Bowen is president, will give a banquet at the Congress at which Frank O. Lowden, former governor of Illinois, and Mrs. Corinne Robinson Alsop, state senator of Connecticut, will be speakers.

Women have made the mistake in their political activities of not being "hard boiled" enough, Miss Martha Connole, woman lawyer of East St. Louis, told Mrs. McCormick's dinner guests. It will not do, in her opinion, for women, either singly or collectively, to deprecate their own interest in things political, nor their ambitions. They must not quibble about their motives in seeking office, but stand firm on their conviction that they are in most instances quite as capable as the general run of masculine politicians.

Other speakers at the dinner were Miss Helen Bennett, Genevieve Forbes Herrick, and Mrs. Corinne Robinson Alsop, state senator of Connecticut, who is a niece of the late Theodore Roosevelt.

Gov. Ross Calls on Sex to Cleanse Politics

Syracuse, N. Y., Dec. 1.—(AP)—Corrupt control of political affairs can exist only so long as women consent to it, Gov. Nellie Tayloe Ross of Wyoming told the New York League of Women Voters tonight.

"They have the numbers," she said, "and they have the power to thwart it. If the women permit themselves to be used by either party to advance the cause of corrupt candidates they cannot escape their full share of responsibility.

"The recent success at the polls of candidates for public office regardless of self-confessed corrupt practices suggests that the women voters in some states failed to repudiate those methods and rebuke them by the ballot.

"The truth is that women, like men, are often so keen for mere partisan or factional triumph that principle is obscured by the desire for party advantage."

"Entertain Me" Is the Constant Cry of the Modern Gal

BY DORIS BLAKE.

Lately I note a tendency among my fair young correspondents to complain about the movies as the only amusement known to their suitors.

"Don't you think he ought to take me to a real theater once in a while?" Or, "Don't you think he could take me to a dance?" Or, "Don't you think he could give me a present?" etc. Such are the complaints.

Knowing something about the high cost of entertainment I marvel that young men on their salaries can do as much for girls as they appear to manage. I marvel more at the miracle working faith girls have in their suitors' salaries when their own prove to have so little stretching power. They expect the young man's weekly stipend to do the impossible, which simply is not fair. The amount of money per week earned by the average young man is not so much greater than that earned by the average young woman, but she can use her salary as a basis for understanding just how far one can make money go.

The movies are the most reasonable form of entertainment, unless it is a club dance. The latter, on second thought, does carry more expense with it, what with tickets of admission, and taxis, which I understand are an expected feature of the evening by a good many girls nowadays. Dancing in a public eating place or a private one makes a considerable inroad on a salary. As for presents, the girl that asks for or expects them has to be dealt with under the head of golddigger.

The idea that I would like to get across to you young complainants is that a man's salary, like your own, is no miracle worker. If you would only use a little more judgment about how to help him spend it, earlier marriage would be accomplished more easily. You can't have your engagement ring and spend it. I would like to hear more complaints about how young men do not save their money, how they insist upon spending on theaters, taxis, cafés, and so on and never save a cent. That would indicate a far more wholesome trend among the younger element than what I now hear.

Think it over, girls? Be reasonable. Use your own salary as a standard by which to judge—and show the same mercy toward the other fellow's.

DORIS BLAKE ANSWERS

Evading Him.

"Dear Miss Blake: Five weeks ago I lost track of a girl I will never forget.

"We both moved and the very day I moved I tried to let her know my new address. But I did not find her at home that day. When I called again, she and her sister had moved already.

"A week ago I met her sister again. But they had quarreled and separated, and for some reason, it seems, she declined to inform me of her sister's whereabouts. Might I kindly ask you for your advice in this matter?

"CHARLEY."

It looks as though she were evading you, Charley. It isn't probable her own sister is ignorant of her whereabouts, even though she said so. That hasn't the sound of reason. Make other friends, Charley.

Tribune Cook Book

BY JANE EDDINGTON.

The Prune Season.

If you face the prune season with repugnance you are too tolerant of poor cooking. Correctly treated, prunes are a real confection. They can be made as attractive as a bonbon.

To overcook prunes, and overcooking is common, is to make them unattractive, and more so if they are made ragged instead of being of a nice solid plumpness. To use too much water is somewhat more hateful than to dilute lemon juice too much, and this, too, is common—this dilution of the mild flavor of the prune.

It is a rare thing for correctly cooked prunes to need sugar, but if any is added it should merely be for seasoning—just a bit.

Different sizes of prunes require different amounts of water in which they are best if soaked first—for about twelve hours—and then are gently cooked in the same water. If kept in a warm place while soaking they [illegible] need no cooking.

In preparing prunes for cooking they should be carefully inspected, ragged ones discarded, then washed, and rinsed. If they seem particularly dirty the second water of the washing would best be allowed to stand on them for a few minutes, then rub out each prune from it. Even when but one water is used it is best to rub each prune through the fingers. Keep the prunes covered while they are soaking and while they are cooking also, but in the latter case it is best to leave the cover off rather than to cook them with the water boiling hard.

Instead of using the whole prune, if you do not relish it, try making prune purees. First prepare and cook till the skins are tender. Then, with a knife and fork, remove the pits—the pulp does not stick to the pit of a rightly cooked prune. Sieve the prunes and add pulp to the liquid in which they are cooked. Heated up and served on toast with whipped cream makes a wonderfully gratifying dessert.

Meeting of Big Sisters.

The second quarterly meeting of the Big Sisters will be held tomorrow at 2:30 o'clock in Recital hall, Fine Arts building. Miss Jessie F. Binford will speak and there will be a program of music, directed by Miss Veronica Murphy. Mrs. George V. McIntyre will preside.

Mrs. Chalmers to Have Trio of Interesting Guests for Week End

BY NANCY R——.

Mrs. William J. Chalmers, who entertained Mrs. Edward T. Stotesbury recently, is to have three other interesting guests over this coming week-end.

Mrs. Truman Newberry, Mrs. Henry B. Joy, and Mrs. Edwin Barbour, all from Detroit, and all members of the summer colony at Watch Hill, R. I., where Mr. and Mrs. Chalmers spend part of each warm season, are to arrive on Saturday, for a taste of Chicago's gayeties.

Mrs. Chalmers will give a luncheon and opera party for them on that day, the Charles B. Pikes are having a dinner for them in the evening, and on Sunday, before they return to Detroit, the Harold A. Howards are giving a luncheon.

Besides being one of our skilled social leaders, Mrs. Chalmers is the guiding spirit of the Country Home for Convalescent Children at Prince Crossing. Under her generalship the C. H. F. C. C. is making final preparations for the sale on Monday morning at the Drake of the attractive toys, hooked rugs and other tempting things which these little crippled children make during the year, and from which each of them gets a percentage to add to his personal savings account.

From "Billy" Hubbard, Harvard '28, comes word that the Harvard Instrumental clubs will give their annual concert here at Orchestra hall on New Year's eve. According to Mr. Hubbard, this year's performance is to be more than a concert, really a gala offering such as the old time musical clubs used to present. There will be numbers by the Banjo club, by the Mandolin club, by the "Gold Coast Jazz orchestra," nice light melodies by the Glee club, and some stunts by the Hasty Pudding club.

The boys are scheduled to arrive in Chicago that morning, having given their concert in Milwaukee the night before. That noon the Harvard graduates will lunch them at the HYP club, and until they depart late that night for Buffalo, their hours will be filled with parties.

Day's News in Society

Mr. and Mrs. John Borden gave a dinner-dance last evening for Mr. Borden's daughter, Miss Ellen Borden, at the Borden residence at 1450 Astor street.

The concert of Claire Dux and Efram Zimbalist at Orchestra hall last evening attracted many of the regular opera goers. Mme. Dux, who is now Mrs. Charles H. Swift, was gowned in a white chiffon Lanvin model, and seemed to be pleased with the flowers and applause that she received. The boxholders included Mrs. Frederic W. Upham, Mrs. Cyrus Bentley, Mrs. Alden B. Swift, Mrs. Charles H. Morse, Mr. and Mrs. William H. Roehms, and the Frederick Stocks. Mr. and Mrs. Leeds Mitchell, Mr. and Mrs. Henry Bartholomay, Mrs. Robert MacArthur, Mr. and Mrs. Hugh Garden, Mrs. Americus F. Callahan, Mr. and Mrs. Robert M. Curtis, the Kellogg Fairbanks, Mr. and Mrs. Max Adler, Mr. and Mrs. Henry C. Olcott, and the R. E. Sturtevants were also in the audience.

The St. Chrysostom's Episcopal church annual bazaar will take place today. The sale will be carried on all day. There will be an entertainment for children from 4 to 5:30 o'clock, dinner served by the social service committee from 6 to 8 o'clock, and a dance given by "Some Young People" under the direction of Miss Bluford Richardson from 6 to 11 o'clock.

Miss Winifred Smith of 1200 Lake Shore drive is to give a luncheon on Dec. 18 for Miss LaVerne Louer.

The Ronald P. Boardmans of 1620 Ridge avenue, Evanston, have sent around cards to their friends informing them of their change of address to Edgewood road, in Lake Forest. They have named their new residence Bradford Oaks. Mrs. Boardman was Miss Frances Robinson.

Mr. and Mrs. J. Allen Haines are to arrive in Chicago on Dec. 15 for their annual six weeks' stay. They are to be domiciled at the Ambassador. They have moved into their new "house on the roof" apartment at 119 East 84th street, New York.

Mrs. Frank C. Letts of Washington, D. C., is to arrive on Dec. 20 to visit Mr. and Mrs. John Borden for a few days. When the latter depart for their place in Mississippi, she will go to visit her other daughter, Mrs. George F. McLaughlin, in Lake Forest.

Sorority Card Party to Help Yale Charity

Miss Iva Herman, 5922 Michigan avenue, is chairman of the committee in charge of arrangements for a card party to be given by the Alpha chapter of Lambda Alpha Sigma sorority on Saturday afternoon at 2 o'clock in the south dining room of the Edgewater Beach hotel. The proceeds of the affair will be used to provide holiday baskets for needy families.

NEW YORK SOCIETY

New York, Dec. 1.—[Special.]—Mrs. J. Horace Harding of 955 Fifth avenue, who has spent the last several months in California, will return this week by way of the Panama canal, accompanied by her daughter, Mrs. Lorillard S. Tailer, whose home is in Burlingame, Cal.

Mr. and Mrs. J. T. Johnston Mali will give a dinner party at their home, 116 East 79th street, on Dec. 7, and take their guests to the concert at the Town hall.

Mr. and Mrs. George Higginson Jr. and Miss Lee Higginson of Lenox, Mass., sailed today on the Duilio.

Mrs. John Austin Black has issued invitations for a luncheon party at Sherry's on Wednesday, Dec. 8, for her debutante niece, Miss Jean Stevenson Graves, daughter of Mr. and Mrs. Edward Hale Graves of South Orange, N. J.

Society at the Opera

The first performance of "The Jewess" given on a subscription night brought out a brilliant mid-week audience. No vacant places marked the box circle.

In the center of the horseshoe Mr. and Mrs. Robert McGann had a box party, which included Mr. and Mrs. Walter Brewster, Mrs. Joseph Winterbotham, and Edward H. Bennett.

Mayor Dever and Mrs. Dever were with the Julius Rosenwalds, and Mr. and Mrs. M. E. Greenebaum completed the party.

Mrs. Cornelius Peter Van Schaack had a party consisting of Mrs. Thomas Newgard, Mrs. Hope Thompson, Mrs. Nellie Hardin McCoy, and Mr. and Mrs. Alfred C. Tyler.

Mr. and Mrs. Stanley Field had Mr. and Mrs. Ernest R. Graham, and Mr. and Mrs. L. A. Downs as their guests.

With Mr. and Mrs. Charles A. Munroe were Mr. and Mrs. Lawrence Viles and Mr. and Mrs. Francis R. Dickinson.

Mr. and Mrs. Francis Jewett Johnson, Mr. and Mrs. Alfred Hamill and Mr. and Mrs. Chauncey McCormick were together.

With Mrs. Joseph M. Harris were Mr. and Mrs. Eli Daiches, Mr. and Mrs. Leo Loeb, and Mrs. Meta Cahn.

Play Producing Co. Luncheon Guests of Mrs. Arthur Ryerson

Mrs. Arthur Ryerson's luncheon given yesterday at the Palmer house for the members of the Chicago Play Producing company was a huge success, financially and socially speaking.

The plans of the company, which include a presentation of "Periphery" and Eugene O'Neill's "Lazarus Laughed", were outlined by Arthur Bissell, president; Mrs. Ryerson, Mrs. George Porter, Marion Gering, director, and Thomas Woods Stevens, head of the dramatic department at the Art institute and the Goodman theater, with whom the Chicago Play Producing company will coöperate. After this a committee was formed pledged to raise the twenty-five thousand dollars necessary to underwrite the presentation of "Lazarus Laughed" next spring.

Among those present were Mrs. Howard Linn, Mrs. Samuel T. Chase, Mrs. Jacob Baur, the John Bordens, the William V. Kelleys, Mrs. J. Hamilton Lewis, Mrs. Samuel Rinaker, Miss Dorothy Schmidt, Mrs. John Chapman, Mrs. Mitchell Follansbee, Mrs. Edward Litsinger, the Francis T. A. Junkins, Mrs. Richard Folsom, Mrs. Helen Walton, Miss Helen Bennett and Miss Estelline Bennett.

The committee in charge of the promotion of the Chicago horse show, to take place from Dec. 7 to 11 at the Riding club for the benefit of the Illinois Children's Home and Aid society, will meet this afternoon at the residence of Mrs. Waller Borden of 1020 Lake Shore drive.

When NESTLÉ'S flew to the North Pole

Suddenly the world was amazed! An airplane had reached the North Pole.

On board, as part of the emergency ration, and vital in case of a forced landing, was Nestlé's Milk Chocolate. And even when it was necessary to lighten the cargo, to discard every needless ounce, Nestlé's was retained.

Nestlé's Milk Chocolate is so rich in concentrated energy, so nourishing and appetizing, that the commander of the Byrd Arctic Expedition considered it a necessity.

WASHINGTON SOCIETY

Washington, D. C., Dec. 1.—[Special.]—The Vice President and Mrs. Dawes returned to their Washington home, at 1620 Belmont road, this morning, after a long absence through the summer. Their son, Dana, is in school at Lawrenceville, N. J., and their daughter, Virginia, is still in the Evanston school, but will join them here for Christmas. The Vice President's secretary, E. Ross Bartley, and Mrs. Bartley returned with Mr. and Mrs. Dawes and are established at Chatham Court for the winter.

Mrs. William Mather Lewis, wife of the president of George Washington university, formerly of Chicago, and Mrs. Wallace Radcliffe, formerly of Detroit, were the principal helpers in the bazaar held this afternoon by the Woman's Guild of the Georgetown Presbyterian Church.

The Rev. Albert Evans and Mrs. Evans of Evanston, Ill., have taken an apartment in Cathedral Mansions, South, and will spend the winter in Washington.

Representative R. W. Sproul and Miss C. J. Sproul, his daughter, have arrived and are at the Cairo for the winter.

St. James' Church to Hold Bazaar Today

Mrs. Albert W. Harris is general chairman for the bazaar to be given by the Women's guild of the St. James Methodist Episcopal church today. Mrs. Frank W. Hawes is co-chairman and Mrs. Philo A. Orton is president of the guild. Mrs. James E. MacMurray is in charge of the tea to be served at 8 o'clock this evening at Harris hall. The affair is the first of its kind to take place since the completion of the new church building.

Getting the Right Rouge and Lipstick for Blonde Beauty

by

"What is the right lipstick color for a blonde to use? Also, what color of rouge and powder?"

The right coloring in lipstick is far harder to get than in rouge or powder. There are not as many varying shades of lip coloring, for one thing, although there is not a conceivable shade of red that has not been tried out by lipstick manufacturers. Unlike powders and rouges, they are always one color—red.

It is much more difficult to match up the complexion with a lip stick, and I doubt if many women, judging from lips seen about, make a conscientious effort to get a color that belongs with the color in the cheeks. Too, we have gotten into the habit of thinking of the lips as a feature quite apart when it comes to applying the makeup thereon. You see brunettes with a gypsy powdering applying the lip salve in a shade of brilliant pinky-red. And you see the pink and white blonde with her face delicately tinted and her lips of a deep blood red.

The rule for correct makeup, which should apply to all women except that outstanding few who may be extremists in everything from makeup to shoe buckles and be it fetchingly, is the shade that will give its user's lips the most natural color, that will not war with the complexion and—an awfully important consideration—that will make her teeth appear whiter. The effect of a sharp color next to the teeth often succeeds in making them appear yellow and, not dirty, but "shady." Even though the teeth are of a brilliant whiteness the wrong color of lipstick will effect an off-color of the teeth. So that the only way one can get the right shade is to experiment with a number of different colors until one finds the perfect one.

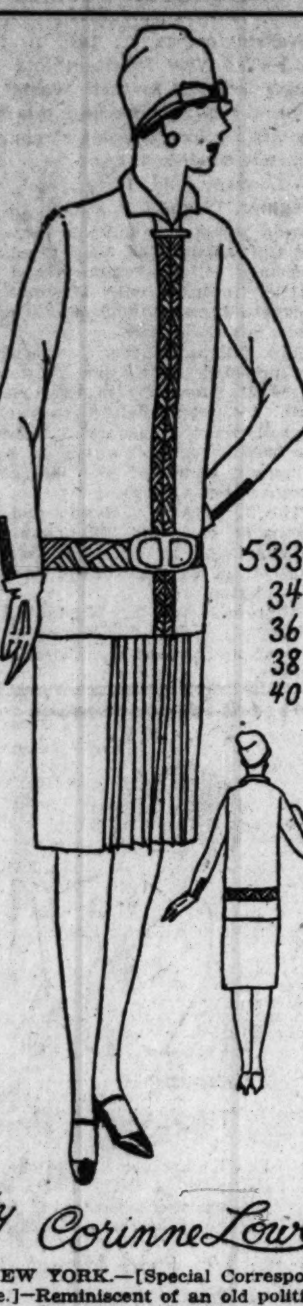
Most blondes are characterized as pink and white, whereas there is a great deal of yellow in the average blonde skin—more of it than pink. So the proper shades of rouge and face powder are those that enhance the creamy coloring.

BEAUTY ANSWERS

MISS R. H.: TOO REPEATED tanning and burning of the skin is damaging to its texture. Before going out into the sun massage cold cream into the skin and dust with powder. This acts as a protection. The following formula has no harmful ingredients and has proved effective in many instances: Lactic acid, 1 ounce; glycerin, 2 fluid ounces; tincture of benzoin, 2 fluid drams, and water enough to make sixteen fluid ounces.

HELEN G.: THE CUTICLE SURrounding the nail should be pushed back after washing the hands. Several times a week use an orange stick for this purpose. Where this cuticle is very dry it may be softened by applying vaseline or cold cream at night before going to bed and allowing it to remain on. Complete manicuring instructions may be had for a stamped addressed envelope.

When in Doubt Use Silver for Trimming



by Corinne Lowe

NEW YORK.—[Special Correspondence.]—Reminiscent of an old political campaign is fashion's slogan this year. Free silver! For there never was a freer use of silver in the creation of costumes. Bands of silver trimming run gayly up and down our coats, our afternoon and street dresses, and even our hats. Then there is the omnipotent slip of silver lamé over which are posed velvet, chiffon, tulle, and crêpe in the execution of evening and formal afternoon costumes.

To the frock we are showing today silver trimming offers that essential touch of distinction. Developed on the two piece theme, the dress sponsors a smart, turn back collar and front plaits in the skirt. The tight plainness of the blouse gives it the effect of a jacket—an effect enhanced by the silver bandings down the front closing, and by the silver belt fastened with a large silver buckle. Another touch of the same trimming appears on the straight cut sleeves. This ornamentation is particularly effective against the soft, rich green of the kasha.

Kasha maintains all its former prestige this season. At football games it appears to be the favorite fabric. Under those plaid, fur trimmed sports coats, or the more elegant fur wraps, kasha frocks in solid reds or greens or in natural color with scarlet or gold belts take precedence over all others. When you remember how long it wears, how well it cleans, and how warm and soft it is, such devotion to this material is not surprising.

Bright Sayings of the Children

The Tribune will pay $5 for each childish saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Write on one side of the paper. Address bright sayings to Aunty Bee, The Tribune, Chicago.

My little daughter, aged 7, has heard us discussing the queen. At breakfast one morning she saw the headline, "Marie Weeps for Roumania," and said sympathetically, "Why, she can go any time she wants." F. B.

Bonnie had been bitten by the neighbor's Airedale and was rushed immediately to the doctor. As her mother replied negatively to the question, was the dog mad, Bonnie exclaimed, "He must have been a little peeved or he wouldn't have bit me." A. L. V.

Little Marjorie's cousin was visiting her and she was intrusted with the task of taking him out for a walk. But when admonished to be very careful the little miss said, "O, I'll take care, all right; I isn't a growed-up for nothin'." D. I. F.

'Big Parade' Marches Into Paris and France Loves America Again

[Copyright: 1926: By The New York Times.]

PARIS, Dec. 1.—America's "Big Parade" marched into Paris this evening and with it America's doughboys marched back into the hearts of the French people who witnessed its thrilling opening. The audience included veterans of the French and American armies, their wives and children, members of the French government, and representatives of the United States embassy. A more appreciative audience would be difficult to gather together, and from the way the picture was received every French audience that sees it will be an appreciative one.

To a veteran who has been there, "The Big Parade" is inspiring and heart rending. A special score with old war songs and instruments imitating the noise of battle, army traffic, and familiar bugle calls, carries the audience along on the wings of reality. When the endless stream of trucks bearing the soldiers forward are shown, the spectator is forced to believe he is traveling with a human throng. When the soldiers brave shot and shell, the spectator, too, looks around for the better hole.

One remarkable feature of the picture as shown here is the inclusion of several hundred feet of French films taken during the war in both French and American sectors and which never have been shown in public before. Gasps and sobs were heard on every hand and few could restrain tears. At the parting scene between the American boy and his French sweetheart a number of women were so overcome thay had to leave, but most of the audience were riveted in their seats with pulses beating in unison with those of the characters in the picture.

Among the guests tonight were Minister of War Painleve, Minister of Education Herriot, Gen. Gouraud, Count de Jean, recently considered for the Washington post; Marcel Heraud, president of the Fidac; Louis Marin, minister of pensions; Leygues, minister of the navy; and Premier Poincare.

Col. Bentley Moot, United States military attaché representing Ambassador Herrick, officials from the embassy and consulate, members of the American Legion, and chiefs and members of the French veteran and disabled soldier organizations were also in attendance.

EMBARRASSING MOMENTS

The Tribune will pay $1 for every letter published on "The Most Embarrassing Moment of My Life." Address Embarrassing Moments, Chicago Tribune. Write on one side of the paper. No manuscript returned.

Scared Away.

One evening while sitting in a moving picture theater, my hat rolled out of my lap. I stooped to recover it from where it lay in front of me, but I had no more than touched it when the silence was broken by a bloodcurdling shriek.

I let go of the hat and sat up with a jerk.

"Someone has my ankle," shrieked the woman in front of me.

Needless to say, I left the theater at once and without my hat. D. S.

READ EVERY WORD OF THIS AD!

Here's an amazing opportunity! Here's the key to a good position! An extra pay check every week!

WHETHER EMPLOYED OR NOT, you can't afford to miss this opportunity, so make up your mind to answer this ad. Don't "grope in the dark," dreaming of extra money. You don't have to "pound the pavements" or go off on a "wild goose chase." Every ambitious gentleman in the city of Chicago would be glad to avail himself of this splendid opportunity if he only knew the facts. You don't need experience and YOU WON'T BE ASKED TO SELL ANYTHING. Briefly, the world's greatest automobile manufacturer has undertaken a new venture [an expansion of the automobile manufactory and the manufacture of aircraft] and this has created a new department in this well known firm, and if you realize the absolute necessity of earning more money each week and the practical advantages of becoming a member [either part or full time] of this well known institution we will put you in a good paying position if you will really devote your spare time [or 1 hour a day] in our work. If you are over 25 years of age and are at present employed in some legitimate work, you will be given the utmost consideration; $35-$50 WEEKLY, and ordinary common sense the only requisite. Remember, there is NO RED TAPE about this, and successful applicants will immediately earn an extra weekly income from the moment their names are placed upon the pay roll, while still retaining their present positions. Now if you really need money don't hesitate. Clip this ad and answer in person. Ask for GENERAL MANAGER, ROOM 1319, 105 W. MONROE-ST. [S. W. CORNER CLARK AND MONROE] AT 8 O'CLOCK SHARP, FRIDAY EVENING, DECEMBER 3D. Only ambitious and sincere people need apply. Come regardless of weather. Don't let bad weather cheat you out of an opportunity like this. Remember, this ad runs until Friday. So make up your mind to answer on time.

MAN

capable of interviewing both men and women. Must be ambitious and qualified for executive work. Prefer married man, 25 to 40 years of age, who has some sales ability. This is a position of trust, therefore references required. Apply in person to MR. BATES or MR. ROBERTS, 3d Floor, 105 W. Monroe-st.

CAR FURNISHED.

We want several energetic men for special work in Chicago; must be over 25 years old and have an earnest desire to better their financial condition.

Closed cars will be furnished for business purposes without charge.

No experience necessary, as we train you and co-operate with you until you feel that you are able to handle the work.

Call after 10 a. m. Thursday or Friday.

READ EVERY WORD
OF THIS AD!

Here's an amazing opportunity! Here's the key to a good position! An extra pay check every week!

WHETHER EMPLOYED OR NOT, you can't afford to miss this opportunity, so make up your mind to answer this ad. Don't "grope in the dark" dreaming of extra money; you don't have to "pound the pavements" or go off on a "wild goose chase." Every ambitious lady in the city of Chicago would be glad to avail herself of this splendid opportunity if she only knew the facts. You don't need experience and YOU WON'T BE ASKED TO SELL ANYTHING. Briefly, the world's greatest automobile manufacturer has undertaken a new venture [an expansion of the automobile manufactory and the manufacture of aircraft], and this has created a new department in this well known firm, and if you realize the absolute necessity of earning more money each week and the practical advantages of becoming a member [either part or full time] of this well known institution, we will put you in a good paying position if you will really devote your spare time [or 1 hour a day] in our work. If you are over 25 years of age and are at present employed in some legitimate work, you will be given the utmost consideration; $35-$50 WEEKLY, and ordinary common sense the only requisite. Remember, there is NO RED TAPE about this and successful applicants will immediately earn an extra weekly income from the moment their names are placed upon the pay roll, while still retaining their present positions. Now, if you really need money, don't hesitate. Clip this ad and answer in person. Ask for

GENERAL MANAGER,
ROOM 1319, 105 W. MONROE-ST.
[S. W. COR. CLARK AND MONROE.]
AT 8 O'CLOCK SHARP FRIDAY
EVENING, DECEMBER 3D. Only
ambitious people need apply.

Come regardless of weather. Don't let bad weather cheat you out of an opportunity like this. Remember, this ad runs until Friday, so make up your mind to answer on time.

LILA FARRELL

has picked many ladies for us for the past three years.

We have a special ladies' department and all applicants are personally looked over by Lila Farrell—nationally known character analyst—so that she can determine who are best fitted for our special work.

This service is free and should mean a great deal to you. Miss Farrell is very frank in telling you all about your strong points, as well as your weak ones.

Below we show the actual earnings for 11 days of some of the ladies that Miss Farrell has selected:

Mrs. Davis	$1,539.90
Mrs. LaBarge	970.00
Mrs. Phelps	878.70
Miss Glatfelter	428.60
Miss Hilligoss	349.00
Miss Sharshall	199.50
Miss Simon	122.40

Some of the ladies are married and devote only part of their time to business; many never had any previous business experience; under Miss Farrell they are successful and make money.

Come in any time after 10 a. m. Friday and let Miss Farrell tell you about yourself. Meet the ladies mentioned above and convince yourself that you can do as well.

ROOM 922,
77 W. WASHINGTON-ST.

MEN AND WOMEN.

Goethe Shore
61 E. GOETHE-ST.
Stoneleigh Court
1250 STONE-ST.

Gold Coast Luxury at the Price of the Ordinary Kitchenette Apartments
$20 Per Week to $225 PER MONTH

No other residential district in the world, not even the magnificent Park-av. section of New York City, can compare with the wonderful possibilities of the Goethe-st. and Stone-st. corner.

Diagonally across a vacant lot or two lies the world famous Potter Palmer mansion—within a stone's throw a little to the south is the Edith Rockefeller McCormick residence—catercorner across the street is the world renowned Drake Hotel.

Prices Extraordinarily Low

Now for probably the first time in Chicago's history, it will be possible for the citizen of moderate means to live on the Gold Coast, within walking distance of his desk in Chicago's loop.

Waiting List Occupancy Soon

The Goethe Shore and Stoneleigh Court offer Gold Coast Apartments almost within a stone's throw of Chicago's most pretentious hostelry—the Drake—at prices you would expect to pay in outlying neighborhoods.

It is a foregone conclusion that we will have a waiting list occupancy.

See 61 E. Goethe-st. and 1250 Stone-st. Now

A telephone call to Mr. Olson or Mr. Smith, Delaware 0302, will receive immediate and personal attention.

There is no gift more ideal than a motor car. It is useful, convenient, and brings joy with every day of the year. If the car is for yourself, the entire family, or any member of your family—and you have from $775 to $1,250 to spend—you will find just what you want in our stock of used Type 61 Cadillacs.

They will give you more miles of satisfactory transportation and comfort than any new car of the same price. They are reliable cars—61s have always been known for their quality. They are cars which have been turned in as part payment on new Cadillacs—put into good running order, cleaned inside and out, and equipped with good tires. The more desirable of them have new paint, and are sold with a 30 day warranty. All of them can be bought on the GMAC time purchase plan—which is the most economical in existence.
